CLASS OF 1940

DANA M. COTTON

TO Mr. Cotton, whose friendliness and willingness to help have meant so much to us, we dedicate our year book.

FACULTY

WADE L. GRINDLE
PRINCIPAL

Our Instructors

MR. BERTRAM A. ALBRO. Seven days a week Mr. Albro turns Latin, a dead language, into a very much alive one by his intimate knowledge of the subject, the pupils, and jokes. With small sallies he coaxes dactylic hexameters and contrary-to-fact conditions in indirect discourse from the students' mouths. When persuaded to talk about them he speaks of his adventures and experiences as a teacher in the Philippines many years ago. Long after they have forgotten their gerundives or passive periphrastics his students will recall his classes with interest and pleasure.

DR. OTIS E. ALLEY. Roll a magician, scientist, railroad fireman, moving picture operator, and an engineer into one and you have a general idea of Dr. Otis E. Alley, one of the school's most versatile and intelligent teachers. The foundations of our science department rest on him and on his locomotives, which demonstrate everything from the center of gravity to kinetic energy to his physics students. Behind a poker face lies an intimate knowledge of students and college boards, and he can't be fooled on either. However, it is not until one enters his classes that one gets to know, appreciate and like Dr. Alley.

MISS FRANCES G. ALLISON. "Do Pineapples grow on trees, in bunches, or do you pull them up like potatoes?" Such are the questions that our quiet, little, intellectual Miss Allison must answer. Good thing she's patient and good-natured! Miss Allison is seldom seen in the halls for she is always working. It's unbelievable that anyone could work as hard as she does, always accomplishing things with dispatch and efficiency. We tell you she's wonderful.

MISS MARION W. BAILEY. Drama in the classroom and zip in the English course get the Freshmen off to a flying start under Miss Bailey. The driving force behind the Dramatic Society, knitter of superlative suits, exponent of Charm-plus, and the possessor of more energy than an electric dynamo, she could persuade a monument to play Romeo, with fervor. A swell person!

MR. EDWARD A. BARTLETT. Hollywood isn't the only place where there's a Robert Taylor; there's one in dear old Winchester High — "Bart"! Besides being blessed with good looks, "Bart" has a universally famous magnetic personality; fine sense of humor; pleasant disposition; and the ability to keep his students interested for hours at a time. He can play and referee almost any game, and is especially skillful in football and basketball. To put it in a nutshell, he's an all-round "swell" fellow.

MISS RUTH BENNETT. Before school every morning, you can see a tall, attractive figure calmly pacing the first floor corridors. It is none other than Miss Bennett, a brown-eyed beauty with a whip-cream complexion, dimpled chin, and pretty blush. From the time school begins, until school is over, Miss Bennett is full of smiles. As for teaching ability, she's tops, for her students prove to be expert typists in the business office.

MISS HELEN BRONSON. It is very seldom that one is so fitted for the position she holds as is Miss Bronson, who is at the head of our Commercial Department. Miss Bronson is the cheerful, charming, business-like sort of person that could fill almost any kind of position successfully as far as personality and efficiency are concerned. As head of our Commercial Department, she has a great responsibility — that of placing capable students in positions, and this she does conscientiously and well. Our class will always remember Miss Bronson.

MR. ARTHUR E. BUTTERS. To Mr. Butters is delegated the task of drilling the theorem of Pythagoras into the heads of second and third year mathematics students, and solid geometry into the heads of those who have hung on for four years. The unfortunate fellow who "has forgotten" to do his homework usually finds himself the butt of the class after a sly comment by Mr. Butters. His guiding hands, with those of Mrs. Stacy, are behind the success of our Junior-Senior Prom. Whether skiing over New Hampshire slopes, or wading through a tough original, his good humor and jokes never fail to keep the students interested.

MISS GERTRUDE CARMICHAEL. Endowed with one of the sunniest dispositions in the school, Miss Carmichael is popular with both the girls and the boys. Her Latin and mathematics classes are some of the most popular classes in the freshman course. Although those keen laughing eyes of hers miss little of the class-room pranks and fooling, such things are usually greeted with a laugh rather than a seventh period. One of the pupils' best and merriest friends, she makes the transition from the Junior High to the High School easier.

MISS BETH CLARK. This lovely teacher who presides over Business English and French in the Wadleigh Building is Miss Clark. This slim, well dressed young lady is very popular, and an excellent teacher. She adores animals, dogs especially. Anyone who has tasted her lemon meringue pie or chocolate cake is a better man forever after! She likes poetry very much, and has a pet collection of antiques. We appreciate greatly the fine work she has done in her two years at Wadleigh.

MR. F. MEREDITH COOPER. Mr. Cooper is that debonair gentleman who resides in Room 17, where he makes his European History and Problems of Democracy classes long to be remembered. He is the mild-mannered person

he appears to be, and is a friend to everyone. He hates getting angry, so his classes are always enjoyable. Coming to Winchester High from Connecticut last year, Mr. Cooper has won a favored place in our school and has become one of our most popular teachers. After completing a year in one of his classes, everyone will agree that he is a grand person.

MR. DANA M. COTTON. Popularity plus, that's Mr. Cotton, not only because of his genial temperament, but also because, in the capacity of Vocational Advisor, he has his hand on the pulse of after-graduation jobs and schools, and is a good friend to have. Although it's rather tough on the under-classmen, we seniors feel relieved that he saw us through the diploma stage, anyway, and wish him all the luck he deserves in his new job as Vocational Guidance Director for the State of Maine.

MR. FREDERICK DELZELL. Our pleasant young orchestra conductor has a heaven-sent talent for being able to curb the trumpets' enthusiasm and at the same time persuade the timid violin section to really "give". And to do it without disturbing even the most temperamental musicians—well, we call it genius. The class of 1940 has followed Mr. Delzell through all four years, and seen the annual orchestra concert become one of the most popular assemblies.

MISS DEBORAH FENTON. For the first few weeks of school, our new girls' gym teacher was often — picture the embarrassment — taken for a pupil. That stage is over now, and we have learned that that youthful exterior and pleasant smile belong to a highly efficient and well-liked athletic coach, who saw every girls' team through a very successful year. Inspired by her pep, our girl athletes zoom down the field like demons and chalk up victory after victory for the school and Miss Fenton, a welcome addition to the faculty.

MISS PAULINE GOODRICH. "Art first, art last, and art always", that's Miss Goodrich's motto and a most successful one. Her art classes are a delightful combination of pleasure and work. She is a positive genius with a pencil doing any number of marvelous sketches with 4H's and HB's. Miss Goodrich will always tell you where to find Rockport's "Motive Number 1" and "the most attractive covered bridge in Vermont" so you can try your skill in black and white. Melrose lost a grand teacher and person when it lost Miss Goodrich, but Melrose's loss was Winchester's gain.

MR. WADE L. GRINDLE. The longer you stay in the Winchester High School, the more you come to realize that the whole feeling of friendliness and understanding between the students and faculty is largely due to the unobtrusive, but very real leadership of Mr. Grindle. Always trying to help the students to help themselves, he advocates a well-rounded school life, and that fact makes our four years here more than just a cramming period, but a worthwhile and pleasurable experience.

MR. SAMUEL M. GRAVES. Mr. Graves is one of the most progressive teachers in the school. Into his ancient history classes he introduces discussions of current political questions, radio, and his own sparkling wit and humor. Students may find his history hard or easy but certainly not "ancient". His other duties go from one extreme, that of being head of the freshman building, to the other, that of being advisor to the senior yearbook. Youthful in appearance and spirit he is one of the well-liked freshman teachers.

MISS VERNE HALL. Luxurious, lustrous hair; eyes that thrill; a satin-like, youthful skin, and all those charms that add up to radiant glamor make up Miss Hall. As a teacher, she is quiet, poised, efficient, and modest. She also has the ability to make two difficult subjects, French and History, easy and interesting. Miss Hall is our idea of the perfect young lady.

MISS MARGARET HANNON. "Buzz", "Thirty-seven", "Yes" — this may seem like an open sesame to outsiders, but to the Winchester High School students it means that Miss Hannon wants to cross-question someone on the subject of where he was the fourth period and why — or it might be that she has a message to relay from a loving parent (be sure to wear your rubbers home, Johnny). But a visit to Miss Hannon is not at all as bad as it seems, for she always makes her reprimands as pleasant as possible so that even seventh periods are welcome when given with her commiserating smile.

MR. RAYMOND V. HAYWARD. Mr. Hayward is usually seen sauntering nonchalantly around the school corridors whistling tunelessly under his breath, or demonstrating a trick to one of the traffic officers. Upon his neat, athletic frame rests most of the work and support of the Athletic Association. The man behind the scenes, he watches both the players and the figures. As a sideline to these activities, he teaches English to the sophomores and seniors. However, his friends remember him as the man with the cigar who plays a smashing game of ping pong.

MISS MARY HUDELSON. Miss Hudelson is the recent addition to the school whose smiling face is seen from 36 in the morning to the typing room at night (apparently she works down). Besides teaching in the commercial department, she also is an avid mountain climber. Her secret joy is whizzing up to see how her new house is — it has many modern facilities such as a duck pond, skiing hills, and trellises. Miss Hudelson will always be remembered by Winchester High School students who have been in her classes for her charming personality and capable management.

MR. ROBERT M. KEENEY. Aside from a great love for long black cigars and baseball, Mr. Keeney is otherwise notable as head of the English Department and whose job it is to persuade reluctant pupils that Wordsworth has "got the stuff". Another idiosyncrasy, much dreaded, is his habit of suddenly remembering that some poor Julius "agreed" to review the first ten volumes of the Encyclopedia Britannica, or words to that effect. The shock is too great for some poor souls, but those that survive retain a humble respect for his English classes all through life.

MISS INEZ KELLER. We really don't see enough of our pleasant brunette Arts and Crafts teacher, for she hibernates up in the art room and teaches would-be craftsmen and women how to make a leather purse look like one, and not like a wastebasket. Miss Keller is always trying original new things before the ink on the directions is dry, and her genuine interest in the crafts and students make her classes a welcome transition from a world of machines into one where painstaking work is worthwhile.

MISS ETHEL KNOWLTON. Dark, chic, and gay Miss Knowlton makes devoted followers of the boys in her first and second year French classes. At the same time, the girls can't help liking this bubbling, irrepressible mademoiselle. The first to be called upon when it is a question of selling tickets or getting ushers, she carries out her work with the same determination and enthusiasm that she puts into her tennis game. Once pupils fall under her spell, they may be found haunting her room after school from their first year with her until long after they have graduated.

MR. GEORGE N. LAUER. Three years ago we acquired a handsome new coach and a smooth dancer, George N. Laner. Since then he has provided Winchester's playing fields with good teams and her dance floors with even better girls. Taking an active interest in the Athletic Association, he has given

us the benefits of his wide experiences as a college leader. He has also introduced a great deal of intramural activity. A rather reserved man, his friendship once gained is sincere and valuable.

MR. OTIS LEARY. Many people forget how much a part of the High School Mr. Leary is. Most of his time is spent in his shop at the Junior High School directing those boys and High School ones in woodworking. He also conducts classes in mechanical drawing and in the fall is a faithful follower of the football team. Quiet and friendly he is well-liked and respected by the boys he helps.

MISS MARY R. MACKEDON. A cheery smile, bubbling personality, and a line to match her new Chevrolet — “ah, c’est si smooth, cheris!” — that’s our Mary Mackedon. Her students absorb irregular verbs and subjunctives like thirsty bath mats, and don’t mind the work in the least. She’s like that, a pluperfect combination of American practicality and French effervescence.

MR. KENNETH L. MEINKE. The question that is first asked by anyone who is attending our school for the first time — especially by members of the feminine sex — is: “Who is that tall and -- er -- ah -- attractive man on the second floor front?” To those who have been here before, that question is all that is necessary to identify Mr. Meinke. In addition to being Winchester High’s Number One Apollo, he conducts classes in English and Latin, and, for the two years that he has been with us, he has coached the Junior-Senior Class Play. It is also rumored that he wields an efficient ping pong paddle and prefers walking to dirtying his lovely green car.

MR. ARNOLD E. NICHOLS. Well, girls — ! It’s too bad he landed in Wadleigh, isn’t it? Seriously, though, he’s doing grand work, teaching Freshmen the fundamentals of Algebra and Science. His varied, miscellaneous collections, including knickknacks such as postmarks, coins, minerals, etc., take up much of his outside time. He had charge of freshman football in the fall, and commanded a great deal of co-operation from the students from doing this so well.

MISS E. GLADYS NIVEN. Miss Niven is our expert dietitian who is responsible for the excellent cafeteria service in our school. In her chic, white uniform, she’s a picture of efficiency and charm. Besides planning the meals, Miss Niven has a personality class; but it seems that she never tires for she always has a smile for everyone.

MISS VIRGINIA R. OWEN. “Miss Owen, may I have an Epic tonight?” To questions like this Miss Owen, guardian angel of our library, begins and ends her days at school. It really takes a super-human mind to know where all the books in the library belong but our angel knows not only this but she seldom fails to tell you who has the book you want. Our “pride and joy”, the library, without Miss Owen would be like a text-book without an index; in other words it just wouldn’t be right.

MISS FLORENCE A. PARKER. A tall, perfect figure, a sweet personality, a voice that is soft and pleasing to the ear — all these describe Miss Parker. As an English teacher, Miss Parker does all she can to improve her students’ grammar, not only in speaking, but also in writing. We shall always love and remember Miss Parker for her patience, great sense of fairness, and her willingness to help anyone at all times.

MISS LENNA M. PEABODY. We catch glimpses of Miss Peabody patiently adjusting microscopes, or absorbedly lecturing on the gametophyte or the sporophyte generation in plant life; but it is usually just a glimpse we get

of her, for the room saturated with formaldehyde lures us elsewhere. Outside of school life, she is one of the best women chemists in Massachusetts. We are proud to attach her name to the faculty list, not only for her achievements, but for her loving, understanding personality by which we are drawn to her.

MISS VIOLA RENNERT. Miss Rennert is the attractive young lady in the office who spends her working hours as secretary to Mr. Grindle, and who devotes her spare time, we understand, to that great and almost universal sport, skiing. Although she is a newcomer to Winchester High, she is well known to most of the students. She is always ready with a friendly smile for all those whom she meets, and everyone will agree that her sparkling eyes and charming appearance are a great addition to the beauty of our school.

MR. WILLIAM H. RODGERS. There is a newcomer in the ranks of the mathematics department who is extremely popular with all his pupils. He lives in Room 30 and is taking the place of Miss Palmer. Of course you know who he is, it's Mr. Rodgers. He may have had a little trouble with his basketball shots in the faculty game; but when it comes to mathematics, watch him go. He has no trouble cramming geometry and algebra into even the thickest skulls, and everyone has a good time while he is doing it. Aside from being a whiz at math, he really is a swell fellow. To prove this for yourself just ask any of the students whom he teaches.

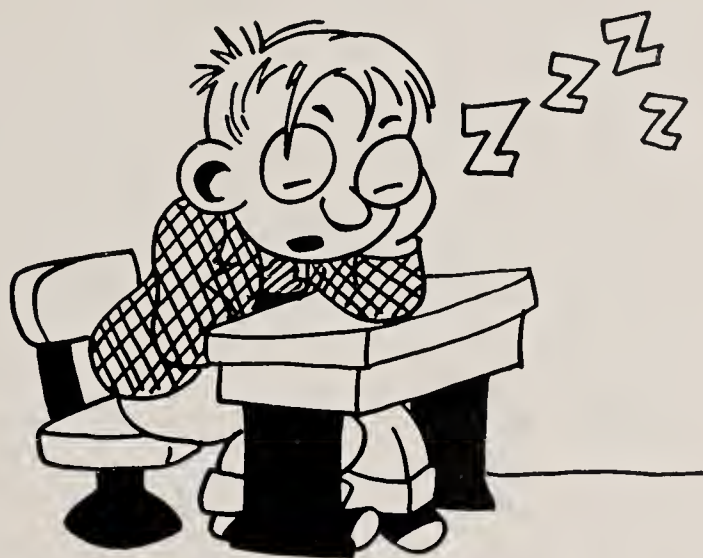

MRS. ELLA M. STACY. How she does it, no one knows, but our many-sided History teacher combines college board classes with barn dancing, and dazzling smiles with the Bill of Rights, and remembers hundreds, nay, thousands of dates without losing her good humor. Only when the banking is one cent off does she forget her knowledge of Alexander Hamilton's financial policies, and digs in to find out who made the dastardly mistake. Her History classes are so much fun that you're surprised to find, at the end of the year, that you really know something.

MR. JOHN D. STEVENS. It's worth ten years off your life to see J. D. Stevens, patron saint of the Junior English classes, gamboling around the basketball court; but, being very versatile, he is also proficient in other lines — such as analyzing American poetry and giving long lectures on the horrors of "lock-step" education. All these and many other accomplishments make Mr. Stevens' classes oases in the desert — good figure of speech, is it not, J.D.?

MISS FLORENCE E. WHITE. "Lady from Dorchester, we adore thee!" Folks, we are introducing a new faculty member, Miss White. She came into our midst last September to take Miss Proctor's place, and thus far, has proved to be very successful. In this short time, her pretty smile, her pleasing personality, and her ability as a teacher, have made her very popular. We hope that the next class will enjoy her friendship as much as we have.

MR. J. ALBERT WILSON. This is the man who so kindly takes over all our lads and lassies who wish to warble, and makes a really swell chorus out of them to sing at graduation and other sundry affairs. He is very talented in the art of singing and teaching others to sing, and we all appreciate greatly the magnificent work that he does with our future stars.

MR. R. BURNS WINSLOW. Mr. Winslow is a newcomer to the Wadleigh Building this year. He is doing an excellent job. He teaches Current History and Business Arithmetic to the Freshmen (a difficult job!) He did wonderful work with the Cross Country team in the fall, winning four out of seven meets. From a casual glance at him, you would think that he would be an expert at out-door sports, such as swimming and tennis and from what we hear, he is!

The **CLASS OF 1940**

JUNE PHYLLIS AITCHISON

"JUNIE"

Born in Cambridge, June 19, 1921.
 Pastimes: Horseback Riding, Smooching, Dancing.
 Activities: Chorus.
 Scholastic Intentions: Undecided.
 Ambition: Buyer.

Smoothness, slenderness, and sophistication — that describes "Junie"! She makes a very pretty picture on the dance floor, and you can be sure that she's dancing with none other than "Ducky". Although she is loads of fun, she has her serious moments, and those occur in Mrs. Stacy's class, where "Junie" just can't get started with Mrs. Stacy. However, we feel sure that "Junie's" sparkling personality will carry her far in the business world.

JEANNETTE BACON

"NETTE"

Born in Winchester, June 2, 1923.
 Pastimes: Reading, Sewing, Dancing, Swimming.
 Activities: A. A. I, II, III, IV; Dramatic Society I, II.
 Scholastic Intentions: P. G., New England School of Art.
 Ambition: That's for you to find out.

"Never judge a person by his looks" is the proverb that describes Jeannette most successfully. She seems quiet and naive at first, we'll admit, but don't let those big blue eyes fool you! That girl has a temper that could put any hot-headed Harriet to shame. But just the same, in her quiet moments she's one of the sweetest girls in school!

JOSEPH JOHN BECKER

"JOE"

Born in Germany, December 14, 1922.
 Pastimes: Fooling around with anything, microscopes to sledgehammers.
 Activities: Orchestra; Newspaper; Science Club; Vau-Devil Show; Yearbook.
 Scholastic Intentions: Harvard.
 Ambition: Harvard!

Mental dynamite, calm on the surface, but watch out! That really does a pretty good job of describing Joe. He's unassuming, a bit reserved, but he's got an "awful lot on the ball" — definitely one of our mental giants! We'll probably remember Joe first for his piano playing. It surely is super! He can play anything from Rachmaninoff to Raymond Scott (with the accent on the latter, if you get what we mean). To sum it all up, Joe's just a darn nice fellow!

VIOLA MARY BERTOLUCCI

"VI" "BUTCH"

Born in Somerville, Mass., 1922.
 Pastime: Reading, Walking.
 Activities: Chorus; Glee Club.
 Scholastic Intentions: Hospital training.
 Ambition: Nurse.

"Vi," is one of our happy-go-lucky classmates who spends many hours reading mystery stories and talking to Dr. Alley. Her quick wit and sense of humor have made her friends, and it will help her to gain more in the professional world. Outside of the fact that her patients will probably burst their stitches at her remarks, we know that she'll be an outstanding nurse.

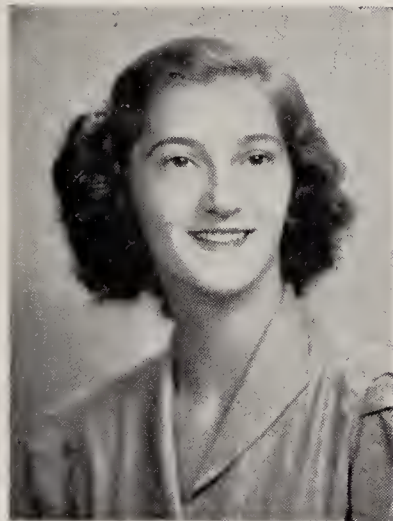

BARBARA BRADFORD BLAKE

"BARBIE" "B"

Born in Woburn, June 6, 1923.
 Pastimes: Reading, driving the Buick.
 Activities: A. A.; Chorus; Dramatic Society;
 L'Alliance Francaise.
 Scholastic Intention: College —but which one?
 Ambition: To get a pilot's license.

Most of us around school don't know "Babs" very well for she is rather quiet (that is in school). By the way, for those who are interested, "Babs" is an excellent driver, and I believe she ought to take up chauffeuring. "Babs" takes her school work very seriously and many nights you can see her with midnight oil burning. She will probably be a great success for all the hard work she has put forth. Maybe, who knows, she will be one of the greatest educationalists of the day.

CAROLYN BLANCHARD

"KAY"

Born in Winchester, April 22, 1923.
 Pastime: Perfecting rubber collars for rubber necks.
 Activities: Varsity Hockey I, II, Captain III; Second Team Basketball II; Varsity Basketball IV; Class Tennis I, II; Treasurer of French Club IV; A. A. Executive Board IV; Class Play Committee III; Dramatic Society I, II, III; A. A. I, II, III, IV; Vaudeville Show IV; A. A. Banquet Committee III.
 Scholastic Intentions: Simmons College.
 Ambition: To become a successful surgical nurse.

"Kay" is full of the vibrancy peculiar to this carefree younger generation — it's indicative of a spirited nature, charmingly in accord with hair which dulls autumn leaves, and eyes which have caused a field of cornflowers to wilt in shame. We're in a critical world, but it takes no more than C. B. to please the populace. Lady, you're "it"!

CHARLES WENTWORTH BLANCHARD

"TODD"

Born in Winchester, September 23, 1922.

Pastimes: Sports, Driving.

Activities: Varsity Tennis II, III, IV; Science Club IV; Hockey Club IV.

Scholastic Intention: M. I. T.

Ambition: That's right, you guessed it.

If, as you are walking along the street, a light blue Chevrolet sedan should whip by you, you're certain that it is "Todd." If the car is filled with girls, you are sure of it. However, "Todd" is equally at home on skates, on a tennis court, or racing sailboats. A quiet, unassuming fellow, "Todd" does whatever work there is to do as quickly, quietly, and painlessly as possible. Then he turns to a camera, woodworking, or, more probable, his car!

HAROLD MANLUFF BOARDLEY, JR.

"MOON"

Born in Winchester, Mass., March 11, 1922.

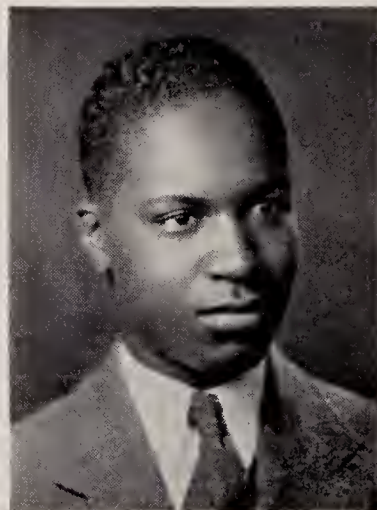

Pastimes: Sports and Music.

Activities: Class Basketball I, II; Varsity Basketball III, IV; Varsity Football III; A. A.

Scholastic Intentions: Wentworth Institute.

Ambition: To become an expert tool maker and welder.

If you ever see a tall, thin fellow with a smile from ear to ear walking down the hall and talking to everyone he meets, you'll know it's "Moon", one of the most congenial boys in this school. He is a fine football and basketball player and is also an excellent hockey player. "Moon" is known and liked by everyone, so we predict a brilliant future for the snappiest dresser in our class.

FINICHINO BOTTAUFUOCO

Born in Italy, 1921.

Ambition: To be an electrician.

Scholastic Intentions: Further my schooling.

Here's a boy the school ought to be proud of! Not only a good student and an ardent lover of sports, Finichino is an honest, clean-cut pal, a friend well worth having. But he's not as solemn as all this! If you ever want good, entertaining company, call on this boy! He's the one you're looking for!

LILLIAN BOYD

"LIL"

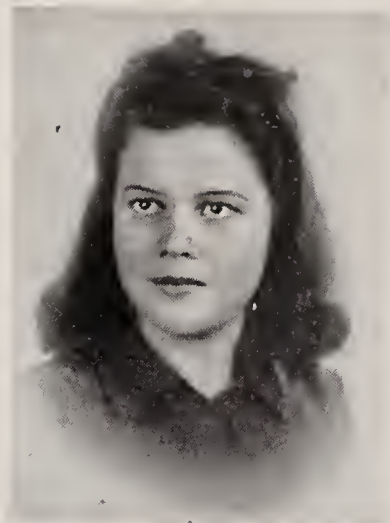

Born in Boston, November 28, 1922.

Pastimes: Reading, Skating.

Scholastic Intentions: Melrose Hospital Training School.

Ambition: To be a registered nurse.

"Lil," that small, enthusiastic elf with the sparkling brown eyes, appears to be shy when you first see her — but it doesn't take very long to change your mind! No sirree, she's a spit fire, if we've ever seen one! Once "Lil" makes up her mind — she goes places, regardless of what the obstacles are. A nurse with these qualities will make any hospital as pleasant as "home sweet home".

PHYLLIS JANE BRAGDON

"PHYL"

Born in Boston, Mass., January 11, 1922.

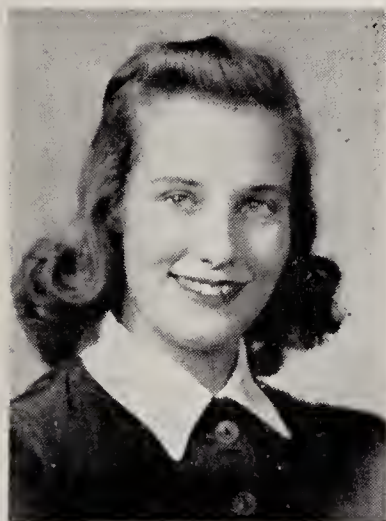

Pastimes: Tennis, Swimming, Movies.

Activities: Chorus; Class Hockey; Basketball.

Scholastic Intentions: Chandler School.

Ambition: To travel.

"Phyl," is that slap-happy girl without a care in the world. But, don't get us wrong. She is one of the swellest girls we know, and she does have her moods. "Phyl" has a heart as big as a whale and is always willing to do anything for her friends. You really ought to see "Phyl" do the hoola-hoola — ask her about it sometime. She spends a great deal of her time on the tennis courts and from all reports she benefits from it. "Phyl" is another of those gals that will go trucking her way on to success.

VIRGINIA B. BRATT

"GINNY"

Born in Everett, July 16, 1922.

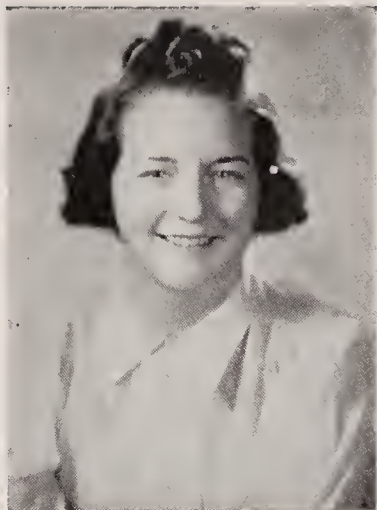

Pastimes: Skating, Reading, Traveling.

Scholastic Intentions: Training Melrose Hospital.

Ambition: To be a nurse.

Ginny is that tall, blond senior who spends her summers in Meredith, New Hampshire and her springs in Florida. Ho hum! She has a winning personality, but if you know her at all, you know enough to be careful of her temper. Boy, what a whirlwind! She is the gal with different hair-do every day (and are they cute)!

FLORENCE MURIEL BRYCE

"FANNIE" "FLO"

Born in Winchester, Mass., July 11, 1922.
 Pastimes: Skating and Dancing.
 Activities: Red Cross and Glee Club.
 Ambition: To train in the Charles Choate Hospital in Woburn.

Quiet, shy, and demure in school, Fannie is really an entirely different girl after 2:10. Many people might be surprised to know about the sparkling personality that lies behind those twinkling, blue eyes. With such a valuable asset, who could help but find success?

HELEN LINDA BUCCI

"BUTCH"

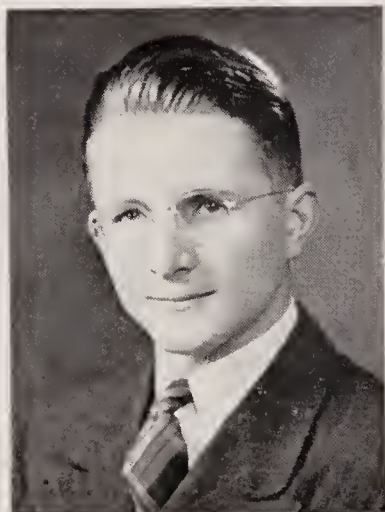

Born in Winchester, January 23, 1922.
 Pastime: Writing and receiving letters from D. P. in Connecticut.
 Activities: A. A.; Chorus.
 Scholastic Intentions: Undecided.
 Ambition: Newspaper Reporter.

She's sly, clever, happy as two or three larks. with a face as blandly innocent as a round of rat-trap cheese, always letting loose with some new bit of mischief just when one expects it least. All joking aside, she's as alluring as a warm night in Bali, with a smile for everyone. You couldn't find a harder and more willing worker than Helen. We know she'll make a good newspaper reporter.

PAUL RICHARD BUTTERWORTH

"BUTTER"

Born in Winchester, Mass., September 5, 1921.
 Pastimes: Boy Scouts, DeMolay, and Stuff.
 Activities: Vaudeville Show II; A. A. Executive Board IV; Art Editor of "Recorder" III; Art Editor of "Red and Black" IV; Art Editor of "Year Book" IV; Secretary of Senior Class; Chairman for Junior-Senior Play; Member of Class Night Committee IV; Publicity Chairman for Vaudeville Show III, IV.
 Scholastic Intention: Massachusetts School of Art.
 Ambition: To be a successful commercial artist.

Paul is one of our most talented students, and his cartoons and posters in store windows, bulletin boards, or even history reports, are familiar to almost everyone. His popularity is shown by his election to the position of Secretary of the Senior Class. If he starts something, you can be sure he will finish it in good shape. These things about Paul, and many others besides, can be summed up simply — he's got what it takes.

JANE SPAULDING CAHALANE

"SKINNY" "STINKY"

Born in Keene, New Hampshire, October 21, 1922.
Pastimes: Reading, Knitting, Golf, Horseback Riding, or Sleeping.
Activities: Latin Club I; Red Cross III; Traffic III, IV; Science Club IV; Library Club IV; Thrift IV; French Club IV.
Scholastic Intentions: Simmons.
Ambition: To write a book and somersault down a theatre aisle.

Jane is that petite, attractive brunette who wears the snappy clothes. She is a loyal friend and a good "mixer". There seems to be a great quantity of deviltry lurking in her — ready to pop out at any time or place. Her laugh is a signal for everyone to laugh — especially in history class. Here's to you, Jane! We know Simmons will appreciate you.

JOSEPHINE MARIE CAPONE

"JO" "JOSKY"

Born in Walpole, April 16, 1923.
Pastime: Movies.
Activities: Chorus.
Scholastic Intentions: Work.
Ambition: To become a private secretary.

We introduce one of Winchester High School's sweetest and best-liked girls, Josephine Capone. Her winning smile and dimpled cheeks, make her very popular with everyone who knows her. "Jo" is a hard and faithful worker. She's an expert typist and stenographer, and we know she will make an excellent private secretary.

PAUL ALFRED CAPONE

"MUSKY"

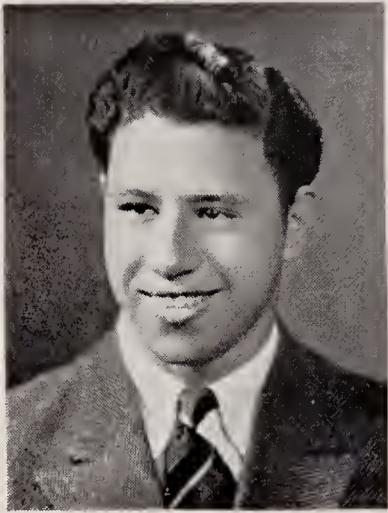

Born in Winchester, October 27, 1921.
Pastimes: Baseball, Swimming, Playing Pool, Golf.
Activities: Intramural Basketball II, III, IV; Traffic III, IV.
Scholastic Intentions: Wentworth Institute.
Ambition: To be a pool champ.

Although Paul is quite a big boy, he's very quiet in school. He is an earnest and faithful worker. Paul spends much of his time playing pool, and from what we hear he's quite an expert player. He is also an ardent baseball fan. Good luck Paul! We know you will be a success at Wentworth.

JOHN ANGELO CAPUTO

"JOHNNY"

Born in Italy, February 1, 1922.

Pastimes: Sports, Hiking, Movies, Reading, Listening to the radio.

Activities: Football III; A. A. Member; Banking; Intramural Basketball.

Scholastic Intentions: Bentley's School of Accounting.

Ambition: To be a Certified Public Accountant.

Here's to the greatest debater of them all. The picture of Johnny that will probably remain with us the longest is the one of him having a heated argument in Mr. Cooper's "Problems" class — with the veins in his neck strained, wiping his brow with his handkerchief. His other exercise is obtained playing football especially, or many other sports. Good luck, boy! There's a place in the Senate for you!

EDITH MARGERY CARRUTHERS

"MIDGE" "SKIPPER"

Born in Waltham, November 12, 1922.

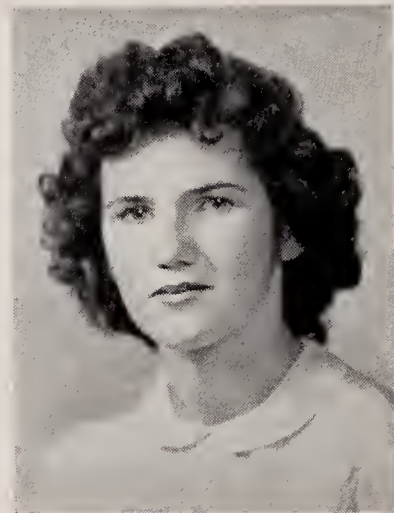

Pastime: Horseback Riding.

Activities: French Club III; Science Club II, III; Dramatic Society I, II; Chorus I, II; Red Cross II; Red and Black IV; Class Play Committee IV; Cum Laude I, II, III, IV.

Scholastic Intentions: Middlebury College.

Ambition: I wish I had some!

Bang! bang! triple bang!!! a salvo of back-firing announces the arrival of "Midge" in the well-known "Fallen Arch". Although "Midgie" is only about as big as a minute, she has plenty of room for an ample supply of brains — she's been on the honor roll ever since she started gracing these halls of learning, and she's working for honors in Mathematics. In direct contrast to her cynical remark about "ambition" she has more than any two people. Here's to a grand sport and one of the nicest girls we know!

EVELYN GRACE CARRUTHERS

"EVIE" "SKIPPER"

Born in Waltham, Massachusetts, January 3, 1923.

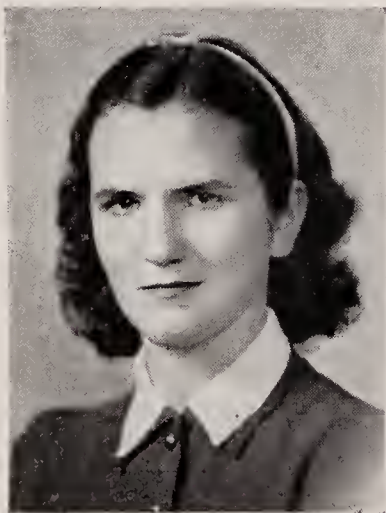

Pastime: Horseback Riding.

Activities: Chorus I, II; Science Club I, II, III; French Club III, IV; Dramatic Club I, II.

Scholastic Intentions: Russell Sage School.

Ambition: To break a wild bronco.

Gosh Evie! Where did you find that tall and handsome man? Are there any more like him? You see, Evie has a most effective smile — it seems to get her the things she wants most! She really has a swell personality and is always ready for a good time mixed with a little excitement! Incidentally she is going to become a nurse — Lucky Patients!

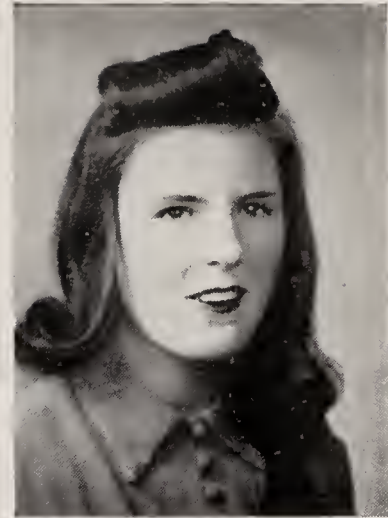

BARBARA CASSIDY

"BABS"

Pastimes: Reading, Tennis, Bicycling.
Activities: A. A. Chorus.
Scholastic Intention: None.
Ambition: Hairdresser.

"Babs" is that very attractive Miss who is seen daily at the lunch counter, casting a ray of sunshine over the whole cafeteria. She seems rather bashful, but she proves to be a jolly pal to all who know her. We feel sure that with her pleasing personality and winning smile "Babs" will make a host of friends in the business world.

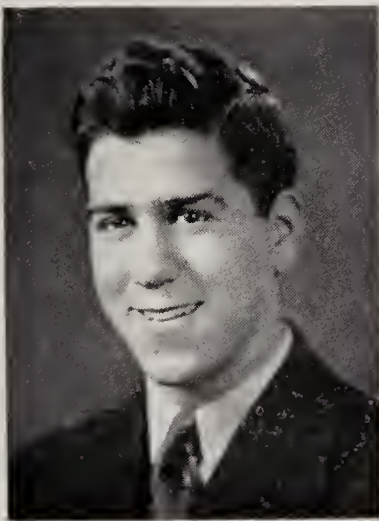

LOUIS CECCA

"CHECKER"

Born in East Boston, Mass., September 30, 1921.
Pastimes: Reading and all kinds of sports.
Activities: Treasurer of Junior Class; Class Plays in Freshman and Sophomore Years. (These were at Townsend High School.)
Scholastic Intentions: Burdett College.
Ambition: To be a Secretary for the Government.

A comparatively new-comer to Winchester, "Checker" has done well for himself. His athletic ability is outstanding in every sport, but that skiing racket takes the lead. He certainly slides a mean ski! We know that he's very popular with the ladies — but he'll never admit it. We know if he keeps up the good work that the government will have a secretary like they've never had before — and that's no lie!

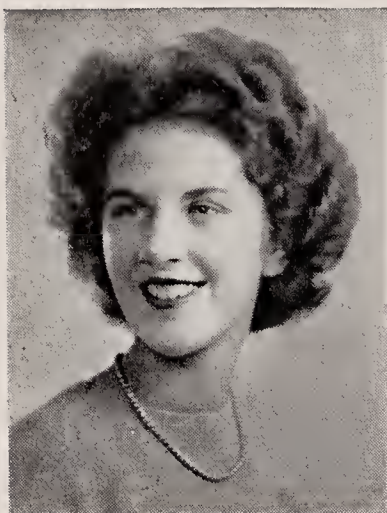

GEORGE CHITEL

Born in Malden., Mass. May 14, 1923.
Pastime: Photography.
Activities: A. A.; Traffic Squad.
Scholastic Intentions: Boston University.
Ambition: Advertising Manager.

Georgie is the kind of a boy who is a "friend indeed". Whenever you need a pal call upon George, and if it's at all possible, he'll come through. Although very inconspicuous and quiet (except at lunch time when he relaxes) once he gets out the door at 2:10, the story is a different one! He is a good student, a good sport, and a fine all around fellow!

VIRGINIA LEE CLARK

Born in Winchester, Mass., September 10, 1922.
Activities: Highlights I; Red and Black Advertising IV; Chorus I; Cum Laude I, II, III; Dramatic Society H. R. Representative I, II; Treasurer III; President IV; Basketball Assistant Manager II; Manager III; Varsity IV; A. A. Representative III; Executive Board IV; Class Play Committee IV; Prom Committee; Year Book.

Scholastic Intentions: Mt. Holyoke College.

Ambition: To get there.

Take some executive ability, some athletic prowess, plenty of pep and personality, good looks, and a little "oomph" thrown in, and what have you? Answer: "Lee"! She's always seen rushing around school, gadding about in general, or exercising that "certain something," but she's always dependable and a good worker. You've certainly got what it takes Lee, so we say, "More power to you"!

MARJORIE HOWE CLARKE

"MARJE"

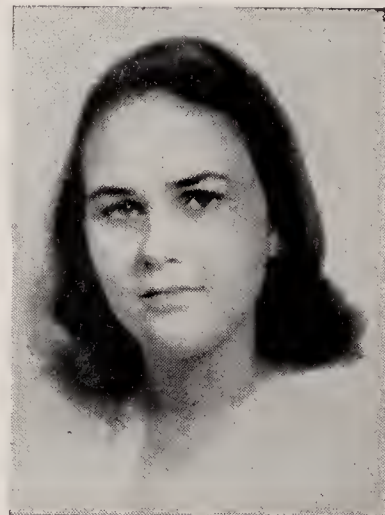

Born in Winchester, February 12, 1923.

Activities: A. A. I, II, III, IV; Chorus I, II; Dramatic Society II, III, IV; L'Alliance Francaise IV; Highlights I, II; Hockey Manager II, III, IV; Nominating Committee IV; "Red and Black" IV; Thrift Association II, III, IV; A. A. Banquet Committee II, IV.

Scholastic Intentions: Westbrook Junior College.

Ambition: To enroll Confucius in the Christian Endeavor.

Although "Marje's" program for the week is Monday school, Tuesday rest, Wednesday vacation, Thursday rest, Friday school, (weekends?), she always manages to return each Monday with a beaming face, and homework done — (by whom, we often wonder!) Nevertheless, if she possesses the marvelous ability that a certain teacher believes her to have, and if Westbrook can train those intellectual powers, there is a great future awaiting this girl with personality plus.

PATRICIA COLE

"PAT" "LIZ" "TRISH"

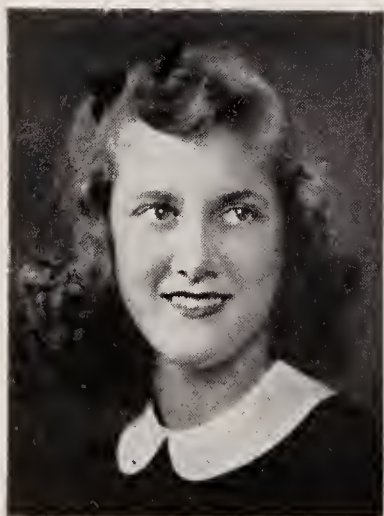

Born in Beverly, Mass., April 24, 1923.

Activities: Class Tennis II; Class Basketball III; Varsity Basketball IV; Thrift I, II, III; Red Cross IV; Chorus I; Dramatic Society I, II, III, IV; A. A. I, II, III, IV; Picture Committee IV; Prom Committee III, IV; French Club IV.

Scholastic Intention: College.

Ambition: To climb out of the fire into the frying pan.

Good looks, personality, pep, and intelligence are the qualities which constitute the character of one of the most popular girls in the class of '40. "Pat" is, and has been throughout her high school career, a participant in various sports and other activities. Her constant smile and good disposition have won her many friends. "Pat" is one of those persons who is destined for success in whatever she attempts. May good fortune dog your footsteps, "Liz."

RALPH TIMOTHY COLLIANDER

"COLLIE" "SWEDE" "TIMMY"

Born in Winchester, Mass., July 30, 1923.

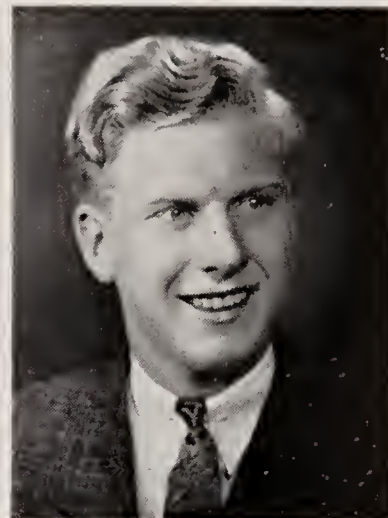

Pastimes: Baseball, Poker, Hockey.

Activities: Baseball I, II, IV; Ice Hockey III, IV; Traffic II, III.

Scholastic Intention: Bentley.

Ambition: To bum to St. Pete.

This dashing young fellow with his deep blue eyes and taffy-colored hair seems to be headed for a sailor's career (even though he thinks Bentley is his goal), because he already has a girl in every port — and two or three in some! Handsome, full of fun, and possessing a line a mile long, our "Collie" will be missed 'round these fair corridors next year.

RITA ELIZABETH COLLINS

"RIT"

Born in Winchester, April 12, 1922.

Pastimes: Waiting, Walking.

Activities: Hockey I, II, III; Basketball II, III, IV; Baseball II, III; Traffic; A. A.; Red and Black; Year Book Staff; Cum Laude; Cheerleader II, III; Vaudeville.

Scholastic Intentions: Undecided.

Ambition: Can't find it.

Our Rita has won a name for herself as an athlete. Her sunny disposition and her contagious giggle has helped her gain many friends. An excellent dancer, a good student, and a girl with a passion for "bows", "Rit" has reached the top in High School, and with her fine sense of humor, is bound to succeed in later life.

MILDRED CAMILLE COLUCCI

"MILL" "MILLIE"

Born in Winchester, April 23, 1922.

Pastime: Movies.

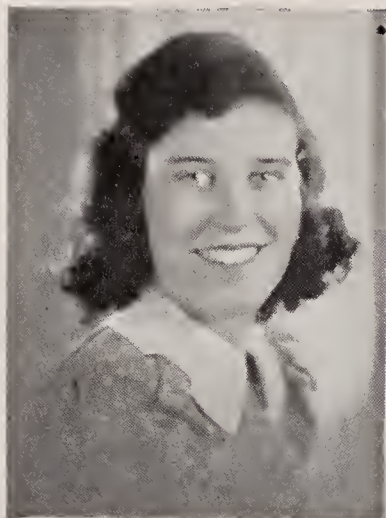

Activities: Recorder; Glee Club I, II; Girls' Chorus.

Scholastic Intentions: Banford's Academy.

Ambition: To fly around the world.

"Mill" is the cute Bonny Baker and Ginger Rogers of Winchester. You should see her sing and dance. She's tops! "Mill" can swim like a fish, and should we say, dive like a rock? In the summer she spends most of her time at the beach and in the winter in the movies. If you want to have a good time, be near "Mill"—she's always having fun!

MARY ANN CONNOLLY

Born in Woburn, Mass., July 4, 1923.
 Pastimes: Reading, Skiing and Movies.
 Activities: Cum Laude, A. A.
 Scholastic Intentions: Undecided.
 Ambition: To travel around the world.

Confidentially, here's a girl you ought to know! She's got that certain something that makes her fun to be with, plus the ability to hold her own in any sport, not to mention the brains to work with whenever the occasion arises. She holds the secret of eternal youth and the pep that goes with it! In a nutshell, she's O. K.!

TIMOTHY JOSEPH CONNORS

"TIMMY" "LITTLE POISON"

Born in Winchester, Mass., February 11, 1922.
 Pastimes: Tennis, Baseball, Fishing.
 Activities: Traffic III, IV; Baseball I, III, IV.
 Scholastic Intention: Wentworth Institute.
 Ambition: To be a success in life, and to marry a Woburn girl.

We know "Tim" as the silent type, but that doesn't hold true on the baseball field. He's a natural, and a natural can make plenty of noise once the game starts. "Tim" also haunts the Loring Street tennis courts and swings a mean racket. The motto: "A friend in need is a friend indeed," is the best way to size "Tim" up!

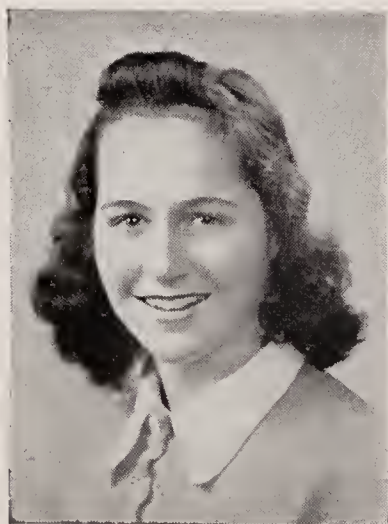

ANNE FRANCES COYNE

"ANNEE" "COINIE"

Born February 3, 1922.
 Pastime: Swimming, Diving, Drawing.
 Activities: A. A.; Hockey Team; Baseball.
 Scholastic Intention: Business school.
 Ambition: C. P. A.

Anne Frances Coyne: The amazon of youth — (as long as the youth is "Mr. Fish"), is a very pleasant, humorous, loyal and easy going personage, consisting of ? lbs. of personality plus. Movies and "Fish" are Miss Coyne's latest attractions — I wish someone would let us know if you use a bar or horse-shoe magnet Anne — we could use some of your attracting powers.

SAMUEL CRABTREE

"SAM"

Born in Island Falls, Maine, March 9, 1922.
Pastimes: Collecting pipes and drawing.
Activities: Traffic Squad I, II, III; Football I, II, III; Dramatic Society II, III; Red Cross III; President Thrift Association IV.
Scholastic Intentions: New Hampshire University.
Ambition: To be awarded a "Bachelor's" degree.

What! you don't know Sam! Why he's that brawny specimen of manhood with the twinkling eyes and the dashing sideburns. But here's something everybody doesn't know — that soft, well-controlled voice of his becomes a thunder-like roar when he loses his temper — which happens just often enough to make life exciting. "Sam" has high ideals and a good level head on his broad shoulders. Crabtree is a good stock to invest your friendship in, if you're looking for reliable dividends.

ROSE ANN CROWLEY

Born in Cambridge, Mass., April 22, 1923.
Pastimes: Knitting, Eating.
Activities: A. A.; Cum Laude I, II, III, IV; Recorder III.
Scholastic Intentions: Business school.
Ambition: If I only had some!

Brains and beauty hardly ever go together, but they do in this case. Rose is fun to be with, interesting to talk with, and ready and willing to do most anything for anyone. Rose is a member of the exclusive group the "Three Musketeers," "Puddles," "Twerp," and "Rosie." If you ever need a true friend, Rose is the girl to look for. (Look her up anyway — you can't lose!)

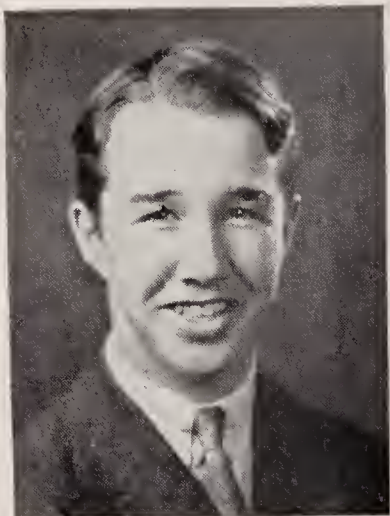

ALFRED JOSEPH CYR

"BUD"

Born in Winchester, Mass., September 15, 1922.
Pastime: Collecting Stamps.
Activities: Red Cross II.
Ambition: To be a first-class engineer.

"Bud" is one of the more serious lads of our class, but maybe that's only in school. All his friends know he thinks a great deal of Medford. Can he swing out in that song called "Wham, Bam, Scatter"—or whatever it is! But the only words "Bud" knows are, "I'm a killer diller, yes I am!" But seriously, "Bud" will surely succeed in life for he is a diligent student and a hard worker.

RICHARD BRYDEN DANA

"DICK"

Born in Boston, Mass., April 6, 1923.

Pastime: Taking it easy.

Activities: Traffic Squad; Vaudeville II, III; Track II; Gym Team II, III.

Scholastic Intentions: Northeastern.

Ambition: Happiness.

"Dick," that small, dark, and nimble specimen of manhood, is no stranger in our happy little class. Gifted with the ability to pass courses without cracking a book, he still manages to work up the ambition to be interested in or fascinated by science. His keen sense of humor and his mastery of card tricks, plus his witty comebacks make him good company anywhere at any time.

ELLIE MARGUERITE DAWE

"MARGIE" "MAGGIE"

Born in Canada, July 31, 1922.

Pastimes: Collecting Old Coins, Reading, Dancing.

Activities: Glee Club; Chorus; Vaudeville Show II; A. A.

Scholastic Intentions: Business College.

Ambition: To Travel West.

"Margie" is that cute little Miss who migrated from Arlington a few years ago. Since then, she has made a deep and lasting impression on everyone. "Maggie" may seem bored at times, but she's only day-dreaming when she's that way. No one is more fun than "Margie" when she starts swinging it out, and she also has that knack of twisting a person around her little finger — hasn't she, Paul?

MARY CATHERINE DEFILIPPO

Born in Winchester, May 25, 1922.

Pastime: Reading.

Scholastic Intentions: Work via Business School.

Ambition: To be a success.

Mary is a quiet, unassuming, peaceable girl, but this doesn't tell half the story. She's particularly interested in art and does well for herself in this field. Boy, does she wield a mean paint brush! But the way we picture Mary most vividly is either in a mad dash to school or in a madder dash to get away from it!

ANTHONY EDWARD DETESO

"PIGGY" "TONY"

Born in Winchester, Mass.

Pastimes: Swimming, Movies, Dancing.

Activities: Varsity Football I, II, III, IV; Co-Captain IV; Varsity Basketball I, II, III, IV; Varsity Baseball I, II, III, IV; Vice-President of Junior Class; Vice-President of Senior Class; Traffic Squad II, III, IV, Lieutenant IV; Cum Laude I, II, III, IV; A. A. I, II, III, IV; Executive Board of A. A. IV; "Red and Black" IV; Chorus I, II, III, IV; Vaudeville Show I, II, III, IV; Advertising Committee of Junior and Senior Class Play III, IV; Red Cross.

Scholastic Intentions: Tufts College.

Ambition: To teach history.

"Tony," is one of our outstanding boys! Prominent in school affairs, he also handles his books creditably. We needn't remind you of his athletic ability — since everyone knows that he has received letters in football, basketball and baseball for his four years in high school. Tufts certainly is getting a prize next year — although at the present, he seems to be more interested in Simmons. What's the attraction, "Tony"?

MARY ANGELINA DIAPELLA

"MAE"

Born in Winchester, April 9, 1922.

Pastimes: Movies, Dancing, Hiking.

Activities: A. A.; Class Basketball.

Scholastic Intentions: Undecided.

Ambition: To become a typist.

Mary is an all-round grand person, always willing to do what she can for any of her numerous friends. She enjoys dancing, hiking, and going to the movies. This tall, dark-eyed Miss has hopes of sitting at a typewriter, typing a letter for a handsome young employer, who sits across the desk smiling down at her. Well, a hard-working girl like "Mae" can't help but be a success!

WILLIAM JAMES DOHERTY

"BILLY" "SKEE"

Born in Winchester, Mass., April 5, 1922.

Pastimes: Movies, Woburn Girls, Basketball, Baseball, Tennis.

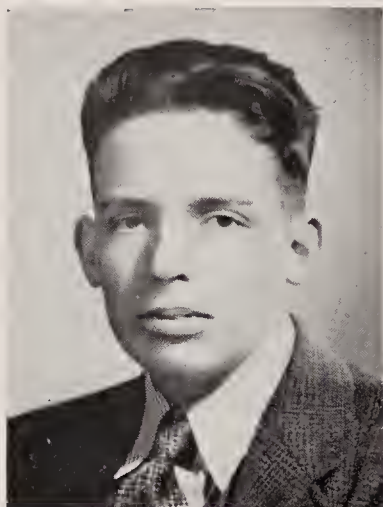

Activities: Class Basketball I, II, III, IV; Traffic Squad III, IV.

Scholastic Intentions: Wentworth Institute.

Ambition: To build a bridge to Ireland.

"Skee" is the timid, quiet type, both at home and in school. But when he is in Woburn, you can't hold him down. "Skee" can be seen playing tennis at Loring Avenue Playground every evening during the summer. He also is quite a baseball player for his size. Dynamite comes in small packages — need we say more?

DONALD VINCENT DOLAN

"DON"

Born in Boston, July 20, 1922.

Pastimes: Everything.

Scholastic Intention: College.

Ambition: To be an aviator.

"Donnie" — loyal, congenial "Don", always willing to help where help is needed, is the comedian of our class (without pretense). He's been a faithful water-boy at all football games; and believes that "variety is the spice of life" as is seen in his many and varied pastimes. Well, Mr. Dolan, you've lived through your "Tin-Lizzie" days, we hope you have the same luck in the "sky-ways".

BERNARD JOSEPH DONAHUE

"JUNIE" "BERNIE"

Born in Andover, September 13, 1923.

Pastimes: Machinery, Guns.

Scholastic Intentions: M.I.T., or other technical school.

Ambition: To own, some day, a full-sized machine shop capable of production work.

Although "Bernie" had a bad start by being born on the thirteenth of September, he is a fellow we all know and like. After he graduates from M.I.T., "Bernie" plans to set up an ultra-modern machine shop. We imagine that it will be the birthplace of some pretty queer contraptions! Here's hoping you find what you're looking for "Junie"!

JANE SPOFFORD DOTY

"JANIE"

Born in Arlington, Mass., March 30, 1923.

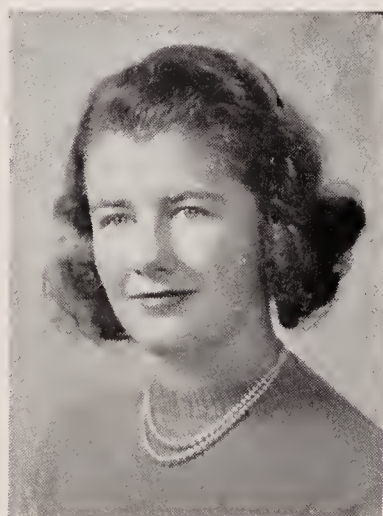

Pastimes: Knitting and Sailing.

Activities: Thrift Association I, II, III, IV; Dramatic Society I, II, III, IV; Red and Black; French Club IV; A. A.; Cum Laude III, IV; Class Hockey II; Aberjona Co-chairman Advertising Board; Vaudeville Show IV.

Scholastic Intentions: Skidmore.

Ambition: It's honorable!

Jane is without doubt the giggle champ of Winchester High — she can get Mrs. Stacy in hysterics in three seconds flat. This, plus a turned-up nose, and a cheerful disposition make her everybody's pal, both at home and (ahem) elsewhere. After showing Skidmore a few things, Janie will make somebody a super-secretary, but not for long with those eyelashes!

JEAN LOVEJOY DRAKE

"JEANIE"

Born in Albany, New York, May 1, 1923.

Pastimes: Sleeping, Knitting, Skiing.

Activities: Varsity Tennis I, II, III, IV; Orchestra I, II, III, IV; Freshman Editor of Highlights I; Dramatic Society I, II, III; Science Club III, IV; French Club IV; Thrift I; Class Hockey III; Cum Laude; A. A. I, II, III, IV; Chorus I, II; Handbook Committee II, III; Yearbook I, II, III, IV; Vaudeville IV; Junior and Senior Play Properties III, IV; D. A. R. Medal.

Scholastic Intentions: Smith.

Ambition: To do a tempo turn, and then die happy.

Jean is the gal who's always raring to go — whether it's in the schoolroom or outside. She's without doubt, one of our school's most outstanding girls. Any day Jeanie may be seen whizzing around town in the "little blue Ford" — a car which actually runs without spark plugs! She's a pal to everyone and has a lot of good friends who'll agree that she is one grand person! Blessed with a beaming smile and a sparkling personality, Jeanie is sure to go a long way.

RICHARD LEBARON DREW

"DICK" "DREWSEY"

Born in Somerville, Mass., January 13, 1923.

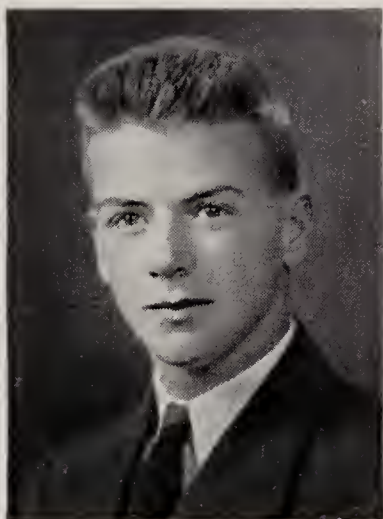

Pastime: Telephoning.

Activities: Cross Country II; Track III, IV; Chorus I, IV; Intramural Basketball III, IV.

Ambition: To beat "Buddha" Howard in a bet.

Scholastic Intentions: Undecided.

Always full of fun, "Dick" is a track star, a mean baseball player, and a Romeo if we've ever seen one! He is as good a sport as anyone in school, and is always ready to oblige anyone by doing anything. We hate to see him leave the High School, because it means the parting of the ways between "Dick" and "Huck," and "What will the Fifields do?"

HENRY LESTER DUFFETT

"DUFF"

Born in Lewiston, Maine, May 14, 1923.

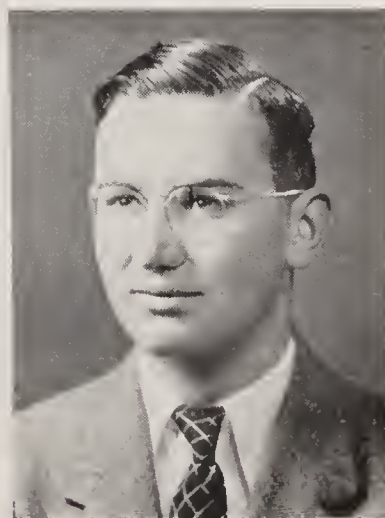

Pastimes: Coin Collecting and Photography.

Activities: Science Club IV; Class Basketball IV; French Club IV; Ping Pong Club III; Traffic Squad IV; A. A. I, II, III, IV.

Scholastic Intentions: The Citadel graduate work.

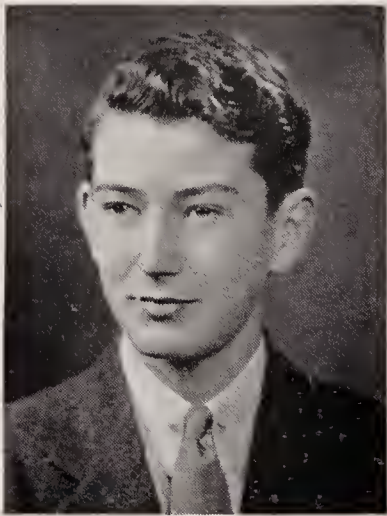

Ambition: To visit the four corners of this earth.

Here's to "Duff" — a tall, vigorous, rugged, and enthusiastic individual. You have probably noticed him down at "B" lunch hanging around the money exchange getting new coins for his old! He's a good scholar, ambitious, imaginative, and optimistic, but modest. He's bound to be a success. Good luck at the Citadel!

ELLIOT HOWARD EASON

"SONNY"

Born in Winchester, Mass., May 10, 1922.

Pastimes: 920 Club; Driving a car.

Activities: Traffic Squad I, IV; Red Cross II; Thrift II; A. A. I, II, III, IV.

Scholastic Intentions: Bentley.

Ambition: To give lectures on safe driving.

"Sonny" is that whacky guy who is always fooling, a jitterbug who can't dance. He does whatever inspires him, gets away with it, and has a good supply of alibis. He is one of the "Three Musketeers." His manias include swing records, "trapsin' " around the countryside, decorating his jalopy with lights, haunting Kenwin Road, and playing bridge. Nevertheless, he really can be serious when the occasion demands and he is. He has a heart of gold, and a host of friends wherever he goes.

ELLEN INEZ EDWARDS

"DUBS" "SNOOKS"

Born in Winchester, Mass., April 7, 1922.

Pastime: People, Driving, Dancing.

Activities: Inactive. (Chorus; A. A. Member).

Scholastic Intention: St. Elizabeth's Hospital.

Ambition: A nurse — good enough to cure (not kill).

Ellen is short, dark and sweet, with a coy way about her that makes every one like her. Her generosity and friendliness are a fine combination. We've heard that the only one who can get Ellen angry is her brother. Can't you picture Ellen sitting beside a patient's bed, taking his temperature and making a date with the doctor at the same time!

ROBERT B. ELLIOTT

"BOB" "R. B."

Born in Boston, Mass., March 26, 1923.

Pastime: Not doing homework, Sleeping.

Activities: Dramatic Society; Class Play IV; Traffic IV; A. A. Member; Vaudeville Show II, IV.

Scholastic Intention: Leland Powers.

Ambition: To get something for nothing.

Bob is ambitious! He plays the guitar a little, but has high hopes that he will sooner or later find his place on the networks with his instrument or his competent radio voice. "R. B.'s extraordinary presentations in the Radio Guild were added attractions for the boys and girls of W. H. S. this year. In his spare moments, he is often seen sketching. With so many talents, he's bound to get ahead!

EMMONS STEARNS ELLIS

"EM"

Born in Cambridge, Mass., May 6, 1923.

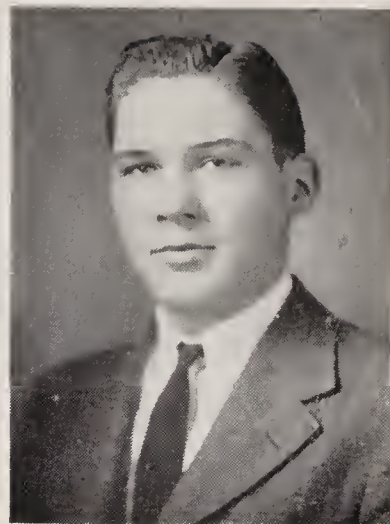

Pastime: Keeping out of trouble.

Activities: Football II, III, IV; Vice-President Dramatic Society III, IV; Traffic Squad Chief IV; A. A. Board IV; French Club IV.

Scholastic Intentions: Harvard.

Ambition: To be the boss.

To see him standing solemnly on traffic, or walking gravely through the corridors, one would little guess what a laughable, fun-loving fellow Emmons is with his friends. He is at his best in the midst of a party surrounded by pretty girls. He treats the latter with true Ellis regard and charm. "Em" does everything in his own original style, usually arriving at the same time if not a little sooner than the other fellow. Honest, original, dependable and likable, Emmons has been a leader in school and will probably continue to be one in later life.

DORIS RUTH ERICSON

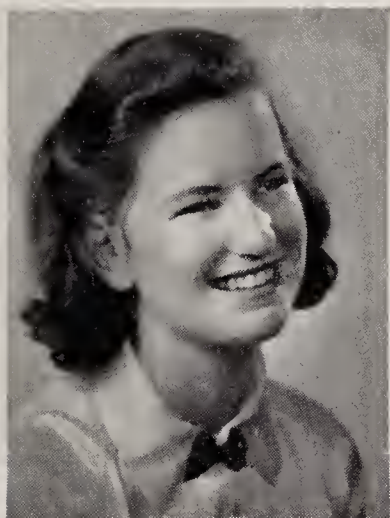

Born in Dorchester, Mass., December 3, 1923.

Pastimes: Swimming, Tennis, Bicycling, Sleeping.

Activities: Banking I, II, III, IV; Red Cross II, III, IV.

Ambition: To go to Mexico before I am twenty.

And in this corner we have Doris Ruth Ericson, a tall, blue-eyed brunette with a manner as carefree as a summer breeze, a laugh as spontaneous as kerosene, and a nose that crinkles when she laughs — which is practically all the time. She plays a mean game of tennis, but can manage to have fun no matter what she does. Here's a girl who's ready, willing, and able to be a darn good secretary.

MARTHA ANNA ERICSON

"MART" "MARTIE"

Born in Dorchester, Massachusetts, April 5, 1922.

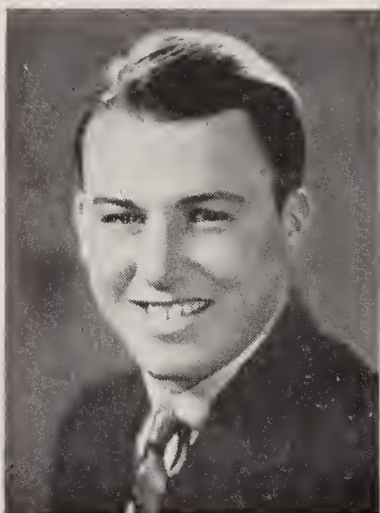

Pastimes: Knitting, Skating, and Being Silly.

Activities: A. A. Chorus; Cum Laude.

Ambition: To get some!

"Martie" is the other half of the Lawson-Ericson Team, whom we never see walking around the school, without a smile on her face. Gee Martie, what is it that makes you so happy? Mart is the life of the office practice class, and with "Edie's" help, they sure make a nice team. Go to it Martie, you surely will get to your goal no matter what it is!

DOMINIC ERRICO

"DOM" "REEK"

Born in Winchester, Mass., February 22, 1922.

Pastime: Taking Strolls — alone.

Activities: Baseball II; Track III, IV; Football IV; Basketball II, III; Traffic IV; A. A. I, IV.

Scholastic Intentions: P. G. or prep school.

Ambition: To further my education.

"Dom" is one of those slap-happy fellows who never sees the dull side of anything. It is said that he's the studious type, but he does a pretty good job of disguising the fact with his excellence in football, baseball, and basketball. There's nothing very scholastic about his attitude when he's seen at the movies in Stoneham every Sunday night either!

FRANKLIN EVANS

"EVE" "EV"

Born in Providence, R. I., May 11, 1922.

Pastimes: Hockey, Bridge, Model Airplanes.

Activities: Track.

Scholastic Intention: Boston University.

Ambition: To eat my cake and have it, too!

"Ev" has a great knack for getting dates with a variety of beautiful girls. His ability in driving is, no doubt, a big asset in this respect. When he is out of school, "Ev" divides his time between making model airplanes and visiting White Plains, N. Y. (?) We all hope to see you a big airplane manufacturer, or a pro-hockey player someday "Ev," and — who knows?

GLADYS MILDRED FIFIELD

"GALLY" "FIFE"

Born in Taunton, Mass., January 15, 1922.

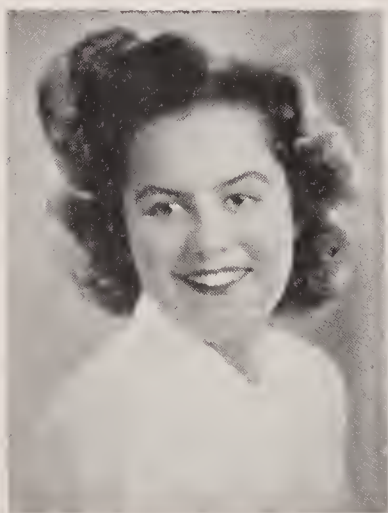

Pastimes: Dancing; Sports; Telephoning.

Activities: Basketball I, II; Thrift Association I, II, III; Chorus II, III; Dramatic Society I, II; Class Tennis I, II; French Club IV; A. A. I, II, III, IV.

Scholastic Intentions: Junior College.

Ambition: To make something of myself and to travel.

With a twinkle in her eyes, a merry smile, and a glib tongue, "Gally" is the girl who makes our life at school one long round of merriment. Her good looks and friendliness make her one of the most popular girls in school and draw friends to her wherever she goes. "Gally" is a staunch friend and conscientious worker, but is always ready to give you a good time and, incidentally, have one herself. They don't make them any nicer than "Fife" — she's tops!

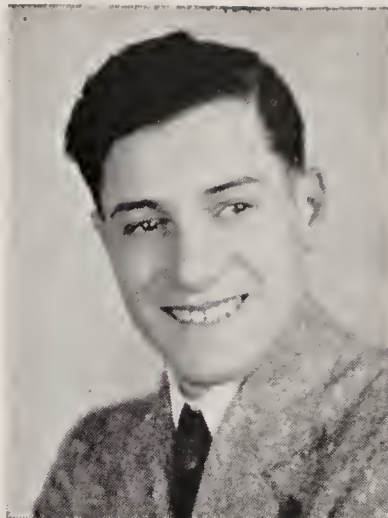

WILLIAM ANTHONY FIORE

"BILL" "MEL"

Born in Winchester, Mass., December 24, 1921.
Pastimes: Baseball, Swimming.
Activities: Traffic Squad; Class Basketball.
Scholastic Intentions: Work.
Ambition: To travel around the world.

Of course you know Bill Fiore! — but not through any fault of his, for he's one of the quietest and quackiest guys in the Class of '40! Seriously though, he's a swell fellow and one of our greatest athletes, excelling in baseball and swimming. And don't let him tell you he's a woman-hater! He doesn't know the meaning of the word.

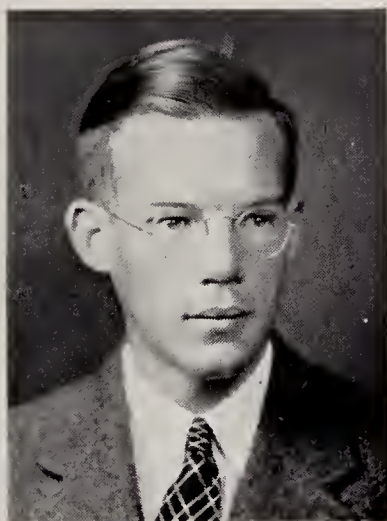

WILLIAM BLANCHARD FORD, JR.

"BILL" "BIG BILL"

Born in Boston, Mass., March 30, 1922.
Pastimes: Sailing, Skiing, Tinkering with Radios or Electrical Apparatus.
Activities: Varsity Football; Science Club, Treasurer of Science Club; Traffic; A. A. Member; Class Basketball; Year Book Staff.
Scholastic Intentions: University of Maine.
Ambition: To sail around the world in the "Tinker II."

What do you think of when you think of Bill? Perhaps its the down hill ski race at Mt. Hood; or a physics experiment in Doc Alley's Science lab... It might be a sail boat jacking out of Ipswich Bay or perhaps it's a grey mercury Ford streaking towards Glen Rd. . . . Even more likely it's a group of kids out to have a good time at Crane's beach, the Teck Roller skating rink, or an informal record dance. Where ever you find Bill you find that good time!

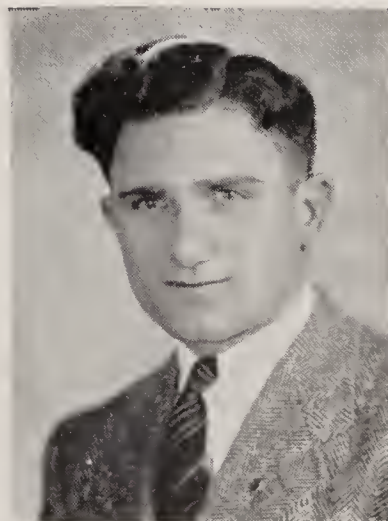

PETER LAWRENCE GALUFFO

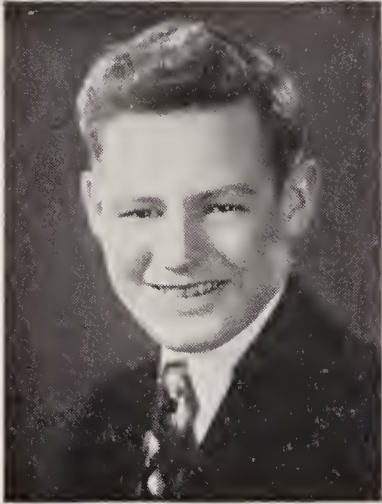

"RINGO KID"

Born in Winchester, December 1, 1920.
Pastimes: Reading, Sports, Dancing, and Movies.
Activities: Football I; Varsity II, III, Co-Captain IV; Basketball I, II, III; Track II, Varsity III; Baseball I; Gym Team I, II, III, IV; Traffic II, III; Lieutenant III, IV; Representative of A. A. I, II, III, IV; Vaudeville Show II, III, IV; Senior Prom Committee III; President of the Class II; Class Basketball III, IV; Cum Laude I, II, III, IV.

Scholastic Intentions: Prep school, Bates College.
Ambition: To own a night club.

Peter never says much about his accomplishments — which makes him all the more a hero. His head holds more than a football helmet, judging from the honor roll lists for his four years in high school. Peter, co-captain of our football team, has shown power in the basketball, track, and gym teams also. We've heard rumors that, although he's more or less quiet in school, he's really a radical, especially when driving a car! Go to it, "Ringo Kid," and show Bates what Winchester material really is like.

GERARD JOSEPH GAYNOR

"RED"

Born in Malden, Mass., August 29, 1922.

Pastimes: Baseball, Hockey, Doing anything in Woburn.

Activities: A. A. II, III; Class Basketball II, III, IV.

Ambition: The first to marry in the class of '40.

"When Irish eyes are smiling," if they're twinkling too, it's safe to guess it's Red. Although he isn't very "hepped" on this studying idea, Red manages to have a good time in school. He's always on the lookout for a good time and always manages to find it! Oh yes, we forgot — he's a ladies' man, of course!

MICHAEL JAMES GILBERTI

"GILL"

Born in Italy, March 29, 1920.

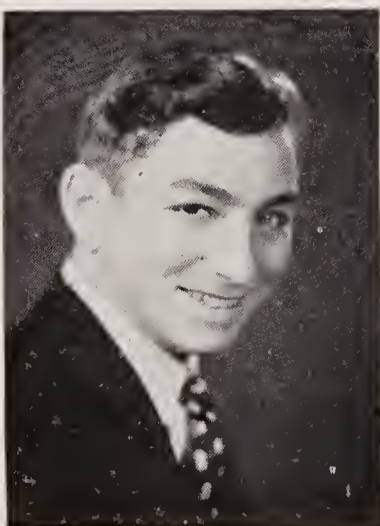

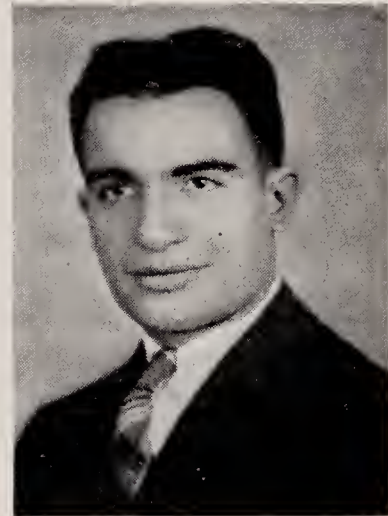

Pastimes: Movies, Dancing, Eating Chocolates.

Activities: Football I, Varsity III; Basketball I, II, III; Class Basketball I, III, IV; Traffic Squad III, IV; A. A. I, II, III, IV; Class Night Committee.

Scholastic Intentions: Northeastern.

Ambition: To remain a bachelor.

"Gill," as he is called by all who know him, is the quiet, modest type. When "Gill" has done something worthwhile, he is modest about it. In the summer, he is seen drinking his famous lemonades; in the winter, he is seen playing basketball with his "pals"; and in fall, he is seen at all the local football games. On almost any night of the week, "Gill" may be found at a theatre, for he is one of our most enthusiastic movie lovers. With "Gill," actions speak louder than words.

ANTHONY GEORGE GIULIANI

Born in Winchester, February 23, 1923.

Pastime: Movies, All Sports.

Activities: Vaudeville Show I; Traffic Squad III, IV; Freshman Football; Red Cross.

Ambition: To be the first dictator of the United States.

Of course, you know Tony! He's that small, but important, fellow that stands out on traffic duty on the second floor. Tony is a good student, but he certainly didn't get that way by doing his homework. It seems to us that he's always either driving around in a car packed with "pals" or sending his charming voice over the telephone wires!

MORAINÉ MILDRED GOLDMAN

"GOLDY"

Born in Boston, May 27, 1921.
Pastimes: Reading, Skating, Movies, Bowling.
Activities: Thrift Association.
Ambition: To be a buyer.

Moraine is another of those reserved members of our class. Hidden behind a pair of twinkling eyes and a sparkling smile is a sense of humor to be envied. Pass in your requests for latest styles before she is off to New York or elsewhere as Filene's leading buyer. Good luck, kid, you'll go places!

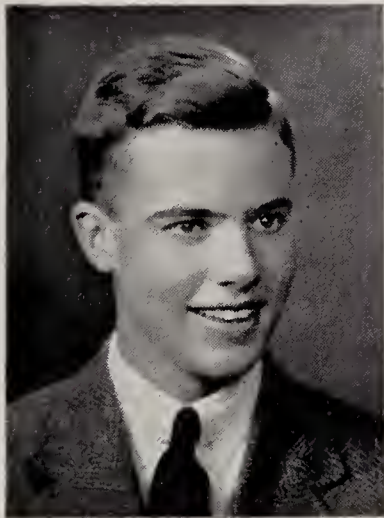

EARLE BRANDON GOLDSMITH, JR.

"BUD" "BOOKIE"

Born in Winchester, March 23, 1923.
Pastimes: Ping Pong, Golf.
Activities: Second Team Baseball I, II, First Team Baseball III, IV; Junior Class Basketball Team III; Red Cross III; Thrift I, II.
Scholastic Intentions: Harvard or prep school.
Ambition: To go to Tahiti — and not alone.

Tall, light, and handsome, that's Bud. In school Bud is shy, quiet, and unassuming; outside of school, bold, noisy, and ready for anything. He's the man who knows all the answers and half the questions, too. At lunch period he can be found anywhere or doing anything he shouldn't. Ask Dan! When the baseball season comes around "Bud," is in his glory; he's a prominent member of our varsity, you know! Good luck "Bud," and may you someday get to Tahiti!

NANCY PENDLETON GOODWIN

"PENNY"

Born in Hartford, Connecticut, May 30, 1922.
Pastime: Most anything that comes along.
Activities: A. A.; Dramatic Society I, II, III; Thrift Association II, III, IV.
Scholastic Intention: Gorham Normal School.
Ambition: To be an interesting teacher.

If you're in need of someone to lend an ear to your troubles, you had better seek Nancy. If you want someone who is always ready to do anything you may suggest, and with whom it's practically impossible to disagree, Nancy's the person. Once you have her for a friend, you never lose that friendship that means so much to you.

JOHN THOMAS GRADY

"JOHNNY"

Born in Lancashire, England, November 29, 1922.

Pastimes: Dancing, Skiing, Movies.

Activities: Honor Roll I, II, III, IV; Vaudeville Show III, IV; Assistant Business Manager of Year Book IV; Recorder Staff III.

Scholastic Intention: Business Work.

Ambition: To be taught the rhumba by Ginger Rogers or Hedy Lamarr.

John is a quiet boy in school, but when he gets together with his dancing partners, he really makes some noise. He is a women-hater, but you never can tell what he will do when he becomes a big business man. Watch out for your secretary, John! But I guess that level head on his shoulders is too much for anyone — even a woman.

JOSEPH GRAF

"JOE"

Born in Georgetown, Mass., August 19, 1921.

Pastime: Puttering.

Activities: Science Club.

Ambition: To be a chemical engineer.

Busy, bashful, and brainy; skilled, scientific, and shy, "Joe" has won the admiration and respect of all his classmates. We wonder what the science laboratory will do without him — he's taken care of so many things, from mixing acids to fixing stubborn electric motors and vacuum pumps. He passed the Mass. State Steam Exams this year, a license issued for life — quite an unusual accomplishment for a boy in his teens. "Joe" came to us from Newburyport a quiet, studious lad, but much to Shirley Wood's exuberant glee and Joe Becker's quiet amusement, he has blossomed into a subtle, sarcastic wit. Here's to Doc Alley, Jr. — one of the school's outstanding boys.

MARGARET BURTIS GREENE

"PEGGY"

Born in Winchester, July 28, 1922.

Pastimes: Amateur Dramatics, Sports, 920 Club.

Activities: Tennis; Hockey; Vaudeville; Dramatic Society; A. A.; Chorus.

Scholastic Intention: Black Mountain College, North Carolina.

Ambition: To operate and direct a summer theatre.

"Eat, drink, and be merry for tomorrow we have to go to school," is "Peggy's" motto. Not that it should be, because she certainly handles those fundamental truths with finesse. We never see "Margie" without a beaming smile stretched from wisdom tooth to wisdom tooth. Her optimism and gaiety are qualities to be envied. Good luck with your school of the theatre, girl, but please don't produce anything but comedies!

KATHLEEN B. HAGGERTY

"SIS" "KATHIE"

Born in Winchester, Mass., February 25, 1923.

Pastimes: Drawing and Reading.

Activities: A. A. Member.

Scholastic Intentions: Art School.

Ambition: Commercial Artist.

Kathie is a very sweet, demure, unspoiled and stable young miss. She has attained and retained many friends during her four years at W. H. S. Her sense of humor is outstanding, especially accented by the gleam and twinkle that comes into her exquisite brown eyes. "Sis's" aspiration, i.e., to become a commercial artist, will eventually come true, because she really is a very clever girl — and whatever "Kathie" sets out to accomplish, she will accomplish!

BARBARA JEAN HALEY

"BARB" "BARBIE"

Born in Winchester, March 22, 1923.

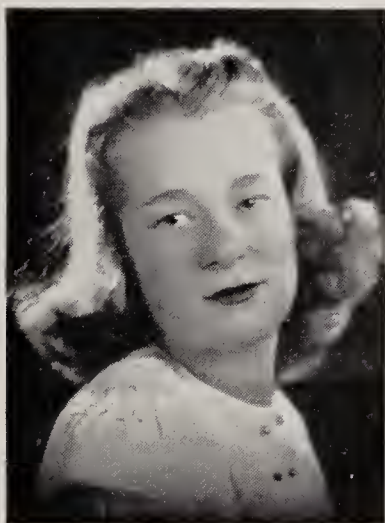

Pastimes: Knitting, Listening to the 920 Club.

Activities: A. A.; Chorus; "Year Book" Staff; Cum Laude I, II; Red Cross I.

Scholastic Intentions: Teachers' college.

Ambition: To be a teacher.

Tall, blonde, and poised is "Barb" whose ambition, besides being a school teacher, is to be an expert mountain climber (especially the mountains of New Hampshire). Maybe it isn't what she meets on the way, but who, that makes her such an enthusiastic mountain climber. But why wouldn't "Barb" have fun anywhere, doing anything, with that pleasing manner and personality to back her up!

JANICE M. HANLON

"JAY"

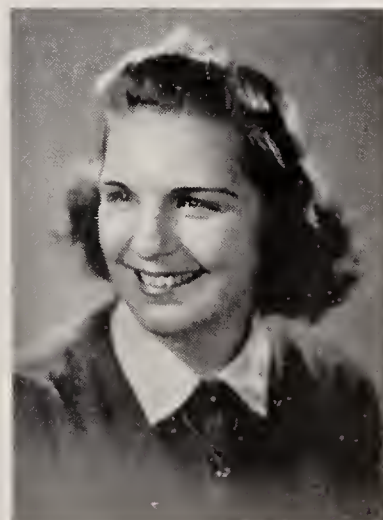

Born in Winchester, Mass., August 3, 1921.

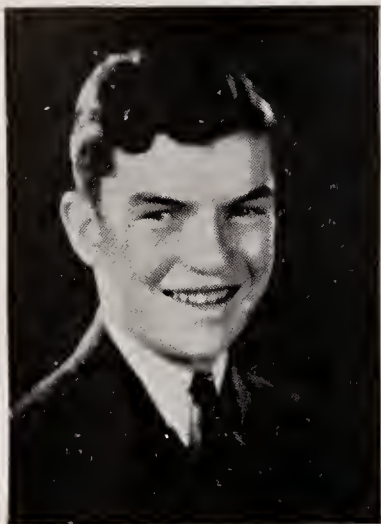

Pastimes: Spending week-ends at Somerville, and Skiing.

Activities: Chorus; A. A.; Red Cross.

Ambition: To teach Toni Matt a thing or two about the art of skiing.

Janice may seem the shy, quiet type, but those on the inside know differently. When there is no snow for "Jay" to perform on with her "trusted hickories," one may see her cutting capers in that well-known art of "jitterbugging." Bubbling over with pep, vim, and vigor — that's "Jay"!

JOHN JOSEPH HANNON

"BUD" "SPARKY" "LITTLE TOM"

Born in Winchester, Mass., March 12, 1923.
Pastimes: Sports, Movies, House Dates.
Activities: Football IV; Class Basketball I, II, III, IV; A. A. I, II, III, IV; Traffic II, III, IV.
Scholastic Intentions: Undecided.
Ambition: To own the Winchester News!

Sparky is one of the handsomest lads in our school — tall, straight, with black curly hair. Not only that, he's been gifted with a "charming personality." His bowling and pool-playing are the talk of the town — and he's not a bad "parlor Romeo" either. In spite of his "whackiness," "Sparky," will get what he wants when he wants it!

STEPHEN WINDSOR HOLMES

"STEVE" "HARPO" "HOLMSIE"

Born in Winchester, Mass., April 4, 1923.
Pastime: Flirting.
Activities: Football III, IV; Track III; Secretary of Sophomore Class; President of Senior Class; President of Red Cross IV; Vaudeville Show II, III, IV; Traffic Squad II, III, Lieutenant IV; French Club IV; Science Club IV; A. A. Executive Board IV; Junior-Senior Prom Committee III; Mansfield Cup 4.
Scholastic Intention: Dartmouth College.
Ambition: To find someone with the same pastime I have.

"Versatility is thy name and works thy nourishment" — so might read an humble quotation from the ode to Holmes by the senior class of the Winchester High School. The English language cannot express the value of which Steve has been to our school. We can't get along without him — especially the women. He has probably done more for our school than any other person. "Oh, that we might follow in thy footsteps."

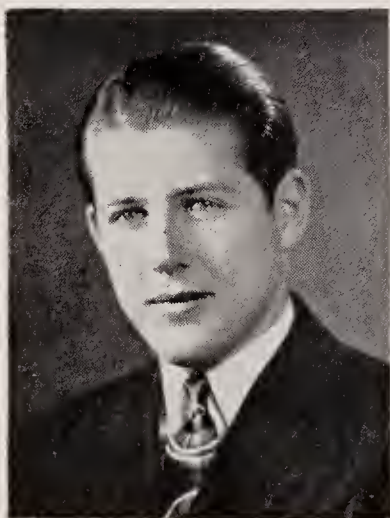

BYRON LESLIE HORIE

"BY"

Born in Freeport, Long Island, June 25, 1921.
Pastimes: Haunting Kenwin Road, Swing Records, 920 Club.
Activities: Football Squad I, II; Varsity III, IV; Basketball 2nd team I, II; Varsity II, IV; Captain IV; Baseball 2nd team I, II; Varsity IV; Traffic III.
Scholastic Intentions: Undecided.
Ambition: Lots of it.

Neither the football field nor the basketball court is complete without "By." He is an athlete at heart, continuing the tradition of the Horie family. He is a smooth dresser and as neat as the proverbial pin. Byron serenely daydreams until the golden notes of swing interrupt his reverie, and then — nothing can stop him!

WALLACE FRANK HOWARD

"BUDDHA" "WALLY"

Born in Winchester, March 31, 1923.

Pastime: Yes.

Activities: Track IV; Cross Country IV; Junior-Senior Class Play III, IV; French Club IV; Assistant Manager Track III; Assistant Manager Cross Country III.

Scholastic Intention: Cornell.

Ambition: To be as strong as Li'l Abner; have the brains of Dr. Zerkoff; and the luck of Little Orphan Annie.

The tall, dark, not too thin fellow over there is that super-lover of the W. H. S. stage, super-efficient manager of the Track and Cross Country teams — "Buddha." Possessing a sense of humor and sharp wit, "Buddha" is the school comedian and a friend of everyone in the school, even the faculty.

GEORGE KIMBALL HUCKINS

"HUCK"

Born in West Medford, October 22, 1922.

Pastime: Trying to make a living off "Buddah" the bookie.

Activities: Cross Country I, II, III; Track I, II, III, IV; A. A. I, II, III, IV.

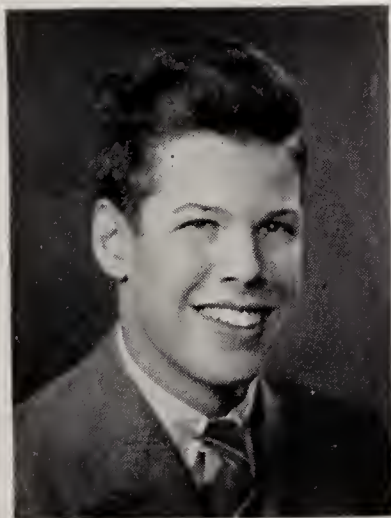

Scholastic Intention: Holderness School, Penn. State.

Ambition: To be a farmer.

"Happy he is, from care he's free."

This fits George Huckins to a T.

A winning smile, a likeable personality, and an everlasting feeling that he's sitting on top of the world — that's "Huck." (Between you and me, "Huck" has been known to be serious at only one place — 8 Woodside Road.) A grand sport, popular with both boys and girls, "Huck" can't help being a success in whatever he does.

BARBARA HUGHES

"HUGHIE" "BARBIE"

Born in Lexington, Mass., November 19, 1922.

Pastimes: Catching up on lost sleep and picking up stitches.

Activities: Class Treasurer III; Secretary A. A. IV; Orchestra I, II, III, IV; Chorus I, II; A. A. Member I, II, III, IV; Class Basketball I, II, 2nd team Captain III, Captain IV; Dramatic Society I, II, III, IV; French Club IV; Science Club IV; "Red and Black" Staff; Sports Editor for "Aberjona."

Scholastic Intentions: Colby Junior College or Katherine Gibbs.

Ambition: To count the footsteps in the sands of time.

You have to drag out all the superlatives in writing to describe "Hughie." This charming little Miss, with her sparkling, big, brown eyes, certainly is tops in any field you wish to mention. A super student, a good all-around athlete, and the best of sports, as the winning of the Wheeler Cup testifies, the gal can bake a mean Toll-House cookie. With her heart interests as varied as her activities, "Hughie" keeps 'em all guessing.

THEODORE HULTGREN

"TED" "MOE"

Born in Colebrook, N. H., February 28, 1922.
 Pastimes: Bridge, Automobiles.
 Activities: Freshman Football; Baseball; Class Basketball; Basketball Team.
 Scholastic Intentions: Northeastern University or New England Aircraft School.
 Ambition: To go to the Army Flying Base at Randolph Field in Texas.

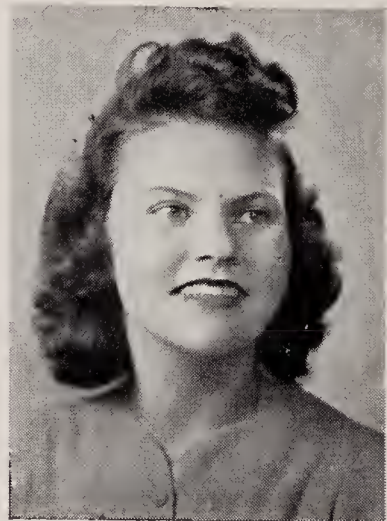

Lean, lanky, and likeable — mad, bad, and dangerous to know — that's "Moe," the handsome, lazy brute of the Senior Class. "Ted" is much better at pulling things apart than he is at putting them back together!! (We mean cars of course). His main interests are basketball, bridge, and women. Of these, he prefers basketball, but the women prefer him. Here's to you, "Ted," a swell fellow, and may you someday own a cigarette factory.

JUNE HUTCHINS

"HUTCH" "CHUBBY CHEEKS"

Born in Winchester, Mass., June 1, 1922.
 Pastimes: Knitting, Sketching, Sailing, Basking in the sun.
 Activities: Dramatic Society I, II, III, IV; Red Cross III, IV.
 Scholastic Intentions: Rhode Island School of Design.
 Ambition: To be a great artist and draw my pay.

She's clever, she's intelligent, she's original, she's artistic, she's individual, she's lovely, she's — she's — she's June!

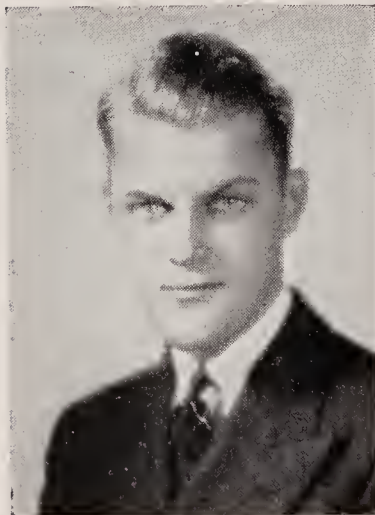

GARDNER JONES

"T. P. L."

Born in Syracuse, New York, November 29, 1920.
 Pastime: Anything with a thrill.
 Scholastic Intentions: Enter Tilton Junior College.
 Ambition: To sleep all day and play all night.

Winchester High has reached the end of another line of students, the Jones's. Gardner, the Jones' baby, since his arrival from New York, has spent the school terms breaking the hearts of the fair sex. The summer finds him down at the Winchester Boat Club playing tennis, ping pong, swimming, or stuffing himself with candy and coke. He is heading North next year to study at Tilton, so blondes, brunettes, and red heads, beware!

MARTIN SOLOMON KATCOFF

"MARTY" "KITTY" "KITTYSNEEZE"

Born in Winchester, November 25, 1922.
Pastimes: Photography, Stamps, Sports.
Activities: Dramatic Society; French Club; Class Basketball; A. A.; Science Club.
Scholastic Intention: University of Colorado.
Ambition: Social studies, medicine.

That fellow you see whizzing around town in a dark red sports roadster is none other than "Marty" Katcoff, the man who loses all his baseball gloves. He does like sports, however; aside from his pet stamp collection and his photographic work, it is his most frequent occupation. Next comes homework. One of Martin's finest characteristics is that beaming smile of his, which no amount of discouragement can wipe off.

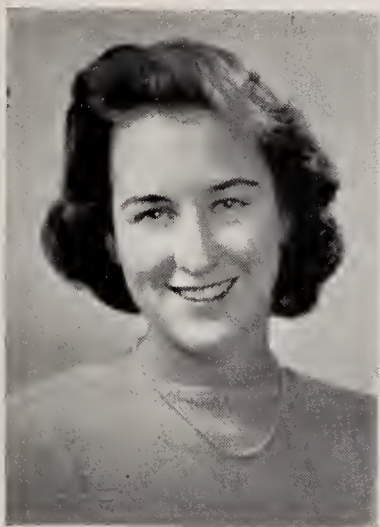

FRANCES ELISABETH KEYES

"FRANNIE"

Born in Newtonville, Mass., July 14, 1922.
Pastimes: Tennis, Knitting, Eating, Playing Golf in the rough, Sailing, Lying in the sun.
Activities: Varsity Tennis I, II, III, IV, Captain III; Class Basketball III; Dramatic Society I, II, III, IV; French Club IV; Science Club IV; A. A. I, II, III, IV.
Scholastic Intentions: Katherine Gibbs.
Ambition: To clear all the Coca Cola signs from the face of the earth.

Sweet, sensitive, slim, and sincere — that's "Frannie"! Although she's rather shy and quiet when one first meets her, her intimate friends know that she can be quite the opposite — full of fun with a capital F. Everyone knows "Fran" for her ability as a tennis player. Her energy and industry in everything she does should carry "Frannie" a long way.

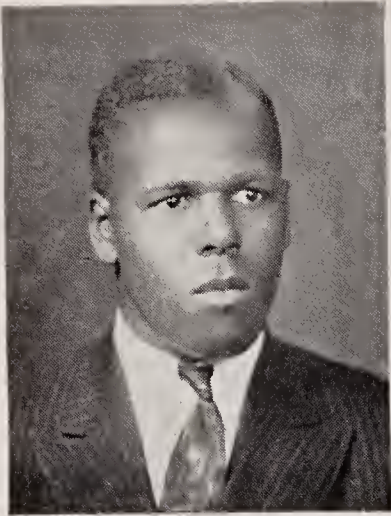

RUTH KINGMAN

"KINGY" "RUFUS" "SKIPPER"

Born in Ohio, August 18, 1922.
Pastimes: Horseback Riding, Sleeping, Arguing.
Activities: Team Hockey; Class Basketball; High-lights; Class Play Committee; "Red and Black"; Science Club; French Club; Chorus; Cum Laude; A. A.
Scholastic Intention: Bradford Junior College.
Ambition: To fall off gracefully, just once!

Our "Rufus" has turned fisherman since entering our fair Alma Mater and has now developed an expert line, guaranteed to keep two or three dangling at once. She is not as cruel as she might seem, but really has a warm friendly heart under her ever-poised exterior. The gray matter in her cranium has no inferiority complex either, as "Rufus" can reel off her well-exercised and well-insured vocabulary with an ease and assurance that astonishes us. In addition to these accomplishments, "Ruthie" really possesses a love and mastery of horses that makes the ever-present spectators gasp with awe as she composedly canters by.

CHARLES B. KIRBY, JR.

"BUTCH"

Born in Winchester, Mass., July 29, 1920.
Pastime: Dancing.
Activities: Chorus II, III, IV.
Scholastic Intentions: Evening school.
Ambition: To be an electrical engineer.

Charlie would make a good vaudeville star. He likes to sing, and dancing is practically his life — and boy, what a life! That boy is good! Although he likes to go to Roseland to hear Duke Ellington and the other big bands, we know he likes even better to go to smaller dances in Everett — the attraction of a good partner is stronger than that of a good band!

ROBERT MERRILL KITCHIN

"BOB"

Born in Boston, Mass., April 12, 1923.
Pastimes: Photography and 920 Club.
Activities: Executive Board Science Club II, III, IV;
Class Play III; Traffic II, III; Chairman of
"Year Book" Photographic Committee; Tennis
II, III; Chairman of Photographic Exhibition;
Cum Laude II, III; A. A.; Thrift Association II,
III; Class Basketball II, III.
Scholastic Intentions: Harvard or Tech.
Ambition: To lean on J. Keeney's shoulder.

Bob is the "punny" boy with the catching smile who is seen so much around school. You all know him as a super shutterbug and a jiving jitterbug, either talking about emulsions or emotions. In spite of his puns, Bob is a swell feller to know for he always sees the happy side of a thing and never fails to supply his witty remarks!

MARION ELIZABETH LAIDLAW

"JUNIE"

Born in Winchester, July 19, 1921.
Pastime: Movies.
Activities: Glee Club II, III; Girls' Chorus IV.
Scholastic Intentions: None.
Ambition: To travel.

Teachers don't have to warn Marion about talking — she's just naturally quiet. Her dimpled cheeks and pretty blush make her popular — especially with the male sex. "Junie" is a hard and faithful worker who never skips doing her homework, or anything else assigned to her. We know Marion will reach the top of the ladder, and make many friends on each rung.

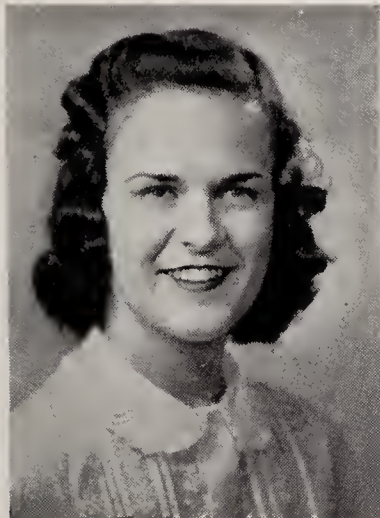

EDITH GUNHILD LAWSON

"EDIE"

Born in Winchester, Mass., January 9, 1923.
Pastimes: Knitting, Skating, and Being Silly.
Activities: A. A.; Chorus; Cum Laude.
Scholastic Intention: None.
Ambition: I wish I had some!

"Edie" is the other half of the famous Ericson-Lawson team. She is a girl whose sense of humor has made her many friends, near and far. It seems that when "Edie" is not in Office Practice, the class is like a morgue. She can always be depended upon to be the proverbial "life of the party!"

ELEANOR RUTH LEDUC

"EL"

Born in Winchester, Mass., June 1, 1922.
Pastimes: Swimming, 920 Club, Dancing.
Activities: Hockey III; Chorus I; A. A. I, II, III, IV;
Recorder III; Traffic Squad II, III.
Scholastic Intentions: Beauty Culture.
Ambition: It's something different every day.

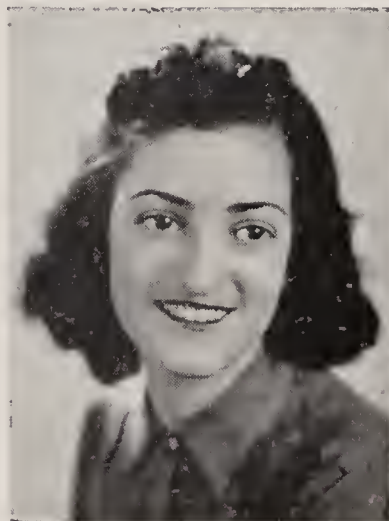

"El," is a happy, fun-loving girl, who is always having a good time. She is known for her winning smile and pleasant disposition. She has a sideline of attracting the opposite sex, but has finally decided on one. (Until the next one comes along!) "Ellie" aspires to make women more beautiful. Some pal! Here's luck to a grand kid!

BEATRICE MARIE LENTINE

"BETTE"

Born in Winchester, November 4, 1923.
Pastime: Movies.
Activities: Glee Club II, III; Girls' Chorus IV; A. A.
Scholastic Intention: Work.
Ambition: To travel.

Whenever we see the bright lovely eyes of a pretty girl, we know it is "Bette" that has made us gasp with amazement. With her winning smile, and magnetic personality, she has made many friends wherever she has been. We know that she will make a marvelous secretary to some lucky man.

NORMA MARION LEO

"TWERP"

Born in Winchester, Mass., November 26, 1922.
Pastimes: Flirting, Skiing, Playing the Piano, Knitting.
Activities: Thrift Association; Library Staff II; A.A. II, III, IV; Cum Laude II, III; Advertising Staff of "Year Book."
Scholastic Intentions: Business College.
Ambition: To find one.

"Twerp" is that little package of dynamite that floats around the corridors of Ye Olde Alma Mater winking at all the males, especially the juniors. Norma has gained recognition as one of the best dressed girls in the senior class by wearing a different striking outfit every day. Norma is one of the few fortunate people gifted with both looks and brains. With this combination, she should go far, and perhaps find her ambition.

EDITH PAULINE LINDSAY

"POLLY"

Born in St. Stephen, N. B., Canada, May 9, 1922.
Pastimes: Knitting, Reading, Bowling.
Activities: A. A.; Cum Laude; Chorus.
Ambition: To play a bag pipe.

Polly appears to be quiet and shy, but she really is the life of the party. Her bright smile is one of her outstanding assets. Not very active in school affairs, she makes up for this outside. She is a conscientious, fun-loving girl who is bound to make a success of herself in this business world. Good luck "Polly"!

MARTHA J. LISI

"MARTY"

Born in Philadelphia, Pennsylvania, August 29, 1922.
Pastimes: Reading, Tennis.
Activities: Highlights; Science Club; Recorder; Library Club; Chorus; Cum Laude; Year Book Staff.
Scholastic Intentions: St. Agnes Hospital, Philadelphia.
Ambition: To be something.

"Marty" is a very conscientious worker. She has plans of becoming a nurse, and won't her dark beauty be striking in a white uniform! Go to it "Marty", but be careful around the curves! "Marty" is one of those silent girls, but she will certainly make her way in this world, even though she does it silently.

MARTHA LITTLE

"LIT"

Born in Winchester, Mass., November 22, 1922.

Pastimes: Skiing, Sailing, Knitting.

Activities: Dramatic Society I, II; A. A. Representative I, II, III.

Ambition: To become engaged the day I graduate from this honorable institution.

Who is that good looking sweater and skirt combination with the blonde hair and happy smile? Although she has never missed a day of school, we seldom see much of her 'cause she is either out of town for the week-end or off skiing on Cannon Mountain. Lots of luck and best wishes in fulfilling your ambition, Martha!

MARY VIRGINIA LOFTUS

"MARY GINNIE"

Born in Winchester, February 15, 1923.

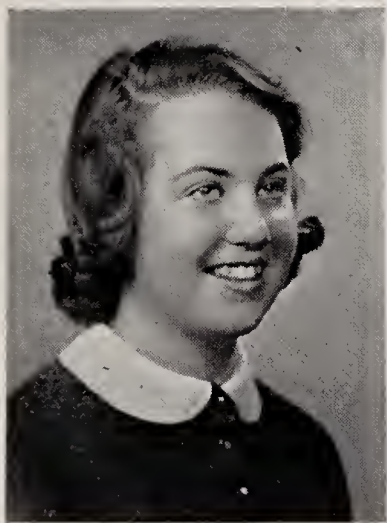

Pastimes: Swimming, Popular Records, Tennis, Horseback Riding.

Activities: A. A.; Chorus; Orchestra; Dramatic Club; Year Book Staff.

Scholastic Intentions: Nursing Course.

Ambition: To own a yacht and sail around the world, or to swim the English Channel!

Did you ever see a smile walking? If you did, it was probably Mary. She specializes in football players and dance records, and manages to find a laugh in practically everything. Between playing tennis, dancing, listening to the very latest swing records, and making more friends, she's a pretty busy girl. Everybody likes "Mary Ginnie"!

JOANN THERESA LUONGO

"JENNIE"

Born in Winchester, May 24, 1920.

Pastimes: Crocheting, Listening to the radio.

Activities: Chorus.

Scholastic Intentions: Undecided.

Ambition: To be a singer.

"Jennie," as she is known to all of her friends, is a very quiet girl; but silence is golden and it certainly is made of gold—that heart of hers. She does a lot of thinking, but never says what it is all about. Anyone who knows her will agree that she's one swell pal!

LILLIAN McAULIFFE

"LIL" "MAGEE" "MAC"

Born in Boston, April 30, 1922.

Pastimes: Dancing, Skiing, Swimming.

Activities: Chorus; A. A.; Yearbook; Vaudeville Show; Cum Laude; Dramatic Society.

Scholastic Intentions: Indefinite.

Ambition: To be a vocalist with an orchestra.

Lil is known as everybody's friend. She always manages to get a laugh and a giggle in at the wrong time and then blushes with all her might. We all know her as the little girl with the big eyes and lovely voice who loves dancing. She has starred in the vaudeville show for the past two years. We all wish you luck Lil, in fulfilling your ambition.

MARY LUCILLE McCARTHY

"BECKY"

Born in Boston, Mass., September 18, 1922.

Pastimes: Music, Sewing, Reading, Drawing, Movies.

Activities: Chorus I, II; French Club III; Cum Laude I, II, III; A. A. II, III, IV.

Scholastic Intentions: Chandler Secretarial School.

Ambition: To be happy.

"Becky" is the girl who goes through her studies with straight A's and leaves us all staggering behind. Her drawing ability cannot be surpassed. Her favorite pastime is buying the latest record for her new "Vic". On first sight one gets the impression that she is very sophisticated, but all of us that know her know that she is really tops—and I do mean TOPS!

KENNETH McCARTNEY

"KENNY" "KEN" "MAC"

Born in Winchester, March 7, 1923.

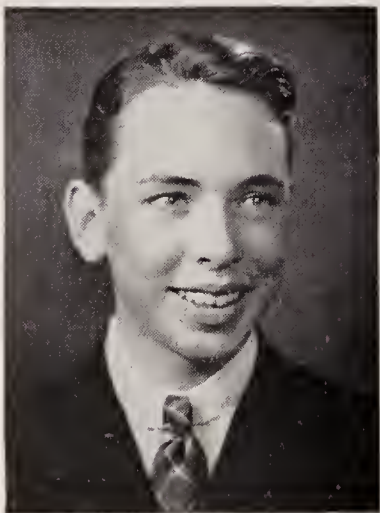

Pastimes: Playing Baseball, Following The Red Sox.

Activities: Banking; Chorus; A. A.

Scholastic Intentions: Bentley School of Accounting and Finance.

Ambition: To travel across the entire United States, and to become a multibillionaire.

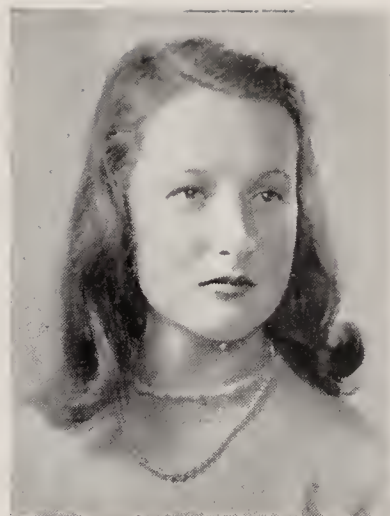

Ah! dear seniors, after four long years of hard struggle, look what the Winchester High has produced! It's "Kenny", a very likeable fellow who has won for himself a host of friends during his High School years. Bentley School of Accounting doesn't know what they're going to get, but we're with you "Kenny" and lots of luck! Boy, will the girls miss you—wow!

EDNA MOORE McCORMICK

Born in Winchester, Mass., January 26, 1923.
Pastimes: Knitting Norwegian Mittens, Eating, Sleeping.
Activities: Dramatic Society I, II, III, IV; Junior-Senior Play III, IV; Class Hockey I, II; Assistant Editor of Year Book; Cum Laude I, IV; A. A. I, II, III, IV; French Club IV; Chorus I, II; Vaudeville II, IV; Picture Committee of Year Book.
Scholastic Intentions: Smith College.
Ambition: To teach Latin at Exeter.

Edna is the girl with the long, smooth, blonde bob who is always ready for any kind of fun. Whether it's playing the leading role in our Class Plays, or knitting Norwegian mittens for J. Keeney, she's tops! Edna is sometimes rather quiet, but underneath there is a lot of pep. Popular with the boys and girls alike, Edna has a host of good friends who'll agree that she's worthy of all the success she's bound to get.

DOROTHY LOUISE MacDONALD

"DOT" "TWIN"

Born in Winchester, October 4, 1920.
Pastimes: Reading, Skating, Swimming.
Scholastic Intentions: Undecided.
Ambition: Marry a million.

Only their closest friends can tell the twins apart, but we're absolutely certain that this is "Dot", the dictator of the two. You'd never see "Dot" rushing to a class for she has the idea there's usually "a bunch of foolishness" ahead. She'd rather read a book with action (looking for pointers maybe?) So to the fancy free one of the pair, we wish happiness when she settles down with a husband plus a million (and from what we hear, she's on the right track)!

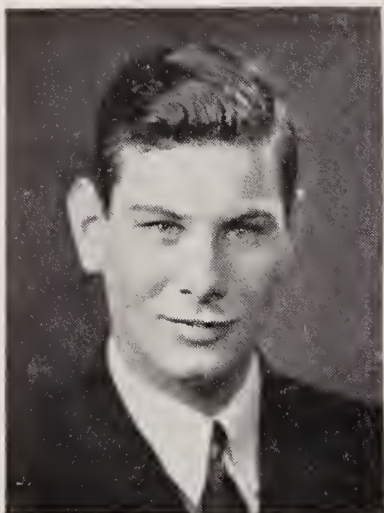

LILLIAN MARJORIE MacDONALD

"LILL"

Born in Winchester, Mass., October 4, 1920.
Scholastic Intentions: Undecided.
Ambition: To be a kindergarten teacher.

"Lill" is part two of our famous 1940 class twins. Everyone that knows "Lill" finds her to be the truest of friends. Of course, all winter "Lill's" interests are centered around a certain young man from Medford — but Gloucester's the place in the summer! "Lill" is sure to succeed if she follows her ambition to be a kindergarten teacher. Lucky kiddies!

WILLIAM ROBERT MacEWEN

"BILL" "NO SALE"

Born in Brockton, Mass., August 15, 1922.

Pastime: Pat Cole.

Activities: Football IV; Basketball IV; French Club IV; Picture Committee; (Spent last three years in prep school).

Scholastic Intentions: Bates.

Ambition: To join the Foreign Legion.

We certainly have to take our hats off to "Bill"! A newcomer, yes!—but that didn't cramp his style. He stepped right into our hearts with much gusto. A member of the football, basketball, and baseball teams, he still finds time to take part in outside activities. It's hard to imagine that the Dr. Jekyll who keeps us in stitches with those corny gags can really turn into a Mr. Hyde — with common sense and brains to spare!

MARY ANN McGOVERN

Born in Winchester, July 2, 1923.

Pastimes: Knitting and Reading.

Activities: Chorus.

Ambition: To travel in Spain.

Mary is that senior girl with an ambition to travel to Spain. We hope she gets that trip to Spain and feel sure that that sparkle in her eye won't fail to attract some handsome Spanish senior. Mary spends most of her time reading. She also enjoys the movies and goes to the theatre often. We wish Mary all the luck in the world in whatever she does.

HELEN GERTRUDE McGURN

"BABE"

Born in Winchester, Mass., August 7, 1923.

Pastimes: Knitting, Collecting Movie Pictures, and All Sports.

Activities: A. A. I, II, III, IV; Basketball IV; Honor Roll I, II; Chorus I, II, III, IV.

Scholastic Intentions: Undecided.

Ambition: To be Gracie Allen's secretary when she gets into the White House.

Helen is that small bright-eyed girl who is always willing to lend a helping hand. Every Sunday and Thursday will find the "Charming Helen" holding down a seat at the Winchester Theatre — to see the "Main Attraction?" We wonder! But whether Helen is at the theatre or dashing about the fair town of Winchester with a sparkle in her eye, we will not rest easy, for it is a sign that something is in the wind, and we can expect one of a million different pranks.

JOHN McMINAMIN

"MAC"

Born in Winchester, Mass., August 15, 1922.
Pastimes: Baseball, Hockey, Swimming.
Activities: Red Cross IV; Class Basketball I, II.
Ambition: To be a Certified Public Accountant.

"Mac" is the proverbial "strong and silent" type, but when he does talk it means a lot and everyone listens. Modest about his talents, and unassuming in his manner, he has gained the friendship and respect of all who know him. And, of course, you remember "Mac," the master of flying feet, in the vau-devil shows for the past two years!

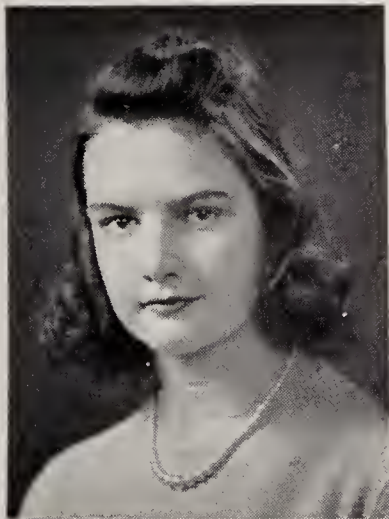

DOROTHY LOTHROP MARASPIN

"DOTTIE"

Born in Malden, Mass., January 2, 1923.
Pastimes: 920 Club, Cape Cod, Playing Bridge.
Activities: Thrift Association I, II, IV; Advertising Board of Year Book Staff IV; A. A. I, II, III, IV; Dramatic Society III, IV; French Club IV.
Scholastic Intentions: Mt. Holyoke.
Ambition: To go to college.

Dot is the tall, attractive young lady who is one of Swing's most devoted fans. She spends her summers on the cape, where, from what we hear, there is always plenty going on! Dottie is a dependable, capable, girl, and a hard worker—a girl whom any college will be lucky to get.

BARBARA MAXSON

"BARBIE" "BIBS" "BOB" "MAX"

Born in Jersey City, New Jersey, September 6, 1922.
Pastimes: "Gally," Telephoning, Dancing, Collecting Records, and Day Dreaming.
Activities: Traffic Squad III; French Club III; Class Basketball III; Assistant Manager of Varsity Basketball III; Manager IV; President of Library Club III; Member IV; Ticket Committee for Junior-Senior Play IV; Chairman of Advertising Staff of Year Book IV; Cum Laude; A. A. II, III, IV; Vaudeville Ticket Committee IV.

Scholastic Intentions: Cornell University.
Ambition: To live the life I love.

"A friend to everyone is a friend to no one" could no longer be truthfully said after knowing "Bibs". As popular as she is sincere, she knows how to be a real friend. A clever sense of humor, a twinkle in her eye, and a merry smile prove her pleasing personality. A conscientious worker between telephone conversations—she knows all the answers. Confidently, the people who don't really know "Bibs" are missing a lot of fun!

ANN ELIZABETH MELANSON

"BETTY" "BETTY ANN" "H.G.C."

Born in Chelsea, Mass., August 5, 1922.

Pastimes: Knitting, Swimming, Arching, Bowling, Eating.

Activities: Chorus; A. A.; Recorder; Class Hockey; Traffic.

Scholastic Intention: Chandler.

Ambition: To get enough sleep.

"Betty" is that tall smooth-looking girl whom we see walking around school with that beautiful blonde hair that everyone admires so much. In school "Betty" appears to be rather shy and quiet but once outside we find that she is one of the best of companions. One really can't tell, but they say her heart belongs to "camp".

FRANK MIGLIACCI

"MIGGY"

Born in Winchester, Mass., November 9, 1922.

Pastimes: Skating, Swimming, Football, Baseball.

Activities: Baseball; Vaudeville Show; Traffic; A. A.

Scholastic Intention: Night school.

Ambition: Aviator.

"Frank" is a perfect friend to have — what more can we say? He's quiet, but good-natured, studious, but by no means a grind. Of course, we all know him because he pitches for the baseball team — (he's the reason for at least half the girls at the game being there). Sunday is his favorite day because on Sundays he keeps busy all day! What's the story, "Miggy"?

AGNES LOUISE MILLICAN

"JHONNY" "WEEZ"

Born in Manchester, N. H., February 27, 1922.

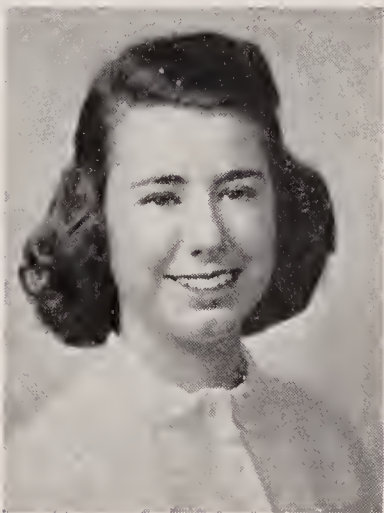

Pastime: Getting far from the maddening crowd.

Activities: Orchestra III, IV; Chorus I, II; A. A. II; Red Cross III; Dramatic Society III; Traffic Squad IV; French Club IV.

Scholastic Intentions: Radcliffe College.

Ambition: Germany needs a spy.

Who is that little girl behind that great big cello? Why that's "Weezie," guardian of the beach! Here she spends all her spare time in some mysterious manner. "Jhonny" looks so fierce as she stands on traffic, but all you have to do is say "won't" to her "no talking" to find she has the most delightful dimples when she smiles. Louise may be the last of the Millicans, but she is by no means least.

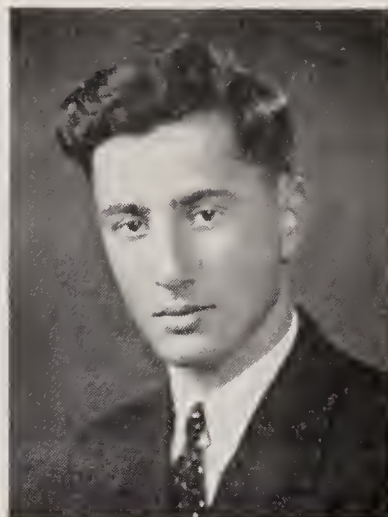

CARMINE JOSEPH MOLINARO

"BILL" "BLECH" "IRON MAN"

Born in Winchester, June 8, 1922.
Pastimes: Hiking, Reading, Fishing, Football, Driving.
Activities: Football; A. A. Member; Red Cross; Chorus; Class Basketball.
Scholastic Intentions: College.
Ambition: To travel abroad in Italy and France.

Here he is—that man about town, a fine friend and athlete, who at this time is not interested in the opposite sex, but takes to his work with great interest. He's one of Winchester's finest students, who expects to be a great man before he dies. There's nothing Bill likes better than a good heated argument and that's where he shows his determination. He's a hard man to beat!

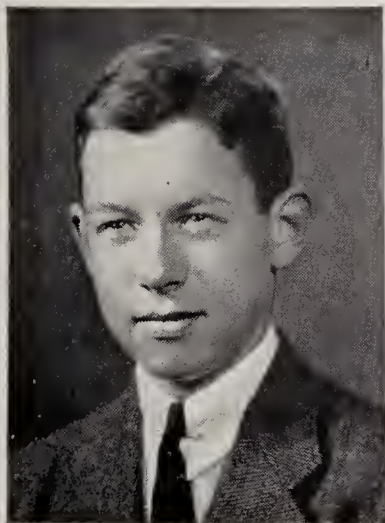

CHARLES WILLIAM MORRILL, JR.

"CHARLIE" "BUD"

Born in Winchester, Mass., April 30, 1923.
Pastimes: Sailing, Skating, Baseball.
Activities: Cum Laude I, II, III, IV; Class Basketball II, III; Science Club III, IV; Secretary IV; Co-chairman of Tickets for Vau-devil Show IV; Dramatic Society I, II, III, IV; Ring-Pin Committee IV; A. A. I, II, III, IV; Cheer Leader IV.
Scholastic Intentions: Cornell.
Ambition: To be ambitious.

"Charlie" is a lad who makes it a point to be everybody's friend. He's always right there with the answer, whether it be trig, solid, or history. "Charlie" specializes in everything from airplanes to corny puns, and also wields a mean hockey stick. He's an all-round swell guy who makes up for his size with his personality. Best of luck to one who deserves it!

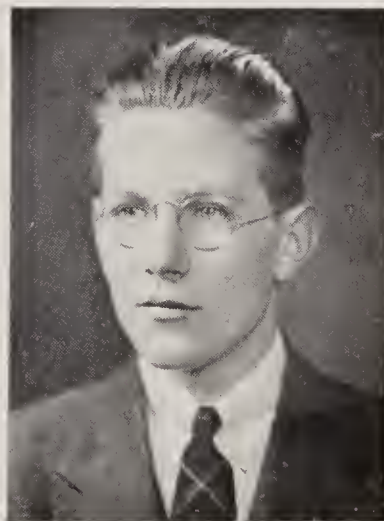

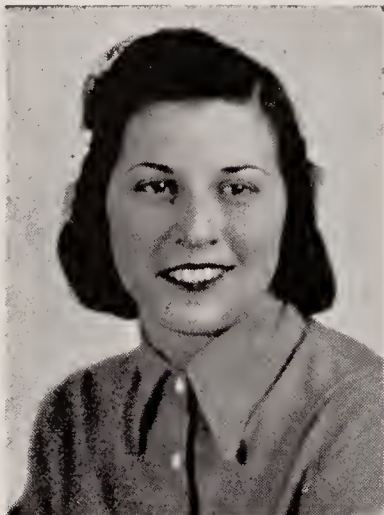

RICHARD MORTENSEN

"DICK"

Born in Jamaica Plain, Mass., July 20, 1921.
Pastimes: Fishing, Bridge.
Scholastic Intention: Boston University.
Ambition: To be healthy, wealthy, and single.

"Dick" is the dashing young Romeo who can be found any Friday or Saturday night patrolling the streets and lanes of Marblehead with one of his many "friends." "Dick" is an ardent lover of fishing, even though it is very seldom that he catches much more than a cold. "Dick" is at his best in a game of three-handed bridge. He can deal from the bottom faster than Culbertson can from the top.

FRANCES MARIE MURACO

"CHICKIE"

Born in Winchester, April 2, 1921.

Pastime: Movies.

Activities: Glee Club I, II; Girls' Chorus IV; Chorus I, II.

Scholastic Intentions: Business School.

Ambition: To earn enough money to travel around the world, or to have a car of my own.

"Chickie" is witty, brilliant, and sparkling, and possesses much of the devil's mischievousness. No matter what tune the orchestra is playing, "Chickie" is always ready, willing, and able. We wonder what a dance would be like without our little jitterbug. We are confident that she will be a success in whatever line of work she takes up.

WALLACE GRAHAM MURPHY

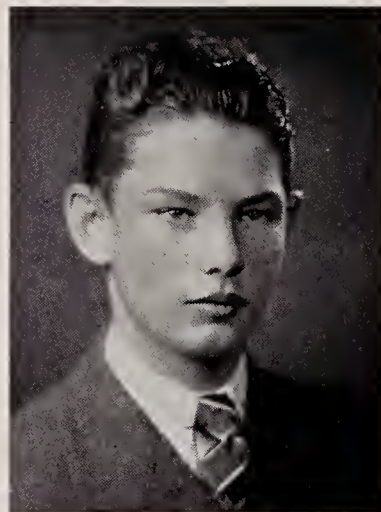

"MURPH"

Born in Winchester, Mass., December 7, 1922.

Pastimes: Reading Sea Stories and Boat Modeling.

Ambition: To sail to Hawaii in my own 50 ft. schooner.

Graham Murphy, intimately known as "Flash," sees everything, hears everything, and knows nothing. Although he bears some resemblance to "Gargantua" (around the feet) he's one of those persons whom everyone should know: a clean sport, a good athlete, and a sincere friend. He can tell you anything about deep-sea fishing because he spends his summers on a schooner. It is rumored around town that if one asks him what the Grand Banks are, he'll reply by saying, "They're banks where only a million dollars can be kept". Seriously, here's to one of the nicest boys we know!

JOHN FREDRICK NASH

"BUDDY" "GUS" "LITTLE I"

Born in Winchester, Mass., June 24, 1921.

Pastimes: Swimming, Dancing, Roller Skating (indoor), All Sports.

Activities: Football II, III, IV; A. A. I, II, III, IV; Chorus I, II, III, IV; Class Basketball I, II, III, IV; Vaudeville Show I, IV; Cheer Leader I, II.

Scholastic Intentions: Undecided.

Ambition: To be successful in whatever I do.

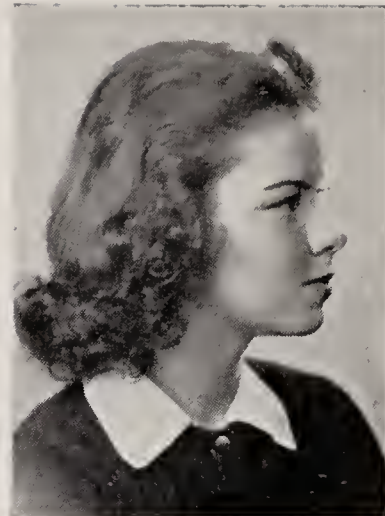

"Buddy" is one of those sun-tanned life guards who protect the swimmers at Wedge Pond Beach during summer vacations. He is also quite a man with the women — but what girl wouldn't fall for such a handsome physique topped with that dark, curly hair. Clark Gable is heard to be extremely anxious about his control over feminine hearts!

MARY ELIZABETH NASH

Born in Winchester, Mass., June 16, 1923.
 Pastimes: Swimming, Roller Skating (indoor).
 Activities: Red Cross Representative I; A. A. I, II, III, IV; Chorus I, II, III, IV; Girls' Glee Club IV; Basketball II, IV.
 Scholastic Intention: Chamberlin School.
 Ambition: To be a buyer for a large store.

Who is that vision of loveliness who just vanished into the library? Why don't you know that's Mary Nash, the girl with the beautiful clothes. Not only has she a genius for clothes, but a genius for sports as well. Mary is another of those people who love to argue, but has such a winning way that you hardly ever know that you have been thoroughly trounced. Anyway Mary — here's to you.

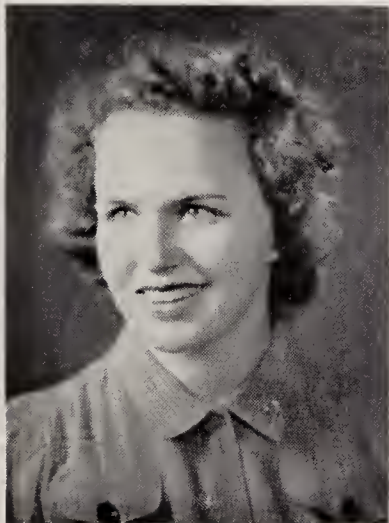

MARION NEILEY

"SUNNY" "NEIL"

Born in Winchester, Mass., September 14, 1922.
 Pastimes: Eating, Knitting, Skiing, Diving.
 Activities: Red Cross I; Baseball I; Vaudeville II, IV; Class Hockey III; Dramatic Society I, II, III; Chorus III; Science Club; Junior-Senior Class Play Committee IV.
 Scholastic Intentions: University of Maine.
 Ambition: None whatsoever until 11:00 A.M.

"Sunny", known to a few intimates as "Jigsy" (Sh, don't let her know we told you), is the girl with that heavenly head of hair whose main interest seems to be walking the corridors. She says that she has no ambition until 11:00 A.M. However, we think she has her A's and P's mixed. Nice race, Sunny! Was the prize worth it?

ELIZABETH A. NICHOLS

"PICKLES" "LY"

Born in Hartford, Connecticut, October 24, 1922.
 Pastime: Having Fun.
 Activities: Dramatic Society I, II, III; Library Club I, II, III; French Club IV.
 Scholastic Intention: Wellesley.
 Ambition: To be able to understand why people do the things they do.

"If at first you don't succeed, try, try, try again." "Pickles" is the girl who believes in this theory wholeheartedly. She is persistent and courageous, and refuses to fall down below her standards. She appears to be hard to get acquainted with, but when you have once passed her barriers, you have never found a more understanding friend. She disregards her own feelings entirely, and is always helping the other fellow up from despair. "Pickles" loves life and does everything in her power to get the best from it.

NANCY ANN NICKERSON

"NANNY" "NIKI" "SKIPPER"

Born in Winchester, Mass., May 19, 1922.

Pastimes: Music (Violin), Golf, Horseback Riding.

Activities: Orchestra I, II, III, IV; Chorus I; French Club IV; Science Club III, IV; Advertising Committee of Junior-Senior Class Play IV.

Scholastic Intentions: Walnut Hill School.

Ambition: To spend the night in jail!

Have you ever seen "Niki" promenading with a gentleman from Missouri on sunny afternoons and afternoons not so sunny? Oh, what a picture! Where is my palette and brush? A touch of gold for curly blonde hair, a splash of azure for big blue eyes, a dash of pink for peaches and cream complexion, and a quarantine card for an infectious laugh.

MARION ALICE NOWELL

Born in Winchester, April 10, 1923.

Pastimes: Reading, 920 Club, Skating, Dancing.

Activities: Cum Laude; Traffic.

Scholastic Intention: Business school.

Ambition: To retire.

Marion is that girl with the pleasing smile and the charming personality who is always bursting with news for her homeroom friends, (news concerning a certain young man from Woburn, Mr. X). But behind Marion's happy-go-lucky spirit is one of determination. She will get to the top, even though her ambition is To Retire.

RUTH ANNA O'CONNELL

"RUTHIE"

Born in Winchester, Mass., April 27, 1923.

Pastimes: Dancing, 920 Club, Hiking.

Activities: Orchestra; Chorus; Cum Laude; Class Night Committee; Vaudeville Show.

Scholastic Intentions: Fisher's.

Ambition: To be "The Perfect Wife".

"Ruthie" is that graceful blue-eyed young lady who dances so divinely, as those who saw her in the Vau-Devil Show will agree. I hear "Ruthie" loves the song "Oh Johnny!"—but everybody sings that appropriate tune "Chatterbox" when "Ruthie" is around. Ruth is a wonderful cook and adores children so she should fill the bill for "The Perfect Wife". Seriously, she's the best of sports and an all-round good fellow, whose motto is "Never Hurry".

TIMOTHY JAMES O'LEARY

"TIMMY" "SPARKY"

Born in Winchester, Mass., October 30, 1923.
 Pastimes: Hockey, Girls (especially Winchester girls), Baseball, Reading Esquire.
 Activities: No. 5 of the Sparky Club; Traffic Squad; A. A., member four years.
 Scholastic Intentions: Boston College.
 Ambition: To be successful or a millionaire.

"Sparky" is rather a quiet person, but his personality changes when he gets with the gang (Sparky Club). A regular visitor to the Boston Gardens, "Tim" is one of the Olympics most loyal fans, being present every Sunday afternoon of the season. Girls here is your chance to help "Sparky" get rid of his bashfulness. When a girl looks at him, if he doesn't fall down, he turns crimson standing up.

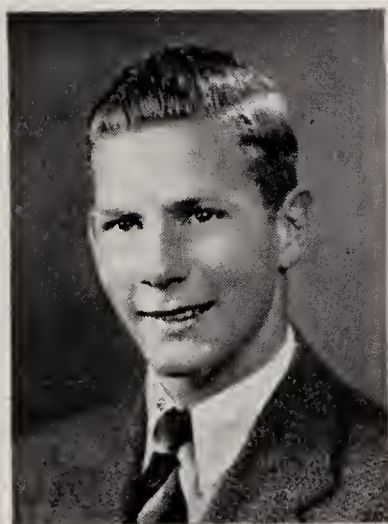

WILLIAM CRANE PALSON

"BILL"

Born in Gloucester, Mass., August 2, 1922.
 Pastimes: Hunting, Fishing, Skiing, Skating, Canoeing.
 Activities: Science Club III, IV; President of Science Club IV; Varsity Track III, IV; Varsity Cross Country IV; Captain of Cross Country IV; French Club IV; Dramatic Club IV; Traffic Squad IV.
 Scholastic Intentions: Harvard.
 Ambition: To be an Olympic runner and a good Chemist.

"Bill", as William Crane Palson is commonly called, is a tall, blonde and handsome fellow, referred to by some of the girls as the "Greek God of W. H. S." Imported from Braintree two years ago, "Bill" quickly won a place in the hearts of his fellow students as an outstanding cross country, and track man and an alleged woman hater. (We know differently). "Bill" is a quiet fellow until once started off, and then he really goes to town. Mr. Keeney knows!

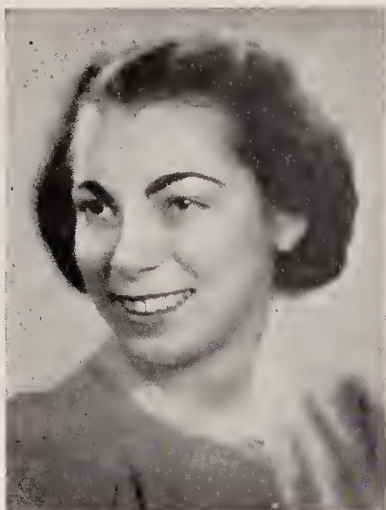

JOHN BRIAN PARLETT

"JACKIE"

Born in England, May 18, 1923.
 Pastime: Hockey.
 Activities: Track II, IV; Football III; A. A.; Hockey IV.
 Scholastic Intentions: None.
 Ambition: To take up aviation and become a pilot.

Hats off, here comes that Tornado "Whacky" Partlett, the sole supporter of the minority group of a Problems discussion. "Whacky" must have umph,—or is it just the wave in his golden brown hair that makes him so popular with the women? This human vitamin has dabbled in all sports. Jackie is a clear thinker, and will stick to his ideas if he thinks they are right. His pleasing personality will win him the title of success.

FLORENCE MILDRED PENTA

Born in Winchester, Mass., October 6, 1921.
 Pastimes: Bicycling, Reading, Dancing.
 Activities: A. A.; Chorus; Thrift Association.
 Scholastic Intentions: College.
 Ambition: Surgical Assistant to "Killer".

Florence is a quiet conscientious worker. At anytime of the day you will see her hurrying back and forth between rooms 10 and 12, always with a smile of contentment on her face, happy because she enjoys the type of work she is doing. Keep up the good work Florence, some day you will be private secretary to "Killer".

JOSEPH PAUL PERRY

"JOE"

Born in Winchester, Mass., April 2, 1922.
 Pastimes: Track, Skating, Baseball.
 Activities: Freshman Football: Track; A. A. Member I, II, III, IV; Traffic Squad I, III, IV; Intramural Basketball.
 Scholastic Intentions: Aviation school.
 Ambition: To keep the girls out late at night.

Joe is that fascinating fellow who agrees with everything Miss Parker says and does. But this is not so strange, because, if you know him at all, you are conscious of the fact that Joe possesses a definite "way" with the fair sex. He's a go-getter and a strong-willed boy who will go far!

JEAN MAY PFAFF

"PFAFFIE"

Born in Somerville, Mass., March 2, 1922.
 Pastimes: Music, Dancing, Reading.
 Activities: Dramatic Club I, II; A. A. I, II, III, IV; Red Cross Representative IV; Science Club II; French Club IV; Chorus; Glee Club.
 Scholastic Intentions: Katherine Gibbs.
 Ambition: Private Secretary.

Jean is the girl who has recently acquired a "Harvard accent". She is definitely one of the school's flirts. There is something about the twinkle in her eye, and her provocative smile that makes her Winchester's Ann Sheridan. When Jeanie leaves school there will be a number of undergraduates in mourning, although lately she seems to be chiefly interested in taking care of a "Bill" ???

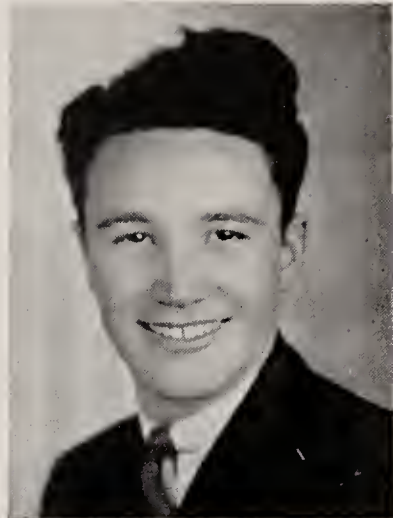

CHARLES MARIO PIETRANTONIO

"PIET" "DEACON" "PLAYMATE"

Born in Winchester, Mass., May 29, 1921.
Pastimes: Collecting Sport Articles, Baseball, Basketball.
Activities: Traffic Squad; Class Basketball.
Scholastic Intentions: Work.
Ambition: To become a sports' commentator or sports' announcer.

"Piet" lives in a sport world surrounded by sports. His scrapbooks containing records of all the outstanding sports events are really something to look at, and he's an authority in almost every field. He'll hold a great place as an announcer or newspaper columnist with his knowledge of what goes on in the sports world. And this is only one quality that makes him such an interesting person.

LAWRENCE PRIME PINKHAM

"PINK" "LETHAL LARRY"

Born in Winchester, Mass., March 29, 1923.
Pastimes: Walking beats with policemen and trying to understand women.
Activities: Red Cross; Traffic; A. A.
Scholastic Intentions: Northeastern Law School.
Ambition: To be a Selectman of Winchester.

"Lethal Larry" Pinkham, also known to his friends as "L. Q.", is definitely an individualist. His interest in the faze of police work has prompted him to pursue a career in law, and we predict he will go far if he maintains his gift of arguing. L. Q. is, to the casual observer, quiet and unassuming, but to those who know him more intimately, he represents a model of keen wit and companionship. If we are any judge, Lawrence will be a valuable addition to any community.

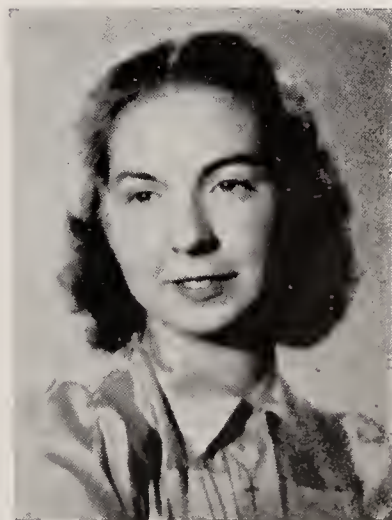

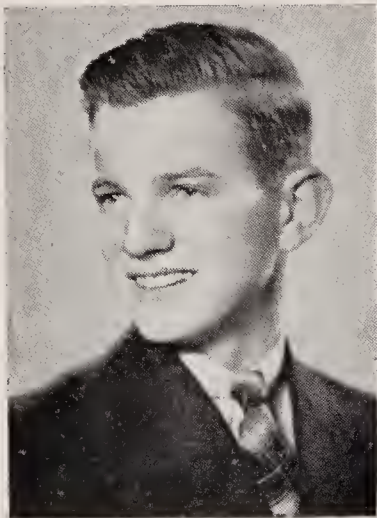

IRENE ELIZABETH POWERS

"BET"

Born in Winchester, October 8, 1921.
Pastimes: Listening to 920 Club, Dancing, Hiking.
Activities: Cum Laude; Science Club; Chorus.
Scholastic Intentions: Business school.
Ambition: To travel—especially to Panama with Olga, Lee, and Connie.

"Lots of play and little work" is the motto that Irene used to create such a charming personality and winning smile. She certainly has the technique of breaking the hearts of the Woburn boys (especially Joe). Everytime you see "Duchess" she is either practicing a new dance step or just bubbling over with news. We know that in spite of all her gaiety, she will make a good secretary.

B. THOMAS PRESTON

"TOM" "IZA"

Born in Winchester, Mass., January 7, 1923.

Pastimes: Skiing, Diving, Tennis, Bowling, Gymnastics.

Activities: Gym Team I, II, III, IV; Class Basketball III, IV; Vaudeville Show I, II, III, IV.

Scholastic Intentions: University of Vermont.

Ambition: To get a pilot's license.

"Tom," the diminutive package of dynamite, is a well-known figure in the senior class. "Iza" is usually associated with Model A Fords and their parts. He has been visiting Vermont of late, and the rumor is that some Vermont lassie has captured him. Well, no matter where he is "Iza" will go far in his own original way.

CONCETTA PROCOPIO

"CONNIE"

Born in Winchester, October 11, 1923.

Pastimes: 920 Club, Reading, Baseball.

Activities: A. A.; Cum Laude I, IV.

Scholastic Intentions: College.

Ambition: To own a box seat at Fenway Park, and to go to Panama with Olga, Leona, and Irene.

To look at "Connie" you'd never guess that she's an ardent baseball fan. Those large, soft brown eyes practically sparkle out of her curly head when she's sitting in Fenway Park, watching the bases being run. This petite Miss has a smile big enough and a spirit ambitious enough for two or three giants!

CARL IRVING PYNN

Born in Winchester, June 13, 1922.

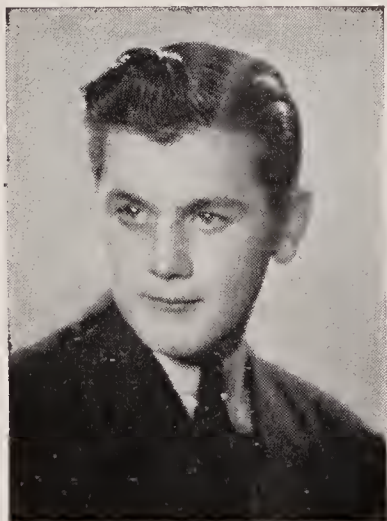

Pastimes: Reading, Sleeping, Eating.

Activities: Red Cross I, III; Thrift Association II, III; A. A., Member I, II, III, IV.

Scholastic Intentions: Air Conditioning School.

Ambition: To have what I want when I want it.

Carl is one of those fellows who believe that variety is the spice of life. He also loves anything with an engine in it. He delights in hearing the girls squeal as he takes a corner in the "Oldfield" manner. Liking to dance, he can be found most any night taking somebody's house apart as he really goes to town on the "jive" or "stomp".

ANNETTA MAE RALSTON

"LEFTY" "ANN" "NETTA"

Born in Vancouver Island, Canada, June 16, 1922.
Pastimes: Swimming, Tennis, Skiing.
Activities: Chorus; Orchestra; Girls' Glee Club;
Recorder Staff; Red Cross; Library Club.
Scholastic Intentions: Secretarial Work.

Annetta is the pretty brunette who is noted for her winning smile, her bashfulness, and her willingness to help everyone. She is an accomplished violinist, but few students are aware of it because she is so modest and unassuming. To be a close friend of Netta's is an honor, for she symbolizes the type of a person every girl hopes to be.

ALICE RITA REDDY

"AL"

Born in Wilmington, Massachusetts.
Pastime: Reading.
Activities: Athletic Association Member.
Scholastic Intentions: None.
Ambition: To be as happy in the future as I have been in the past.

Alice is that little girl with the big personality! People like her the instant they see her for one reason or another. Perhaps it's her charming smile or her sunny disposition. It might be that spontaneous humor with which she's been gifted. Whatever it is, that "gets" us will guarantee that her ambition is "in the bag".

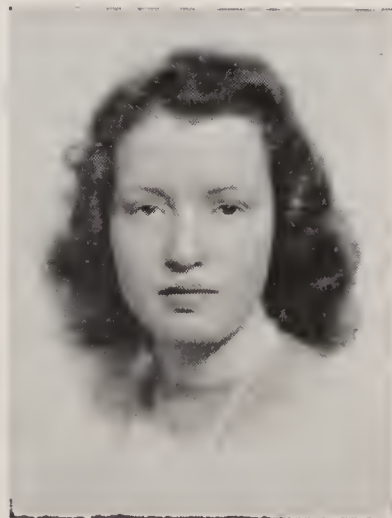

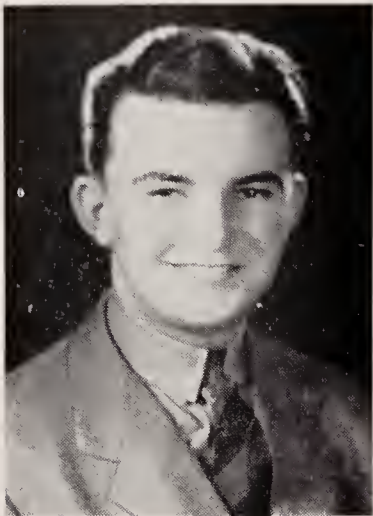

JEAN MARIE REGAN

"REGGIE"

Born in Boston, Mass., November 17, 1922.
Pastimes: 920 Club, Writing Letters, Tennis.
Activities: Cheer Leader II, III; Class Hockey III;
Traffic III; Nominating Committee Junior Class.
Scholastic Intention: Regis College.
Ambition: To enjoy life in the future as much as I have in the past.

"Red" is that tall gal with the big brown eyes and beautiful red hair that we have all "heard" around school. Her ambition is to get all the fun she can out of life, an ambition which has been realized thus far. We are told that "Red" is pretty fond of Holy Cross men (or should we say "man")! Wherever you go and whatever you do, "Red," we're sure you'll succeed if you always have the pep and energy you have now.

JOHN JOSEPH REGAN, JR.

"JACK" "SPARKY"

Born in Winchester, Mass., September 19, 1922.
Activities: Class Basketball III, IV; Track I, II.
Scholastic Intentions: Donahue's Civil Service School.

Ambition: To make a million dollars and to spend a week in Hollywood with Ann Sheridan.

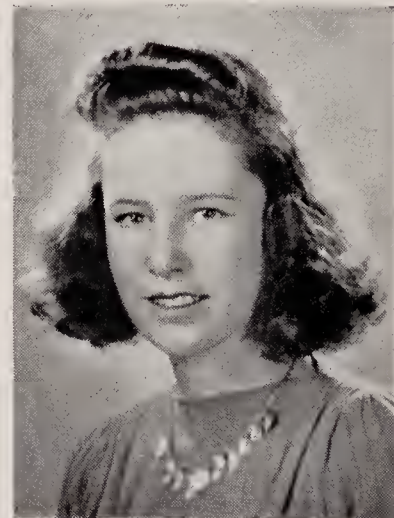

"Sparky" is no softy (he'd have to be strong to "throw the bull" as much as he does), but he certainly is a first-rate ladies' man. We haven't the slightest doubt that he will fulfill his ambition — the Ann Sheridan part, of course. Wine, women, and song — he's not original, but that's what he calls a perfect evening. On the other hand, he can hold his own with anyone who wants a good argument — and what a mess he makes out of those pins with the first ball at the alleys!

LEONA OLIVE ROBERTS

"LEE"

Born in Charlottetown, Canada, February 10, 1922.
Pastimes: Tennis, Swimming, Skating, Walking.
Scholastic Intentions: None.
Ambition: To pass English and to travel to Panama with Connie, Olga, and Irene.

Lee is certainly a grand person! She can always be relied upon to pull through—whether it's acting as forward on the basketball court or pulling a pal out of the depths of despair. Although she has every reason to be happy here, her ambition lies down in the "South American way". We wonder what attraction Panama holds! Good luck, Lee, you'll get there!

SYLVIA PRICE ROBINSON

"SYL"

Born in Boston, April 26, 1922.
Pastimes: Having Fun, Music.
Activities: Junior-Senior Play IV; Library Club IV; Dramatic Club IV; Chemistry Club IV.
Scholastic Intentions: Jackson College.
Ambition: To be the wife of an ambassador.

Our woman of the world is "Syl"! She is always bubbling over with wim, vigor, and vitality, never lacking in enthusiasm for whatever comes along. Take an outstanding actress, a sincerest of friends, a conscientious worker, and gal full of fun; add them together and watch what you get—Sylvia!

MILDRED COOPER ROGERS

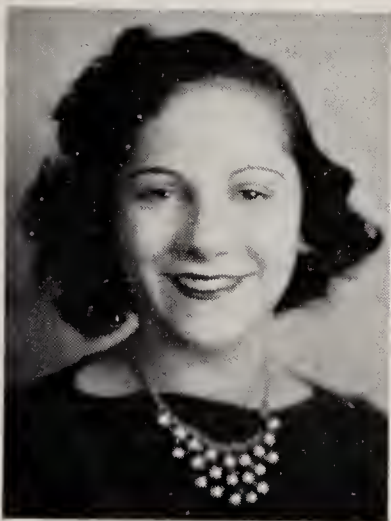

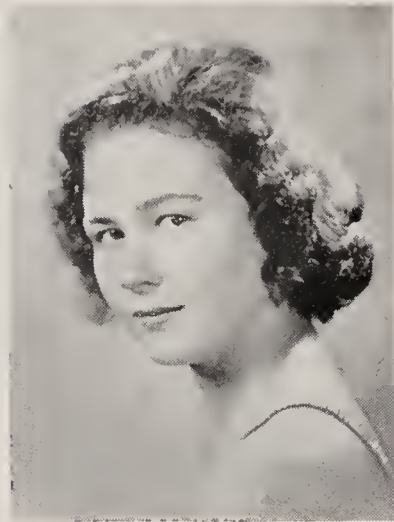

"MIL"

Born in Belfast, Maine, May 24, 1922.

Activities: Red Cross Secretary II; Dramatic Society President III; Treasurer IV; Hockey Team II, III, IV; Basketball III, IV; Class Tennis Team I; Chairman Junior-Senior Class Play IV; Committee Junior-Senior Class Play III; Dramatic Society I, II, III, IV; French Club III; Science Club IV; Thrift Association III, IV; A. A. Dance Committee II, III; A. A. Representative I, II; A. A. Member I, II, III, IV; A. A. Banquet Committee I, II, III; Chorus I, II, III; Vaudeville Committee II, III; Secretary of Junior Class; Junior-Senior Prom Committee III; Rings and Pins Committee IV.

Ambition: To always be pleasantly occupied and never have time to be bored.

Clear the way, world; here comes the vivacious Roger(s)! Breezy as a shore wind — sparkling as a soda — an engaging combination of cool sophistication and warm-hearted naivete — you'll love her, 'cause sportsmanship's her aim and popularity her crown. "Mil," you've been a signal success, so sail on to a fair future!

OLGA ELLEN ROLLI

"SPARKY" "OLLIE"

Activities: Member of A. A.

Ambition: To travel to Panama with Irene, Connie and Leona.

Pastimes: Walking, 920 Club.

Ollie is one of those girls who spends most of her time out of town. Her time is divided among Belmont, Arlington and Everett. (Mostly in Belmont.) Sparky keeps the telephone lines between Belmont and Winchester open most of the night. Where does she find so much to talk about? She really isn't half as effective over a wire as she is in person — not a bad eyeful, n'est-ce pas?

AGRIPPINO JAMES RUSSO

"BEBE" "SONNY" "SPARKY"

Born in Winchester, Mass., March 29, 1920.

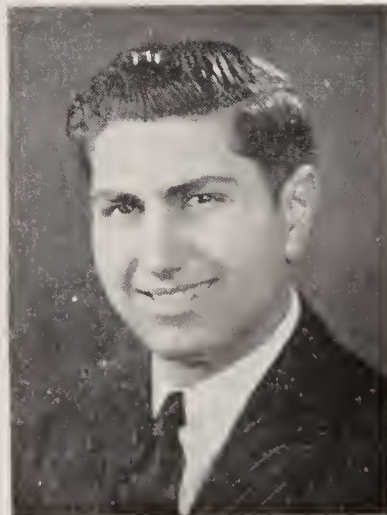

Pastimes: Reading, Fixing Automobiles.

Activities: A. A. Member I, IV; Chorus; Red Cross I, II; Lunch Room Squad.

Scholastic Intentions: To go to a vocational school for auto mechanics.

Ambition: To own and operate an automobile repair garage.

Bebe is our class mechanic, and a very good one at that. He is supposed to take piano lessons in South Boston, but we know for a fact that he is so jealous of the good looking Winchester boys that he has a mortgage on his dream girl while he's gone. Besides being Miss Nivin's pride and joy, he is also a good debater, especially when someone else is right and he is wrong.

CATHERINE SARACCO

"KAY" "SHRIMP" "PEANUT"

Born in Italy, July 5, 1923.

Pastime: Reading.

Activities: Red Cross; Honor Roll; A. A.; Basketball; Banking; Year Book Committee; Junior and Senior Prom Committee.

Scholastic Intentions: Work.

Ambition: To meet Nelson Eddy!!

The old saying "Good things come in small packages," might well apply to "Kay". She has a way of getting things done without the slightest bit of fuss. She is a quiet and efficient worker, and a permanent honor roll member. "Shrimp" is a bundle of sweetness, and her lovely smile, sparkling eyes, and pleasing personality will win her the title of success.

HELEN MAY SAWYER

"BUTCH"

Born in Filsum, N. H., February 15, 1920.

Pastime: Music.

Activities: Girls' Glee Club; Chorus.

Scholastic Intentions: Secretary.

Ambition: To make a career of music.

Helen is a charming girl, full of fun and foolishness. She is known by her very sweet smile. She likes tennis, swimming, dancing, singing, and movies, in fact anything that is fun. She has a clear sweet singing voice and is humming and singing most of the time. Helen is very thoughtful of everyone and pleasant to talk to. She plays the guitar and would make a first rate cowgirl!

DAVID T. SCHNEIDER

"DAVIE"

Born in Glendale, Ohio, November 20, 1922.

Pastime: Wasting time.

Activities: Freshman Football; Pres. Freshman Class; Traffic I, II, III; Vice-Pres. Thrift Association II; Dramatic Society I, II; Class Night Committee; General Planning Board; Vaudeville IV; Science Club II, III, IV; French Club; Cross Country II, III, IV; Track II, III; Treasurer Red Cross II; Vice-Pres. III; A. A.; Social Committee I, II; Cum Laude I, II, III, IV.

Scholastic Intentions: Yale or Wesleyan.

"Dave" is the kind of boy who is tops in everything. Both socially and scholastically he has proven himself a school leader. As President of the Athletic Association, he has displayed the oratorical ability of a modern Demosthenes, the financial shrewdness of a Wall Street broker, and the tact and coolheadedness of an international diplomat. In the field of sports, "Dave's" swift feet have thrown dust into the eyes of many a plodding track man. His curly brown hair and his deep brown eyes, plus that certain something have made him friends wherever he goes.

SALLY SHARON

"LITTLE S. S."

Born in Winchester, November 26, 1922.

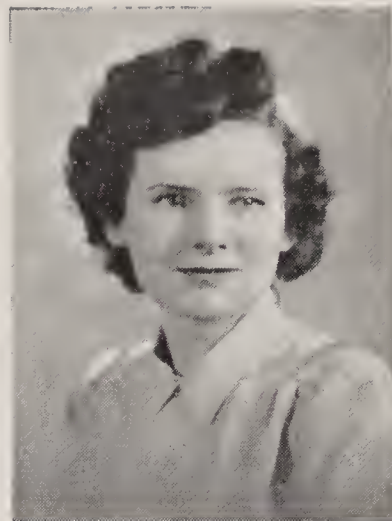

Pastimes: Knitting, Eating, All Sports.

Activities: Hockey, Class Team I, II, Second Team III, First Team IV; Basketball I, II; Class Tennis Team I, II; Varsity Baseball II, III; Dramatic Society Representative I, II, Member III; Thrift Association I, II, Secretary III, IV; Red Cross; A. A. I, II, III, IV.

Scholastic Intentions: ? ? ?

Ambition: To successfully manipulate a pair of skis down the country club hill keeping all my parts where they belong.

"Little S. S." and her big, blue eyes are, believe it or not, always up to some mischief. Maybe you think this calm, demure gal is always that way. Don't kid yourself! Be it throwing tomato and lettuce sandwiches or repeatedly falling off chairs, she's no angel. And as for the skiing, she's not doing so badly — in spite of her ambition!

CATHERINE SHINNICK

"KAY" "PUDDLES"

Born in Winchester, April 23, 1923.

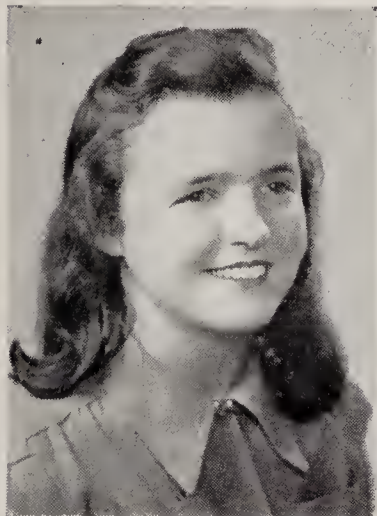

Pastimes: Knitting, Swimming, Tennis.

Activities: A. A. I, II, III, IV; Chorus I, II; Cum Laude I, II; Vaudeville IV; Class Basketball; Class Badminton; Dramatic Society.

Scholastic Intentions: Work.

Ambition: To be a model.

Catherine is that quiet and reserved young lady who never — (pardon us, that's the wrong one, we mean "Kay") — is that flippant, snappy-looking gal who winks at all the cute gentlemen of the school. "Kay" has that intangible knack of knitting baggy sweaters, and she always manages to get her spontaneous giggle in at the wrong time. She has a gift of casting a bright ray of sunshine wherever she is.

ELBERT RANSOM SMITH

"BERT" "SMITTY"

Born in Arlington, Mass., May 14, 1923.

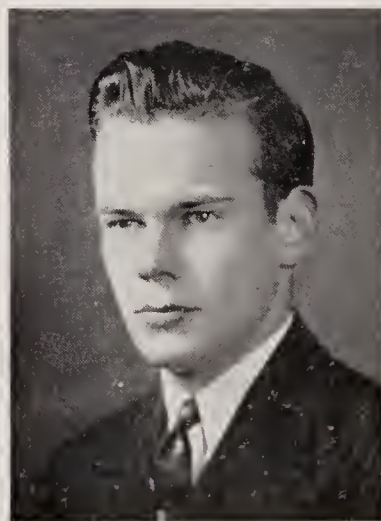

Pastimes: Swing band etc., Cards, Palmistry, Ping Pong.

Activities: Junior-Senior Class Play III; Newspaper III, IV; Chorus I, II, III, IV; French Club III, IV; Orchestra III, IV.

Scholastic Intentions: Bates.

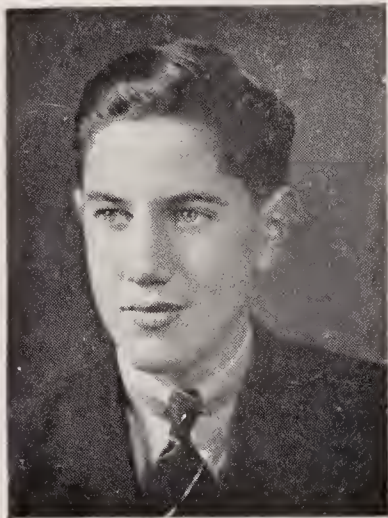

Ambition: To pass Mr. Kenney a legible English theme.

"Bert", that tall, dark, and irresistible drummer, has personality plus besides a great sense of humor. When he isn't playing with his swing band, he can be found among his friends, playing a fast game of ping pong or a snappy game of bridge. "Bert" has really done some work on palmistry, and is liable to tell you some startling things if he gets a look at your hand. "Bert" will do well at Bates—as long as he divides his time equally between "les femmes" et "les livres".

BERNHART RICHARD SNYDER

"SNAPPER"

Born in Greenville, Maine, July 27, 1923.

Pastimes: Fishing, Swimming, Basketball, Golf.

Activities: Executive Board of Science Club II; Treasurer of Science Club III; Business Manager of Yearbook IV; Manager of Basketball Team III, IV; A. A. I, II, III, IV; Manager of Football Team III; Science Club I, II, III.

Scholastic Intentions: Boston University.

Ambition: To get my bowling score higher than my golf score.

Wherever there's business, there's Bernhart Snyder. "Snapper" has a capable mind which manages most of the school's important activities. Mr. Snyder is seen at the spring of the year on the links managing (again) to hit the little white pill now and then. But, gathering up the divots behind him, we find Bernhart one swell guy, a man after his own heart! Nice going "Snapper"!

CLARENCE ORDWAY STEVENSON

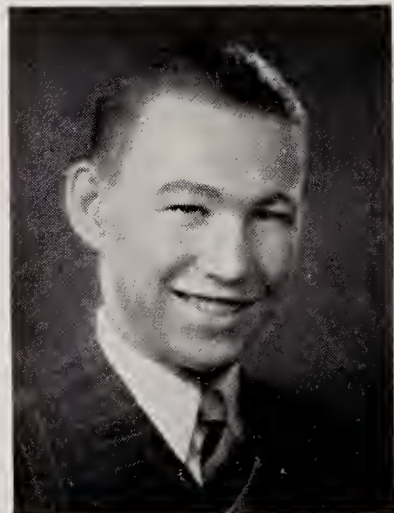

"HUNKY"

Born in Winchester, March 22, 1923.

Pastime: Fishing.

Ambition: Navy.

"Hunky", the ladies' man, is easy to get along with, and well liked by everyone who knows him. He may be quiet in school, but outside of school he is a terror. He is not very interested in school affairs, but he is interested in nature study. "Hunky" is always making friends and is a sure bet to get along in life.

DANIEL JOSEPH STYGLES

"SPARKY" "DAN" "SLEEPY" "PINEHURST"
"HARVARD HINDU"

Born in Winchester, Mass., March 8, 1922.

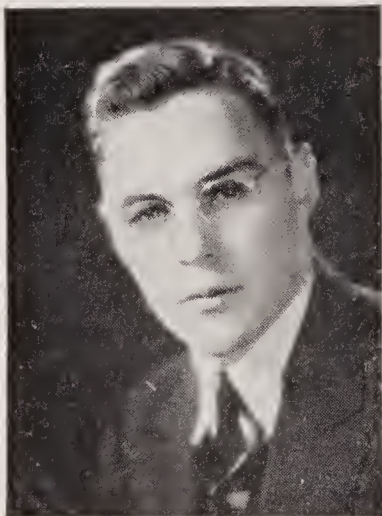

Pastimes: Washing Dishes, Movies, Pretty Girls, Never a Dull Moment.

Activities: Varsity Football II, III, IV; Intramural Basketball I, II, III, IV; President of Junior Class; Red Cross Representative; Traffic; Chorus; A. A. I, II, III, IV; No. 2 of the Sparky Club.

Scholastic Intentions: Boston College.

Ambition: I have so many I don't know which to choose.

One of the school's most outstanding athletes and Vice-president of the famed Sparky Club, "Dan" is the fellow with a girl in every home room, including the Wadleigh. "Pinehurst" is a hard worker and a great fellow for a friend. "Sparky" is going to take Gable's place in 1945—so his girl friends think. "Dan" claims there is always something going on in Woburn; you're not holding out on your best Winchester friends are you "Dan"? We hope not!

KATHRYNE IRVING SULLIVAN

"KIKI"

Born in New York City, February 21, 1922.

Pastimes: Writing Letters, Knitting, Dancing, Skiing, Tennis, Glen Miller.

Activities: Dramatic Club I, II, III; Vaudeville I, II, III; Chorus I, II, III, IV; Thrift I; Red Cross I, II, III.

Scholastic Intention: College.

Ambition: To reach the spectacular height of five feet.

Kathryne, alias "Kiki", is the vivacious little senior with an unforgettable giggle. She radiates pep and vigor wherever she goes. I guess "faithful forever" must be "Kiki's" theme, because ever since a year ago Christmas, Kenny has occupied her mind, time, and stationery. The day that "Kiki" reaches five feet will be a gala celebration 'cause she is just a little under that now.

HELEN FRANCES SWYMER

Born in Winchester, Mass., June 10, 1923.

Pastimes: Sailing, Swing Records.

Activities: Hockey IV; Chorus I, II; Highlights I;

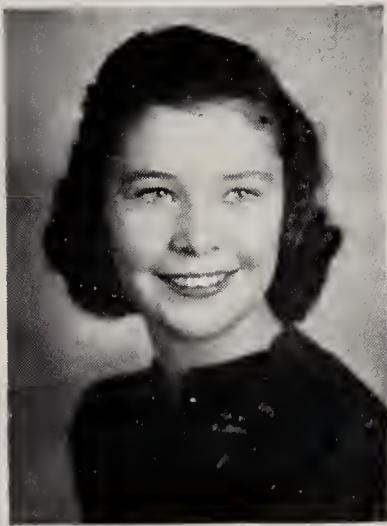

Library Club II; Year Book Staff IV; A. A.

I, II, III, IV; Cum Laude I, II; Red Cross.

Scholastic Intentions: Regis College.

Ambition: If only I had one.

If you ever wonder where Helen spends her Summer vacations, just drive up to Holderness, N. H. and you are bound to find her out fishing in the lake. We hear she pulls in many good looking fish! But why wouldn't she with her curly hair, and sparkling eyes, a combination that can't be beat. Sweet, smiling and sincere, Helen brightens up her surroundings wherever she is.

BEATRICE ELLEN SYLVESTER

"BEA"

Born in Winchester, Mass., August 19, 1923.

Pastimes: Dancing, Tennis, Skiing.

Activities: A. A.; Chorus; Glee Club.

Scholastic Intentions: Wheelock.

Ambition: To be a kindergarten teacher.

"Bea" is the girl with a teaching aspiration, a lovable nature, and a swell personality. Her pleasing way with everyone and her talent of making friends will carry her far. The Winchester boys hold no honors from "Bea's" point of view, but the boys from out of town are pretty darn nice. Nice work if you can get them— and with her personality, she'll never have to worry!

WALTER WHITMAN TABER

"WALT" "TABE"

Born in Andover, Massachusetts, December 8, 1922.
 Pastimes: Stamp Collecting, Nature Collecting,
 Hockey, Golf and Boating.
 Activities: Track II, III; Science Club III, IV; A. A.
 I, II, III, IV; Advertising Staff of "Year Book";
 Dramatic Club I.
 Scholastic Intentions: Northeastern University.
 Ambition: To square the circle.

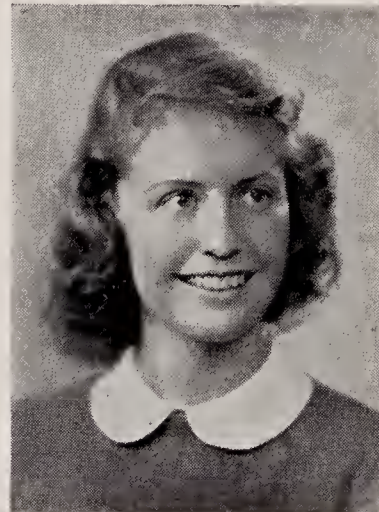

Walt's main interest seems to lie in mathematics, although he has been known to shoot a mean 18 holes of "pasture pool" under 90 (?). "Tabe" is definitely the "strong, silent" type, and delights in keeping his feminine admirers guessing as to the object of his affections. A true friend and good sport in all of his associations, we drink a toast to Walter Whitman Taber.

PRISCILLA TAPLEY

"PRILL"

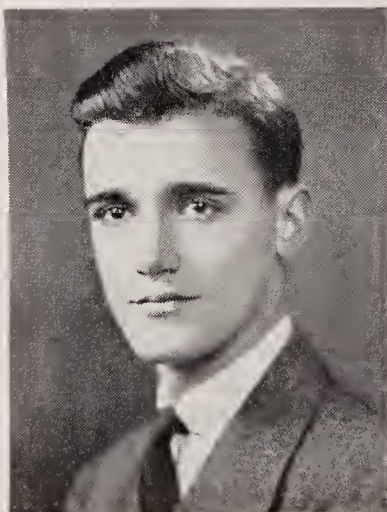

Born in Hanover, N. H., September 23, 1922.
 Pastimes: Sports, Talking, Taking Naps.
 Activities: Varsity Tennis I, II, III, IV; Class Hockey
 II, Varsity III; Basketball 2nd Team II, Varsity
 III, IV, Captain of Varsity IV; A. A.; French
 Club Secretary IV; Vaudeville IV; Junior-Senior
 Play Committee III; Properties IV; Orchestra
 I, II, III, IV; Class Night Committee; Cum
 Laude.
 Scholastic Intentions: Smith College.
 Ambition: To own a controllable blush.

A beaming smile, blonde tresses, and an uncontrollable blush are the exclusive property of "Prill." Besides being on every girls' varsity team and letting nothing floor her (except chemistry), she could give Dale Carnegie a few pointers on "how to win friends and influence people." At Smith, her talents won't be wasted, what with Dartmouth practically within yodeling distance; but, seriously, "Prill" is a swell girl who couldn't help being a success.

CARL THURSTON TOURTELLOT, JR.

"JUG"

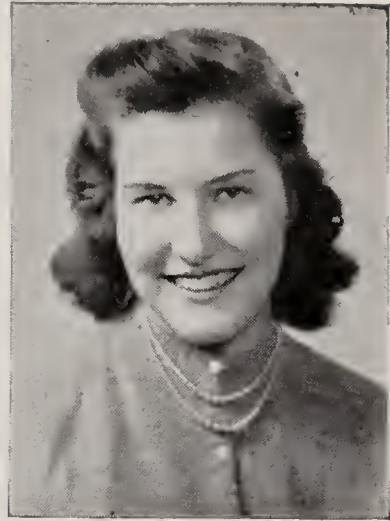

Born in Adams, Massachusetts, October 7, 1922.
 Pastimes: Horseback Riding and Hunting.
 Activities: Various clubs and activities in Greenville,
 South Carolina.
 Scholastic Intentions: Prep school and college.
 Ambition: To find out whether "Old Man Mose" is
 really dead or not.

This tall, dark, and handsome Southern gentleman who has graced our corridors for two and a half years with his pleasing personality and flashing smile is a man's man, not lacking in attraction to the fair sex. A lonely week-end is a rare event in Jug's life. Deliberate in his actions, more so in his studies, and not at all in his "Chevie," he is well-liked by young and old. More power to you, "Jug"!

ALICE EMEROY TWOMBLY

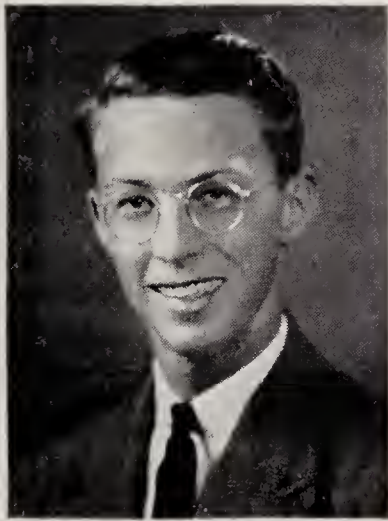

Born in Winchester, Mass., December 12, 1922.
 Pastimes: Badminton, Movies, Playing Records, Arts and Crafts, Doodling.
 Activities: Class Play Committee IV; A. A. I, II, III, IV; "Recorder" Staff III; Chorus I, II, III; Cum Laude III, IV; Vaudeville Show Committee IV.
 Ambition: Sometimes.

Tall, slender, and business-like best describes Alice. Alice is a whiz on the typewriter; but we hear that is not all she has a flare for. (?) She may appear quiet, but you only have to know her a few minutes and you'll find out differently! Alice is a swell companion, and with her personality plus, we know she will go far.

PHILLIP NORTON TWOMBLY

"PHIL"

Born in Arlington, Mass., September 27, 1922.
 Pastime: Skiing.
 Activities: Cross Country II; Track I, II, III, IV; Treasurer, Senior Class; A. A. Board I; Vaudeville Show III; Prom Committee III, IV.
 Scholastic Intentions: P. G. and college.
 Ambition: To ski like Tony Matt.

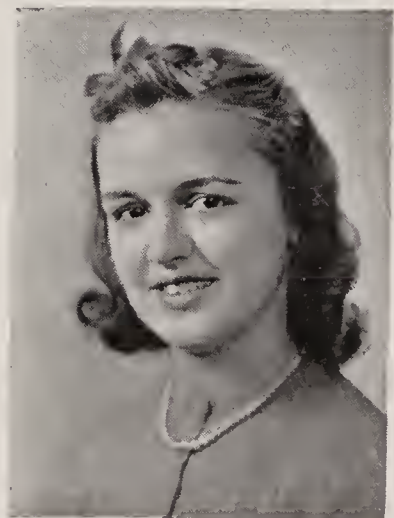

"Phil" is all wool and a yard wide, and as loyal as the day is long. He is an ace on skis, and it shouldn't take long for him to realize his ambition. His slow smile and quiet way of getting things done are what we'll always remember him by. Seemingly lazy and quiet, "Phil" manages to get more done, and his own way more often than many of the more aggressive.

HELEN DOROTHY ULRICH

"MAGINTY"

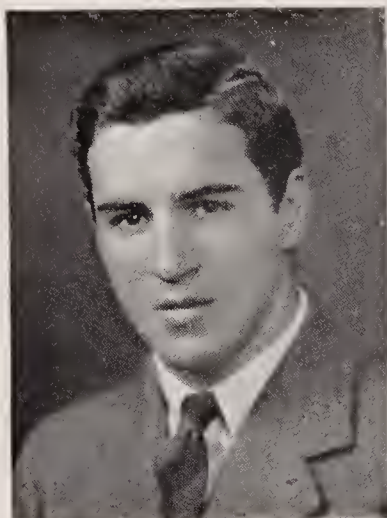

Born in Philadelphia, Pa., September 30, 1922.
 Pastimes: Swimming, Bicycling, Skiing, Tennis.
 Activities: A. A. I, II, III, IV; Varsity Basketball IV; Class Basketball III, IV; Library Club III; President Library Club IV; Dramatic Society; "Year Book" Staff IV.
 Ambition: Commercial Pilot.

Everyone who knows "Maginty" knows her for three outstanding things: her dark eyes, mischievous smile, and her mania for airplanes. In a few years we will all be saying, "I knew her when —," for with her enthusiasm and ability, she will be famous as a commercial pilot. The class of 1940 wishes you luck, "Maginty," but don't forget us when you gain fame.

BERNARD VESPUCCI

"BARNEY"

Born in Winchester, January 2, 1923.

Pastimes: Football, Diving, Dancing in the Raymor, Eating, Bridge.

Activities: Varsity Football II, III, IV; Basketball I, II, III, IV; Vaudeville III, IV; Freshman Football; Treasurer Sophomore Class; A. A. I, II, III, IV.

Scholastic Intentions: College via prep school or business school.

Ambition: To coach football at Winchester, and to swim in the Olympic Games.

If he'll hold still long enough, we'll introduce you to "Barney"—"Barney" the Vespucci. "Barney" is the popular senior who earned six points at Wellesley even before graduating from high school. But football is not his only accomplishment, he's equally good at swimming, hockey and entertaining the ladies. Because of his fine personality and his pep, we predict a bright future for him.

DONALD RANDOLPH WAUGH, JR.

"DONNIE" "DON"

Born in Boston, February 17, 1923.

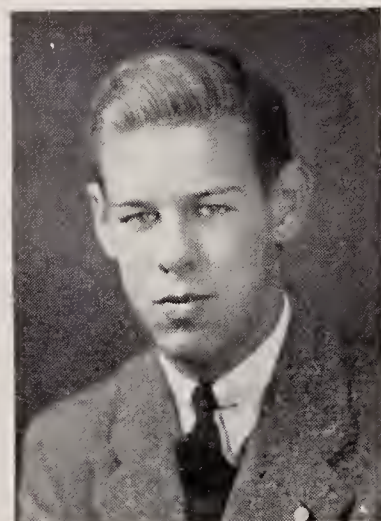

Pastimes: Bridge, Skiing, Golf, Dancing.

Activities: Varsity Basketball I, II, III, IV; Varsity Football I, III; Varsity Baseball I, III; A. A. I, II, III, IV; Cheer Leader III; Traffic I; French Club IV; Science Club III.

Scholastic Intention: Cornell.

Ambition: To be manager of the Waldorf-Astoria in New York.

Oh yes! We have a funny feeling that just being in New York is "Donnie's" real ambition. However, between the intervals of reading and writing letters, we do catch sight of him now and then. An ardent baseball and basketball fan, he plays on both teams. "Donnie" is one of those lads on whose shoulders everyone pours his troubles. It must be that soothing way of his. Best of luck "Donnie" — how about a meal on the house when you fulfill your ambition.

JAMES BELLAMY WEAVER

"JIM" "VEGIE"

Born in Jamaica Plain, Mass., February 28, 1923.

Pastimes: Photography, Music.

Activities: Baseball III; Science Club I, II; Executive Board III; Vice-President IV; Dramatic Club I, II, III, IV; French Club III; Orchestra I, II, III, IV; Chorus I, II, III; Class Basketball III, IV; A. A. I, II, III, IV; Vaudeville Show III; Highlights Staff; "Recorder" Staff; "Red and Black" Staff IV.

Scholastic Intention: M. I. T.

Ambition: Research, journalism.

Radical isn't the word for James. He's even planning a world peace move! "Jim" is always ready, willing, and very able to carry on the underdog's cause, whether it's in politics, literature, or fighting with Black and Conant about the laws of physics. However, he has that mammoth smile that takes all the sting out of his words. Come on, "Jimmie," let's make this world a better place to argue in!

CAMILLE WEST

"CAM"

Born in Orange, New Jersey, March 23, 1923.

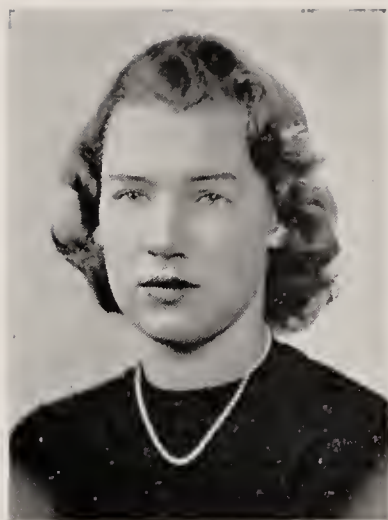

Pastime: Thinking.

Activities: Dramatic Society I, II, III, IV; Representative IV; A. A. Representative III; French Club IV; Science Club IV; A. A. I, II, III, IV.

Scholastic Intentions: Sweet Briar College, Virginia.

Ambition: To read Confucius' biography.

To read her pastime and ambition, one would think "Com's" thoughts are always on the more serious side of life. But in reality, she's a bubbling dynamo tearing around the corridors leaving a giggle behind her. "Cam" is interested in about everything, and can always be depended upon to be a warm sympathizer whenever you have troubles. She can also be relied upon to relieve the deadly silence in the library — much to Miss Owen's delight!! Here's to a swell girl, you can't keep her down.

ELIZABETH LOUISE WINSHIP

"BETTY" "BETTS"

Born in Winchester, January 9, 1922.

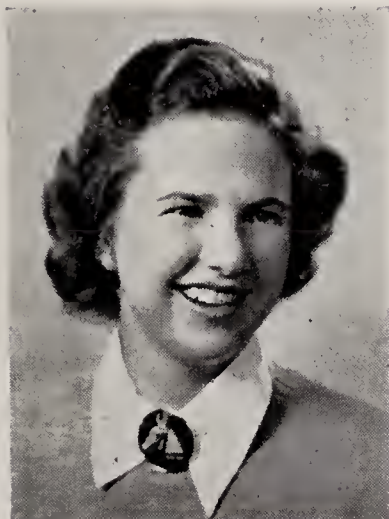

Pastimes: Sailing, Skiing, Tennis, Badminton.

Activities: A. A.; Dramatic Club; Chorus; Glee Club.

Scholastic Intention: Westbrook Junior College.

Ambition: To be connected with occupational therapy, my future occupation. I want to travel around the world someday.

"Coming about. Let out the sheet." So "Betts," the sailor, is steadily climbing the ropes to a top notch mate although she is rather on the quiet side at school, sweet and cheerful spirits usually pour forth from her when studies are over for the day. Humor lurks between every word, and not so very unfrequently a joke bursts amid your ears, leaving you shaken with laughter. Never let it be said that she dislikes anything, but take her swimming in the cold salt water with jelly fish, and she is bound to dislike you for the day. Here's to a mackerel sky, "Betts."

RICHARD DAVID WINTON

"DICK"

Born in Winchester, Mass., December 1, 1922.

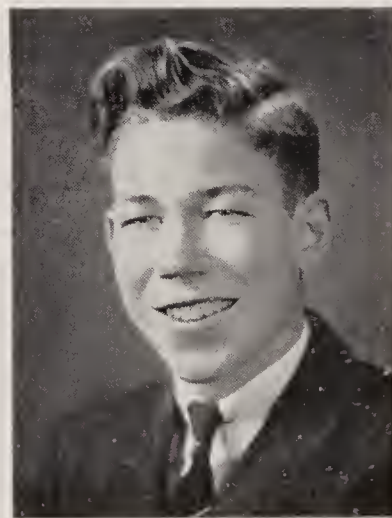

Pastimes: Baseball, Hockey, Skiing, Photography, Playing Swing Records, 920 Club.

Activities: A. A.

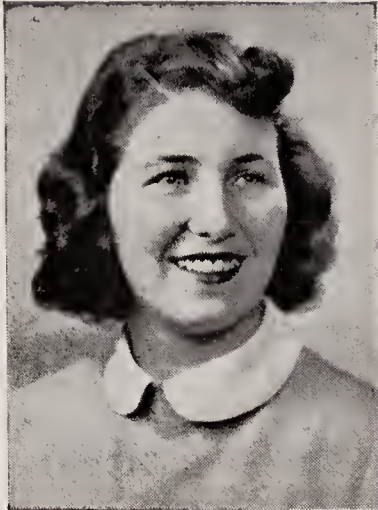

Scholastic Intentions: Co-ed prep school.

Ambition: To sleep 24 hours a day.

Richard "Dick" Winton, a boy who always smiles except when he's mad, is what we call an all-round performer, good sport, and the possessor of plenty of nerve. Although he doesn't compare with Confucius, Shakespeare, or Lincoln, it is said that he can say the whole alphabet without stopping, and can also count up to ten without even missing a number. That's going some in this modern world of ours! Eh, Dick?

SHIRLEY ANN WOOD

Born in Lakewood, Ohio, August 12, 1922.

Pastimes: Knitting, Bridging, Pop Corn and Pretzels.

Activities: Secretary of Freshman Class; Dramatic Society I, II, III, IV; A. A. Member I, II, III, IV; Thrift Association II, IV; Highlights I; "Red and Black" IV; Chorus I, II; Traffic II; Class Tennis II; Assistant Tennis Manager III; Tennis Manager IV; Vice-President of French Club IV; Handbook Committee II, III; Vaudeville Show IV; Class Play Properties IV; Science Club III; Board IV; Nominating Committee II; Editor of "Yearbook" IV; Class Gift Committee IV.

Scholastic Intentions: Connecticut College for Women.

Ambition: To drown the devil in the deep blue sea!

That wild-eyed whirlwind you just saw tearing down the corridor, that 5 feet, 1 1/4 inch dynamo, was none other than Shirley ferreting information for the "Yearbook." A fine student, a boss, an executive, an individualist, whatever she attempts is always tops.

DOROTHY ELIZABETH WOODFORD

"WOODIE" "KITTEN"

Born in Roxbury, Mass., November 19, 1923.

Pastimes: Bruce, Dancing, Swimming.

Activities: Glee Club; Chorus; Library Club; Dramatic Club; A. A.; Cum Laude.

Scholastic Intention: Work.

Ambition: To become a private secretary.

We all know "Dottie" as being the girl with nothing much to say. She keeps most of us in the dark, but everyone knows a certain Mr. Underwood could give us her life story. As for "Dottie" being a private secretary, she definitely is the type (you know these secretaries). One might also add that "Dottie" is one of the sweetest, best-natured girls in the school, with a charming personality which certainly gets her what she wants.

NANCY ROMAIN WYMAN

"NANCE"

Born in Cohasset, Mass., September 11, 1922.

Pastimes: Sailing, Knitting, Looking for Art Exhibits.

Activities: Class Hockey III; Thrift Association II, III, IV; A. A. I, II, III, IV; Dramatic Club I, II, III; French Club IV; "Year Book" Staff IV; "Red and Black" IV.

Scholastic Intention: Connecticut College.

Ambition: Study (?) in France.

Do you need a butcher, a baker, or a candlestick maker? "Nance," our jack of all trades, can do all of these and lots more, too. Generosity fills "Nance" from head to toe. Whether she is busy or not, she is always ready to lend a helping hand to whatever project needs her. She is rather shy about boosting her suggestions publicly, but privately she has ideas by the thousands. Her black curly hair and laughing eyes are the envy of more than one senior girl! Here's to you "Nance" — we're all for you!

RICHARD YARDLEY

"DICK"

Born in Somerville, June 25, 1922.

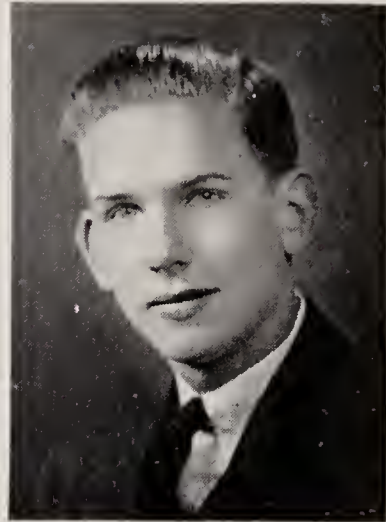

Pastimes: Collecting Pipes, Relaxing, Skiing.

Activities: Football Manager I; Science Club III, IV;
Class Basketball IV; "Aberjona" Staff IV;
Traffic Squad III, IV; French Club IV; A. A. I,
II, III, IV; Ping Pong Club III.

Scholastic Intentions: Bowdoin, Harvard Law.

Ambition: To outlive Hitlerism and the New Deal.

"Dick's" policy has always been "slow but sure" (even in his sail boat). Although his "briar" surrounds his pleasant face in smoke, his personality always comes smiling through. His smile is so magnetic that we can't help liking him, as Melrose surely knows. Gliding down the snowy trails, skimming over the glistening water, slamming ping pong balls back in the wrong places, "Dick" wins his place in all our hearts.

JOHN WILLIAM FARLEY

Born in Winchester, Mass., February 18, 1920.

Pastimes: Reading, All Athletics.

Activities: Football I, II; Baseball II; Basketball I,
II, Captain of Second Team I; A. A. I, II;
Traffic I, II.

It is doubtful if any student in the short space of two years has ever made a greater and more lasting impression on the students and faculty alike, of Winchester High School, than has John Farley. His quiet and unassuming manner, gracious smile, and altogether pleasing personality, have made all want to number John among their friends, realizing that his friendship is that of a pal as true as steel. As an athlete he showed exceptional ability, playing all three varsity sports in his sophomore year, and would have been one of our unforgettable heroes on the gridiron, the court, and the diamond. We, of the Class of 1940, are proud to count him as one of our members. His cheerfulness and courage will continue to be a source of admiration and inspiration to us.

ROBERT FEENEY

"BOB"

Born in Winchester, Mass.

Pastimes: Music, Walking, Studying, Baseball,
Football, Badminton.

Scholastic Intentions: Aviation study.

Ambition: Aeronautical engineer, aviator.

Bob is one of our best all-round boys. He is a good athlete. His great talent is music, being able to play almost any instrument, finds a great deal of enjoyment in writing poetry, and is an exceptional orator. None of these, however, can compare with his ability to make friends, for he is liked well by all his classmates. With all this in his make-up, he should go far in anything he chooses.

ROBERT LYNCH

"WEASEL"

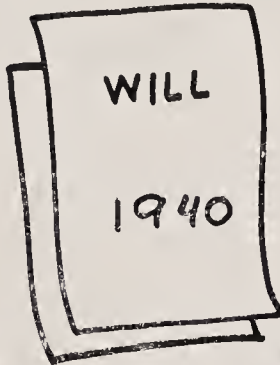

Born in Winchester, Mass., 1922.

Activities: Football IV; Gym Team IV.

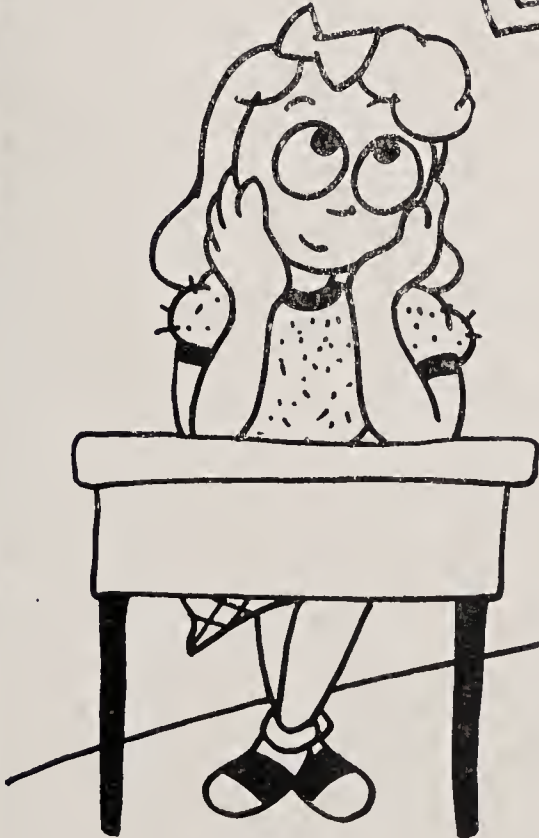

Scholastic Intentions: Undecided.

Ambition: To retire young.

This is the lad with the grand smile and that particular "way" with the young ladies. It seems, though, that Winchester High girls never interested him. Seriously, all through school he has been a fine athlete (and we don't mean a Spanish student). With his personality and ability to get ahead, we are sure that he will be a success.

THINGS *and* STUFF

History Album of the Class of '40

As we turn the pages of the class album, we find the freshman class for the first time isolated from the upper-classmen in the Wadleigh School. In spite of our isolation, we got off to a flying start with the following officers: President, David Schneider; Vice-President, Louise Barr; Secretary, Shirley Wood; Treasurer, Peter Collins. Their being two blocks away did not deter them, because on the next page we find on the football field — Tony DeTeso and Peter Galuffo.

As we advance to the next year's activities in our album, we find the sophomores transplanted to the Big House. Things began to pop with Emmons Ellis as President; Peter Galuffo, Vice-President; Secretary, Stephen Holmes; Treasurer, Bernard Vespucci. The sport pages of our album reached larger proportions when we had football — Peter Galuffo and Tony DeTeso again, and in hockey — Carolyn Blanchard; Tony DeTeso batting his way into the varsity baseball team and the ladies on the diamond — Rita Collins, Ann Coyne, Sally Sharon, Helen Swanson, Helen Tripp, and Helen Ulrich. Philip Twombly and Stanley Puffer burned their way through cinders to a spot on the varsity track team. Our court technicians were Charles Blanchard, Jean Drake, Margaret Greene, Frances Keyes, Jean Roberts, and Priscilla Tapley. The Sophomore's vaudeville venture, "Submerged," emerged a great success. Doing their part for the Red Cross were David Schneider and Mildred Rogers.

As we proceed to the junior chapter of our album, we find our new contributions to the gridiron were Stephen Holmes, Dynamite Puffer, and Emmons Ellis. It took three years to get a representation on the basketball floor, but Rita Collins, Mildred Rogers, Priscilla Tapley, and Tony DeTeso came through for us. In the production "Bab," the main roles were well presented by Edna McCormick, Bob Kitchin, and Bert Smith.

In the last chapter, we see the seniors represented in every activity of the school. With the help of a few under-classmen, the same football players, with such new ones as Bill MacEwen, Daniel Stygles, and Bernard Vespucci, tackled their way to fame on the gridiron.

Probably the greatest athletic achievement was that of the girls' hockey team, who not only were able to keep unscathed the perfect record of their predecessors, but were able to set up a perfect record of their own being untied, undefeated, and unscored on. The seniors of this squad were Carolyn Blanchard, Rita Collins, Barbara Hughes, Mildred Rogers, Sally Sharon, and Priscilla Tapley.

In addition to the hockey team's success, the basketball squad also did well. Although Sally Sharon and Barbara Hughes did not play on the basketball team, Lee Clark and Pat Cole made up for their loss.

We had as our class officers: President, Stephen Holmes; Vice-President, Tony DeTeso; Secretary, Philip Twombly; Treasurer, Paul Butterworth.

The 1939-40 boys' basketball team is being graduated this year with such players as Tony DeTeso, Harold Boardley, Byron Horie, Ted Hultgren, Bill MacEwen, and Donald Waugh. On the next page, we see the social activities being handled successfully under the wonderful management of David Schneider, President of the A. A.

KAY SHINNICK, '40, *Class Historian*

Class Prophecy

Scene: Fortyville in the year of our Lord, nineteen hundred and sixty.

Mr. and Mrs. First Nighter, this is Robert Elliot, taking you to the opening of the new Fortyville High School. This school, as you probably know, was financed by the first citizen of Fortyville, who made his millions by selling munitions to foreign countries, like that likeable young man, Bill MacEwen. Here he comes now, followed by his right hand man, Barney Vespucci. Coming close on his heels is the owner of Fortyville's newest and largest hotel, Donald Waugh and his very charming wife, the former Camille West.

Let's see what that fanfare is for. The crowd is milling around and I can't quite see. The orchestra tonight is Elbert Smith and his Scintilating Six, Joseph Becker at the piano, and five beautiful misses, Jean Drake, Barbara Hughes, Nancy Nickerson, Ruth O'Connell, and Mary Loftus, and the silver voiced trio composed of Lillian McAuliffe, John Nash, and John McMinamin. The crowd is being pushed back now by Ralph Colliander, Elliot Eason, Richard Mortenson, and Timothy Connors under the capable supervision of Chief John Hannon.

Now coming up the walk is the mayor of Fortyville, Stephen Holmes, passing out cigars and soliciting votes. He is being heckled by Richard Dana, Bernard Donahue, Richard Drew, and George Huckins, who are being paid by a Nazi Bund. He is followed by three very competent secretaries who are taking the names of pledges, Alice Twombly, Mary McCarthy, and Helen Ulrich. His wife, the very charming beauty queen, Lee Clark Holmes, is keeping up with him very well. She has on one of Patricia Cole's latest creations that is taking Paris by storm. Later this evening the mayor's wife will dedicate the school.

Here's a news flash! Gardner Jones has just been elected President of the first senior class in the new school — a reward for his many, many years of membership in the many classes that have passed. Gardner Jones, Jr., is the new vice-president!

As we move inside we see Samuel Crabtree shaking hands with all who are near him. As you probably know, Mr. Crabtree drew the plans and supervised the building of this ultra modern high school. The interior decorator, June Hutchins, is standing beside him. She was aided by Janice Hanlon, Martha Little, and Jean Pfaff. William Ford, the contractor, is busily engaged with David Schneider, the principal of the high school, Carl Tourtellot, the vocational guidance director, and Phillip Twombly, superintendent of schools. Priscilla Tapley is racing through the corridors inquiring about the whereabouts of her husband, Bill Ford, etc.

Here is a list of the teachers: Carolyn Blanchard, Barbara Blake, Evelyn Carruthers, Nancy Goodwin, Louise Millican, and Jane Doty. Wallace Howard, the well known chemistry professor, was the cause of the last school's being destroyed, when he accidentally placed a bunsen burner near some T. N. T., he was experimenting with one night. He is unable to attend as he is in the Fortyville Hospital recovering. His physician, the prominent Dr. Carl Pynn, is assisted by nurses Virginia Bratt, Lillian Boyd, and Florence Bryce. At first the explosion was blamed on the radical, James Weaver, who advocates an en-

firely new school system in which the students ask the questions and the teachers answer them.

The school now boasts of a large and well organized coaching system. Anthony DeTeso coaches football, Earl Goldsmith, baseball; Bill Palson, track; Charles Blanchard, tennis; Ted Hultgren, basketball, and Franklin Evans, ice hockey. The girls have Sally Sharon to lead them in field hockey, Franny Keyes and Margaret Greene in tennis, and Rita Collins in basketball. The school has added some new intramural sports, bowling, bridge, and ping pong, ably taken care of by George Chitel, Shirley Wood, who was engaged to David Schneider, the principal, until one night when she trumped his only ace, and Henry Duffett, respectively.

As we reach the second floor we see Peter Gahffo, the fire chief, giving a pep talk to his men, William Fiore, Gerard Gaynor, Michael Gilberti, and Anthony Giuliani, who gallantly fought the blaze after the explosion. The murals along the study hall walls were done by the famous caricaturist, Paul Butterworth, and his protege, Anne Coyne. The library opposite the study hall is filled with books given by Bernhart Snyder, author of "The Coach's Aid," Dan Stygles, editor of "Red Cross Magazine," and Walter Taber, correspondent for the "Police Gazette." The librarians are Barbara Maxson, Jane Cahalane, and Marjorie Clarke.

Edna McCormick, the well known star of Martin Katcoff's latest play, "The First Hundred Years Are the Hardest," just flitted by with her supporting cast right at her heels, Sylvia Robinson, Naney Wyman, Charles Morrill, and John Grady.

The third floor consists of three new rooms. One room takes care of the new course in beauty culture. This department is headed by Elinor LeDne, Ruth Kingman, and Elizabeth Winship. Another room is devoted to a new course in aeronautics, headed by Joseph Graf. The third is a large auditorium. Rose Crowley and Norma Leo just entered it, followed by Tom Preston and Graham Murphy.

Emmons Ellis, the confirmed bachelor, has broken his vow and has escorted Gally Fifield, the other half of the "Cole-Fifield Fashion Shop," whose models are showing some of the latest ensembles in the art room. We hear he likes home cooking! The models are Mildred Rogers, Helen Swymer, Kay Shinnick, and Jean Regan.

Well folks, the mayor's wife is about to dedicate the high school. By her side as she steps up to the platform are Dorothy Maraspin and Elizabeth Nichols, members of the school committee. As this gala occasion is coming to a close, I leave my best wishes to everyone.

The Last Will and Testament of the Class of 1940

BE IT REMEMBERED that we, the members of the potent class of nineteen hundred and forty, being possessed with certain inalienable rights, but realizing the uncertainty of this life, do hereby bequeath our countless merited characteristics to our deserving schoolmates as follows:

I, Marion Neiley, bequeath my forceful stride to William Flewelling.

To Virginia Foley do I, Phyllis Bragdon, solemnly dedicate my homeroom chats of intellect.

I, Moraine Goldman, do hereby transmit to Barbara Regan my Parisian gowns.

I, Ann Coyne, do commit sole custody of my brushes and paints to Muriel Fifield with sincere conviction that art shall not die.

I, Lawrence Pinkham, with the deepest regret, leave my biological ability to that worthy and commendable gentleman, Mr. Ralph Swanson.

To Mary Baghdoyan do I, Kathleen Haggerty, shyly will my quiet nature.

I, Olga Rolli, do resign my ability to translate the sophisticated swing of today into scintillating rhythm to Anna Errico.

I, Louis Cecca, do willingly forsake my serene disposition that Arthur Tetreault may reap its fullest blessings.

I, Bernie Vespucci, will to that up and coming young gentleman, John Penniman, my suave and manly ways.

To Richard Palson do I, Philip Twombly, yield my running stride with the sincerest hope that with it he may sustain the race.

To Mr. Samuel Keyes, do I, Dan Stygles, righteously entrust my football helmet and shoulder pads.

I, Betty Melanson, do gleefully bequeath my golden locks to Marjorie Harris.

To Clare O'Laughlin do I, Frances Muraco surrender my hot temper.

We, Mary McGovern and Helen McGurn, dutifully leave our bashfulness to Camille Penta and Vi Luongo.

To Frank Marabella do I, Dominic Errico surrender my way with the fair sex.

To Joyce Maxson do I, Margery Carruthers, after careful deliberation and cogitation, devoutly devise my compass and slide rule.

I, Harold Boardley, do hereby and forthwith allot my snappy attire to Brock Lynch.

I, Beatrice Lentine, do solemnly will my retiring disposition to Rita Campbell.

I, Irene Powers, surrender my carefree moments to the custody of Mary Gibbons.

To my sturdy protege, Rita McCormack, do I, Alice Reddy, most willingly will my willingness.

I, Mary Nash, sadly relinquish my facts and figures to that student of students, Lucille Mantini.

To Polly Kimball do I, Jennie Luongo, leave my nice ways with the deepest of convictions that this happy Junior will always remain the same, swell kid.

We, Viola Bertolucci and Martha Lisi, do hereby bequeath our scientific knowledge and nursing ambitions to Bibe Bucci and Isabelle Russo.

I, Graham Murphy, leave that embarrassing quality of blushing at inopportune moments to Dick Merrow.

I, Alfred Cyr, donate the office errands to William Rogers.

To Anne Cole do I, Mildred Collucci surrender my deviltry.

Into the hands of Mary Tibaudó, do I, Ellen Edwards, deliver the Woburn boys.

To a fellow schoolmate, Alice Ralph, do I, Mary DeFilippo, impart my timid nature.

We, Concetta Procopia and Leona Roberts, regretfully submit our correspondence with Panama, to any of the most worthy of underclassmen.

To one of the same category, I, Carmine Molinaro, leave my hatred for all womankind to Robert Feeney.

I, Barbara Cassidy, do hereby solemnly bequeath my freckles to that irresistible of irresistibles, Charles Irving.

I, Mary Loftus, do artfully impart my Heifitz-ical violining to Miss Dolly Greene.

Upon Elsie Grey, do I, Jeannette Bacon, bestow my languor.

I, Helen Bucci, do solemnly dedicate the State of Connecticut to any member of the sophomore class, who will cherish until death do them part.

I, Annetta Ralston, do hereby transmit my nimble violin fingers to the up and starting young fellow-musician, Jennie Beranger.

We, the MacDonald twins, do joyfully relinquish our deightful compatibility to the twins of the Junior Class — those worldly-wise kids, the Harrises.

I, Dorothy Woodford, do hereby will sole custody of Bruce Underwood to Joan Moffette.

I, Richard Yardley, leave my smiling disposition to Craig Greiner, who doesn't have much need for any more sunshine.

We, Martha Ericson and Catherine Saracco, do hereby mournfully bequest our adroit fingers of the typewriter to any of the Junior Class who are capable of using this blessing to the best of their ability.

I, Agrippino Russo, do leave my rugged individualism to Bob Hersom, the he-man of the Sophomore Class.

I, Helen Ulrich, do hereby leave my bookish nature to Natalie Cox.

To Ray Williams, do I, Richard Winton, solemnly hand over my way with the women.

To Paul Rollo, do I, John Regan, entrust my stack of admittance slips, with the aspirations that it will not increase too rapidly.

To that bouncing doll, Elnora Terhune, I Kiki Sullivan, do will my vivacity and bubbling temperament.

I, Mary Connolly, leave my dependability to Harrison Parker.

We, Josephine Capone and Mary Diapella, reverentially bestow our noble souls upon the needy.

I, Eben Ramsdall, with due consideration of the risks involved, will my baseball bat to Jimmy Stygles, may he use it to the full.

We, the Senior Class, evacuate and dedicate our lunchroom seats to those omnipotent Juniors, and hope youse guys can get more than one hot dog next year.

I, "Robert Taylor" Elliot, relinquish my engaging personality to that "Dapper Dan from Alabam," Mr. Robert Cummins, who is already capable of holding his own anywhere.

We, Marguerite Dawe and Pauline Lindsay, leave our differing builds to Mary Marchesi and Eleanor Randall, respectively.

I, Thomas Preston, bestow my strawberry crate on any worthy gent who will buy the gas.

To Leo Herlihy, do I, Clarence Stevenson, devise my bashful ways in hope that he will make use of them.

We retiring fellows, John Caputo and John Geoghegan, must stick together, may the latter carry on the tradition.

I, Barbara Haley, disdainfully will my poses to Zoe Tibbitts.

We, Marion Laidlaw and Edith Lawson, merrily leave our sense of humor and fun to Anna Errico, although she already has a store of her own.

We, John Parlett and Joseph Perry, allot our shyness to Peggy Coulson and Ann Cole.

To Janet Hayward and Dean Derby do we, Charles Pietrantonio and Frank Mottolo dedicate our constant companionship.

I, Donald Dolan, do willingly entrust to any venturesome Junior, my front seat in Room 13; may God have mercy on his soul.

I, Gardiner Jones, leave ———.

ROBERT KITCHIN,
JANE CAHALANE.

History of the Junior Class

The Juniors certainly turned out to be a bunch of go-getters this year. Everybody knows that the Juniors of Winchester High School shine in the world of sports, the world of scholastic achievements, and the world of outside activities. With Frank Marabella as President, Lane McGovern as Vice-President, Jim Grimes as Secretary, and Arthur Tetranlt as Treasurer, what else could it be?

As has been noted, the place the Juniors held in the sports world this year is to be envied. In that most-popular game of football, we held a big place, with Joe Palumbo (next year's captain), Dan Roop, Joe Caputo, Sam Keyes, Frank Marabella, Bob McCormack, and Jim Stygles, tearing up the field. Ray Harris was in there fighting in the second team.

Football wasn't the only place where the Juniors were ahead. In track and cross country with Dick Palson and Bruce Underwood, in the second team basketball with Lane McGovern and Arthur Tetranlt, in tennis with John Penniman, Jin Coon, and Lane McGovern, and in all the other sports, Juniors held a good place.

The girls didn't do so badly, either. The highlights were tennis, field hockey, and basketball. And did they tear around! Polly Kimball, Dolly Greene and Helen Carroll did a fine job in tennis; Dolly Greene, Helen Carroll, Janet Hayward, and Joyce Maxson in field hockey, and Elinor Reeves and Joyce Maxson in basketball.

Besides being good at sports, Juniors have done a fine bit of keeping on that Honor Roll. There are 23 of them on that hard-to-get-at list now.

The Juniors took over that literary masterpiece, the "Red and Black," in the springtime, and did a royal job on it. Leila-Jane Smith, Harrison Parker, Lane McGovern, and Elnora Terhune were editors-in-chief.

In dramatics, also, Juniors showed high promise. Brock Lynch, Peter Hickey, and Leila-Jane Smith made great hits in "The Late Cristopher Bean," the dramatic highlight of the year.

The Juniors also took a big part in the A. A., the Library Club, the Science Club, the Orchestra, and the other outside organizations. Undoubtedly, the Junior Class this year was one of the very best that has hit the high school.

HARRISON PARKER, '41.

History of the Sophomore Class

The Class of '42 really proved itself a record class in activities and achievements. Headed by Ralph Swanson, president; Palmer Worthen, vice-president; Betty Pride, secretary; and Peter Provinzano, treasurer, we went to town.

The male section of the class had numerous representatives in every sport; for on the cross-country squad, Bob Collins and Dick Young received letters; and in football Bert Callanan, Dean Derby, and Peter Provinzano earned first-team letters, while Joe Kimber, Dick Murphy, Ted Norton, Albert Tibaud, James Treacy, and Jim Whitemore received second-team awards.

During the winter Callanan and Provinzano distinguished themselves by getting first-team basketball letters; and Cliff Lindberg, Don Drew, Paul Rallo, and Bill Martens comprised a good part of the second team.

This spring Callanan, Crandall, Harris, Hersom, Mancib, Phippen, that amazing Leo Treacy competed on the track squad; while Collins, Martens, McCauliff, Murphy, Nichols, Provinzano, Shea, and Rallo kept the base paths hot for Winchester's baseball team. Palmer Worthen played on the tennis team. For the first time in several years a sophomore was elected first-team captain, for Peter Provinzano has been chosen to head the basketball squad next year.

The fairer sex proved that they weren't asleep either. Cynthia Foote, Janet Doub, Charlotte Moran, and Alice Davis wowed 'em on the second hockey team, with Esther Blanchard and Rachel Armstrong assisting the hockey manager. Cynthia Foote, Janet Doub, Elaine Williams, and Peggy Carroll graced the second team basketball court, while Mary Lou Allen did a noble job assisting the assistant basketball manager. And the softball team was practically comprised entirely of Sophomore glamour girls including Cynthia Foote, Janet Doub, Grace Fillipone, Alice Davis, Brenda Pattison, Anne Murray, and Dotty Jackson.

History of the Freshman Class

The 265 freshmen who entered the Wadleigh Building on September 8, 1939, have given the W. H. S. faculty plenty to worry about. However, with Jack Errico as president, Mary Wood as vice-president, Joy Pray as secretary, and Pete Twombly as treasurer, the class passed the first lap of the four lap road to wisdom with flying colors.

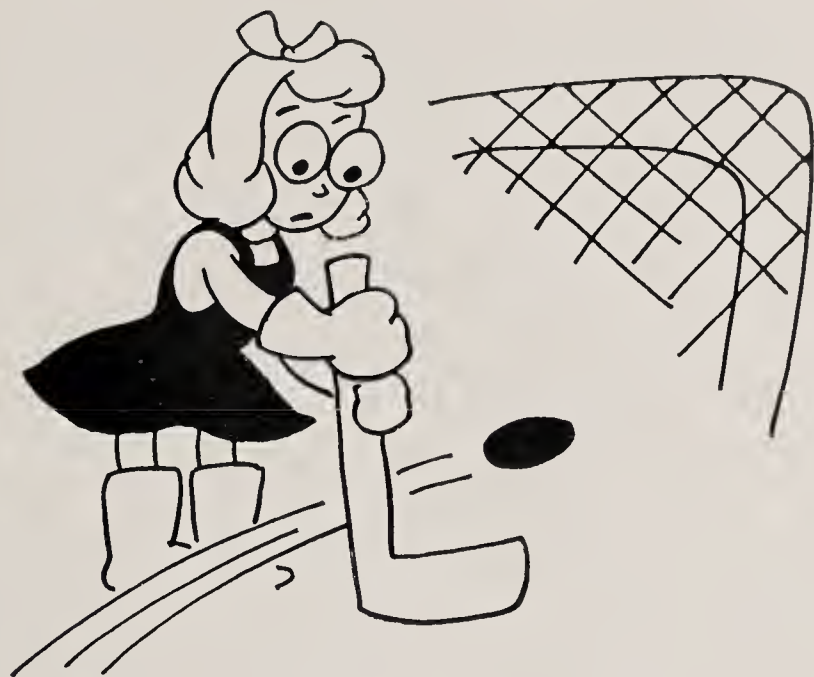

In the way of athletics, the freshman boys were well represented. The newly formed hockey team had three promising freshmen on it. These were David Holmes, Robert Goddu, and Bert Gurley. As for baseball, Pete Twombly and Robert Goddu made a good showing on the pitcher's mound. Bill West, Robbie Ramsdell, and Charlie Murphy have also been noted for their baseball ability. Room 8's "Gravediggers" won the intramural basketball competition, another sport in which the freshmen took part. As for track, John Murray, Hugh Hawkes, Bob Pynn, Bob Coon, Bob Johnston, Paul Blake, and Frannie Poirier could be seen on Manchester Field giving their all for the honor of the Freshman Class. This promising class also had a football team which had many future stars. With Eddie McDevitt as manager, and Bill West and Jack Errico sharing the top honor of captain, the team lost one game, tied one, and won two games.

The boys were not the only ones that occupied the gym after school. The fair sex also did their best for W. H. S. Mary Keyes was the only freshman who made the varsity tennis squad, but almost everyone went out for basketball. The freshmen also had a hockey team which held some fine material.

Amongst the various other activities, the freshmen were especially noted for their work in the Dramatic Society. Doey Wild and Pete Twombly represented the freshmen on the A. A. Dance Committee. Many freshmen also gave their talents for the Vau-devil Show. Despite all these athletic abilities, the Freshman Class has many scholars.

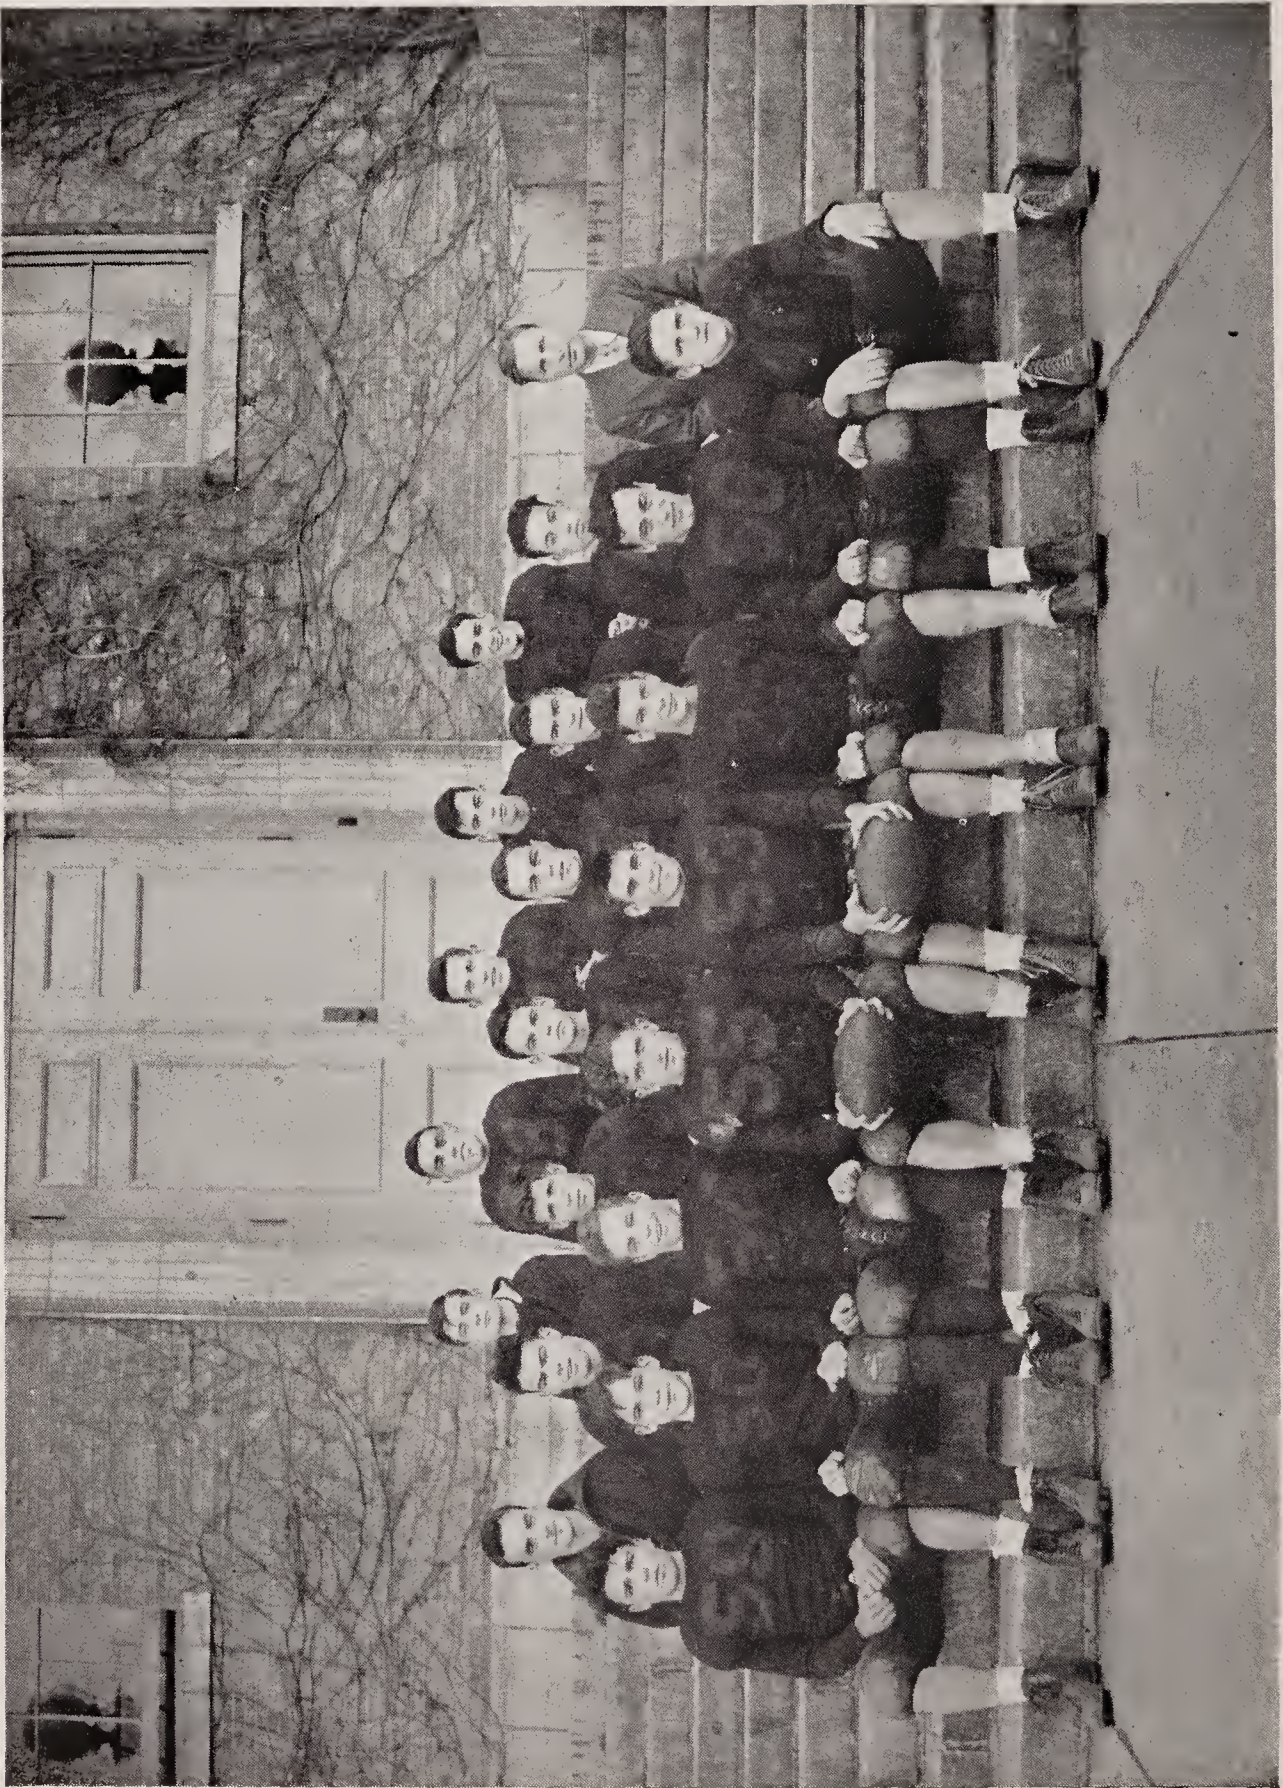

All the athletic and scholastic ability in our class is waiting for the fast-approaching year when we can really show the W. H. S. what we can do for it.

MARY WOOD.

ACTIVITIES

Football

This year, the Winchester football team tied with Belmont for the championship of the Middlesex League. In the entire season, Winchester lost only one league game, and that was to Belmont.

The 1939-40 players were as follows:

Anthony DeTeso, <i>Co-Captain</i>	Leo Herlihy
Peter Galuffo, <i>Co-Captain</i>	James Stygles
Bernard Vespucci	Robert McCormack
Emmons Ellis	John Tracy
William MacEwen	Daniel Roop
Daniel Stygles	Samuel Keyes
Stephen Holmes	Dean Derby
Frank Marabella	Peter Provinzano
Joseph Pahunbo	Wilbert Callanan
Joseph Caputo	

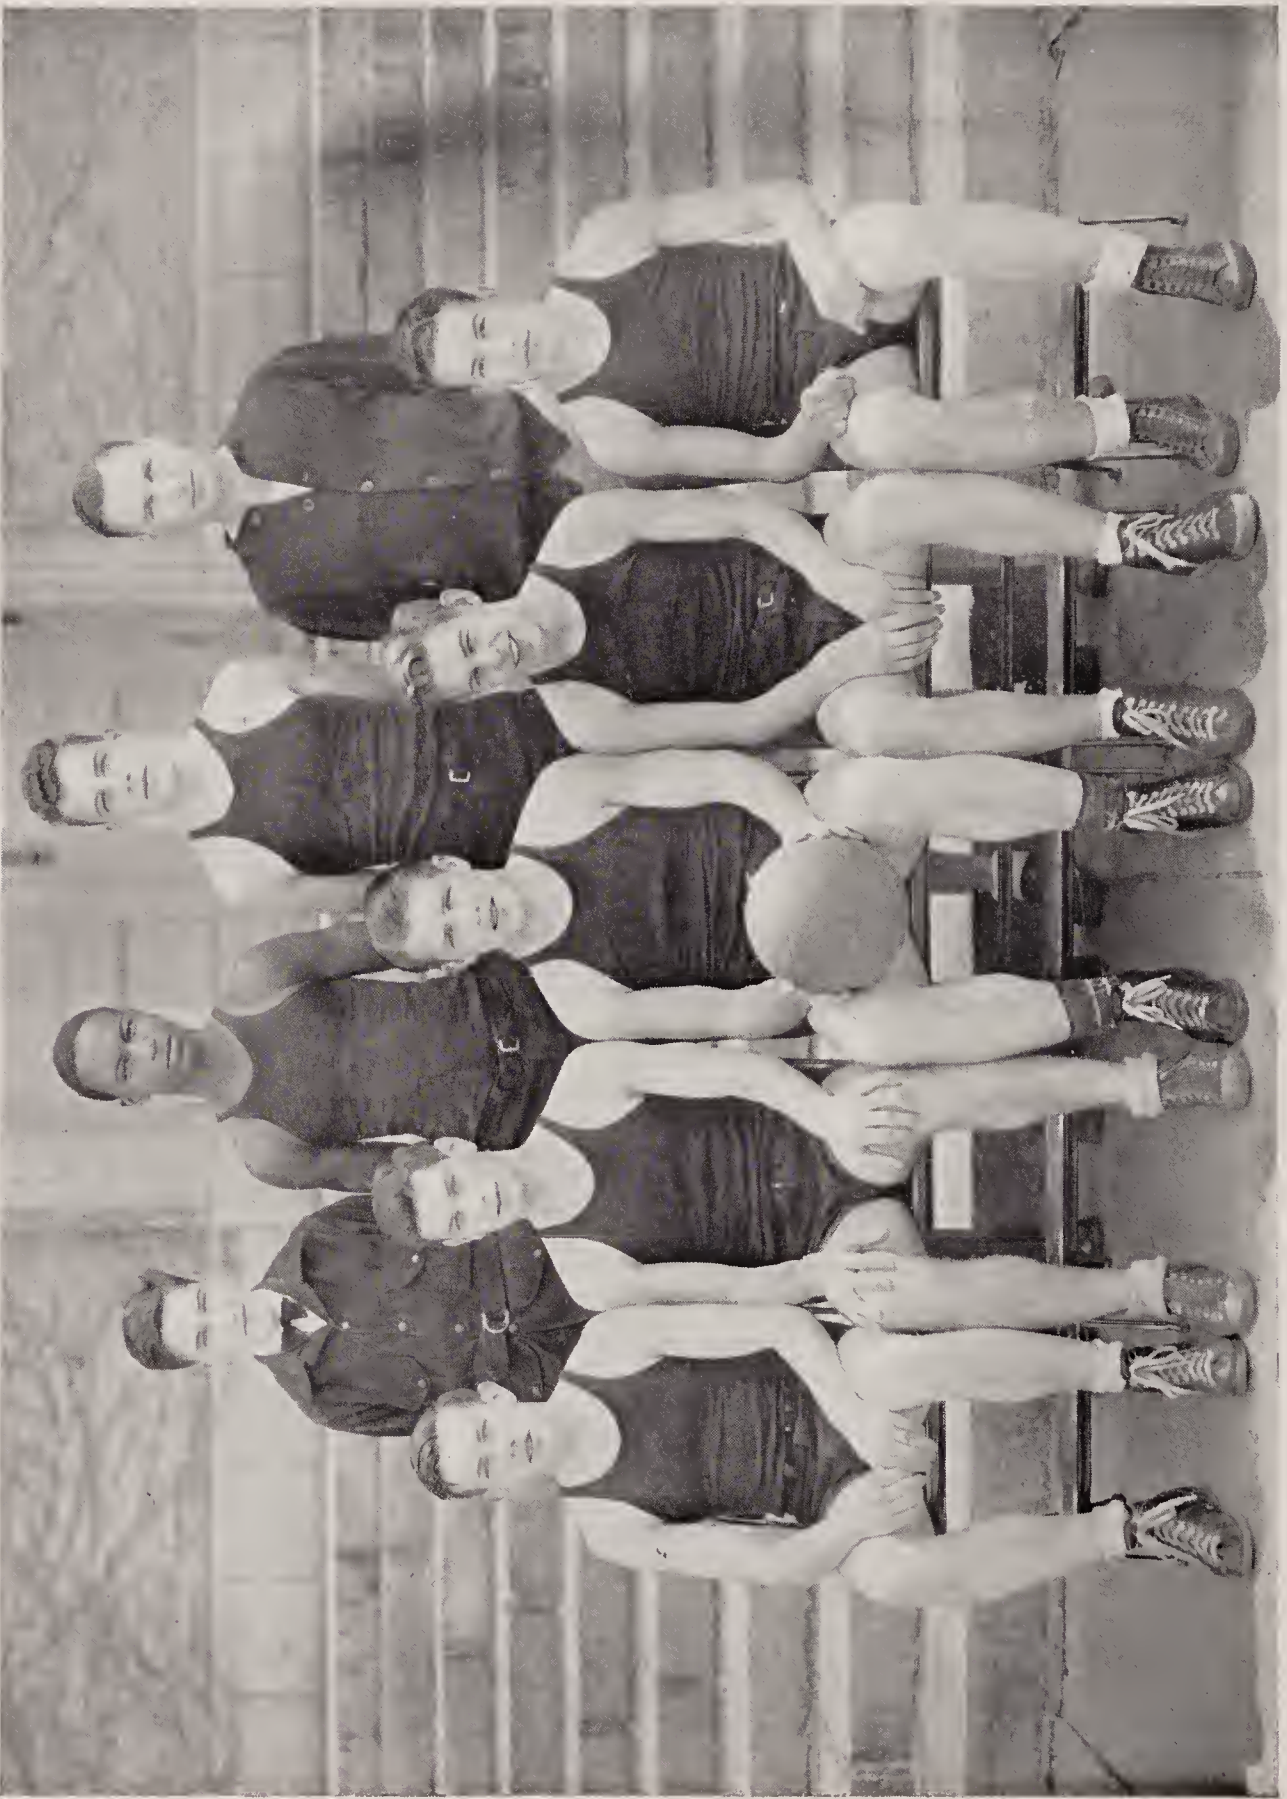

In turning out this championship team, Coach Laner was ably assisted by James Shaw, last year's track coach, and by Andy Lentini, former W. H. S. student and athlete.

Freshman Football

The Freshman Football Squad was coached very successfully this year by Mr. Nichols. The team had a successful season winning two and tying one of their four games. The team was co-captained by Jack Errico and Bill West. The fellows came out for practice regularly and will probably contribute much to the future varsity teams. Outstanding on the squad were West, Errico, Blake, and Pynn. The games were as follows:

Winchester	0	—	Malden	14
Winchester	0	—	Needham	0
Winchester	13	—	Concord	8
Winchester	7	—	Belmont	6

Boys' Basketball

The Basketball Team for the 1939-40 season was captained by Byron Horie. Although the boys didn't win very many games, they played with the sportsmanship and perseverance that makes great teams.

Outstanding on this year's squad were Byron Horie at center, and Bill MacEwen at forward. The other first-team letter men were Donald Waugh, Peter Provinzano, Ted Hultgren, Tony DeTeso, "Moon" Boardly, and Bert Callanan.

The second team did a commendable job this year, winning one half of their games. The lettermen on this squad were: Dean Derby, William Martens, Donald Drew, P. Rollo, Frank Farly, Art Tetrault, Lane McGovern, Joseph Palumbo, Craig Grenier, and Jimmy Coon.

The results of the games were:

Winchester	17	—	Woburn	27
Winchester	12	—	Stoneham	19
Winchester	49	—	Wakefield	35
Winchester	12	—	Woburn	34
Winchester	22	—	Concord	21
Winchester	33	—	Belmont	28
Winchester	23	—	Reading	42
Winchester	29	—	Lexington	30
Winchester	22	—	Stoneham	31
Winchester	39	—	Wakefield	48
Winchester	29	—	Lexington	33
Winchester	34	—	Concord	31
Winchester	31	—	Belmont	34
Winchester	25	—	Reading	49

Baseball

The 1940 Baseball squad got plenty of exercise this year, practicing anywhere between Leonard field to the Shore Road Ball Park.

The outstanding pitcher of the season was that well-known man of sports, Peter Provinzano, with Messrs. Miggliaccio and McCormack filling in. The first baseman was another three-letter man, Bill MacEwen, who plays baseball as well as he does football and basketball, and that's saying something. On second base was Bill Fiore, who really turned in a commendable piece of work. Tony DeTeso played third base for a while until he had to replace our ace catcher, Ralph Colliander, when he left school. The outstanding outfielder of the '40 squad was Bud Goldsmith, who stopped many a run before it had started.

Tim Conners, Frank Marabella, and Byron Horie also gave their all for dear old Winchester, and all in all, the team was really pretty good.

One of the things that most people will remember about this team was the first Belmont game, when Bill Fiore caught a line drive on second with the bases loaded, tagged second before the runner got back, and threw to MacEwen on first for a triple play.

The second team played a regular schedule and did pretty well with it.

Cross Country

Guided by one of the new members of the faculty, Mr. Winslow, the 1939 Cross Country Team won four out of seven meets. Outstanding on the team were Captain William Palson, who twice broke the course record, and his brother Richard, who was never very far behind. George Huckins was also outstanding, giving Dick a good run for his money in practically all the meets.

The other letter men for the season were Thomas Hickey, Robert Collins, Richard Young, Hugh Hawkes, and Robert Griffiths.

The results of the seven meets were as follows:

*Winchester	23	—	Arlington	32
Winchester	52	—	Beverly	19
Winchester	22	—	Stoneham	34
Winchester	36	—	Woburn	21
*Winchester	19	—	Wakefield	42
*Winchester	46	—	Melrose	20
*Winchester	19	—	Everett Trade School	43
*Played at Winchester.		The lower scorer wins.		

Track

Winchester High turned out a pretty good Track Team this year, under the direction of Coach Winslow, a former Harvard runner himself. The team had two very good men who got a large part of Winchester's points between them.

One of them, Captain Bill Palson, was the ace half miler as well as being one of our best milers, 440 men, and high jumpers. The other standout was Bruce Underwood, who won the Belmont League meet high jump, as well as being our best man at the hundred, 220, broad jump, and our number 2 man on the shot put.

The other first team men were Steve Holmes at the broad jump, high jump, and dashes, Dick Drew, Dick Palson, and George Huckins were all good half milers, with "Drewsey" usually leading Dick and "Punchdrmk" at the finish. Phil Twombly was another of our excellent group of high jumpers, while Bob Dutting heaved the shot. Bill Ford, John Parlett, and Courtney Crandall all ran the dashes.

The other members of the squad were Frank Hersom, Leo Treacy, and Bert Callanan, a crack 220 man.

The second team ran several second team meets, filled in for the first team, and certainly deserve a great deal of credit.

The team was managed by Wallace Howard, with Edward Murphy assisting.

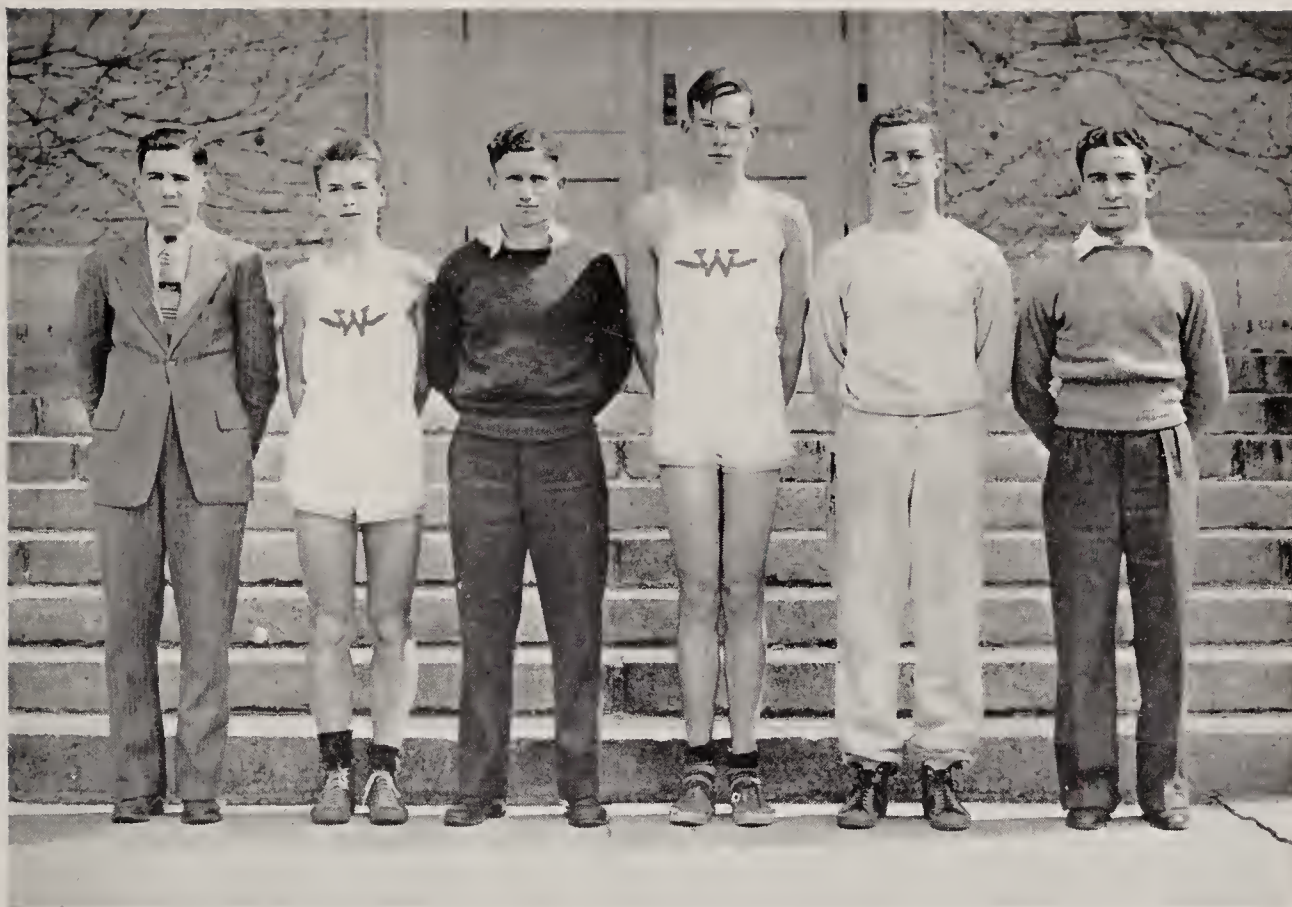

Boys' Tennis

The 1940 Tennis Team was a well rounded squad, as all of the men were good, with none of them very much better than the others. Number one man was Jimmy Coon, who played an excellent game of tennis. His closest rival was John Penniman, the manager, who played in number two position. The third man on the squad was another Junior, Addison McGovern, who was closely followed by Bert Smith, a Senior. Two more Seniors, Bob Kitchin and "Todd" Blanchard played fifth and sixth positions respectively. Todd was the Captain of the team, and he led them through a fairly good season.

The way seems paved for an extraordinarily good team next year, as the first three men on this year's team were all Juniors, and should get steadily better. There are also some promising underclassmen, who will endeavor to fill the departing Seniors' places.

Intramural Basketball

Thanks to the successful leadership of Pete Galuffo and Mike Gilberti, the intramural basketball team of room 16 swept down opponents one after the other to victory. Manager Gerard Gaynor is to be congratulated, and E. Goldsmith, P. Capone, R. Drew, W. Fiore, J. Hannon, and W. Ford fought hard and are worthy of the great honor they received.

Field Hockey

The victorious Varsity Eleven has again established an untold precedent by downing eight opponents and remaining unscored upon—a record which future teams will find hard to uphold. Their co-operative spirit and expert teamwork, coupled with the able leadership of Captain Kay Blanchard and Coach Fenton, enabled this group of champions to typify the statement: “A job well done is its own reward.” To top this off, the A. A. honored the first team members with presentations of gold hockey balls.

The following girls comprised our championship team:

Captain Carolyn Blanchard	<i>left inner</i>
Sally Sharon	<i>goalie</i>
Helen Carroll	<i>right wing</i>
Barbara Hughes	<i>right inner</i>
Mildred Rogers	<i>center</i>
Priscilla Tapley	<i>left wing</i>
Janet Hayward	<i>left halfback</i>
Joyce Maxson	<i>center halfback</i>
Margaret Greene	<i>right halfback</i>
Dolly Greene	<i>left fullback</i>
Rita Collins	<i>right fullback</i>

Manager — Marjorie Clarke

Assistant Managers — Esther Blanchard, Rachel Armstrong

Girls' Basketball

The girls' efforts to have a completely successful season needed only two games to make a dream come true. Seven games were played, of which five were won.

The Alumnae became the first victims of the super-varsity and were promptly downed 19-18. "Prill" Tapley was elected captain for the season, and all of the games proved profitable, except Melrose and Arlington. However, the parties of "coke" and cookies on the way home helped to disperse the gloom after the latter. The total points scored were 150 for Winchester, and 127 against Winchester. "Pat" Cole was high scorer with 56 points against 46 for "Prill" Tapley.

Captained by "Barbie" Hughes, the second team, although not so successful, won four out of seven games.

The first team members were as follows:

Rita Collins	Lee Clark
Joyce Maxson	Pat Cole
Carolyn Blanchard	Mildred Rogers
Elinor Reeves	Priscilla Tapley, <i>Captain</i>
Barbara Maxson, <i>Manager</i>	

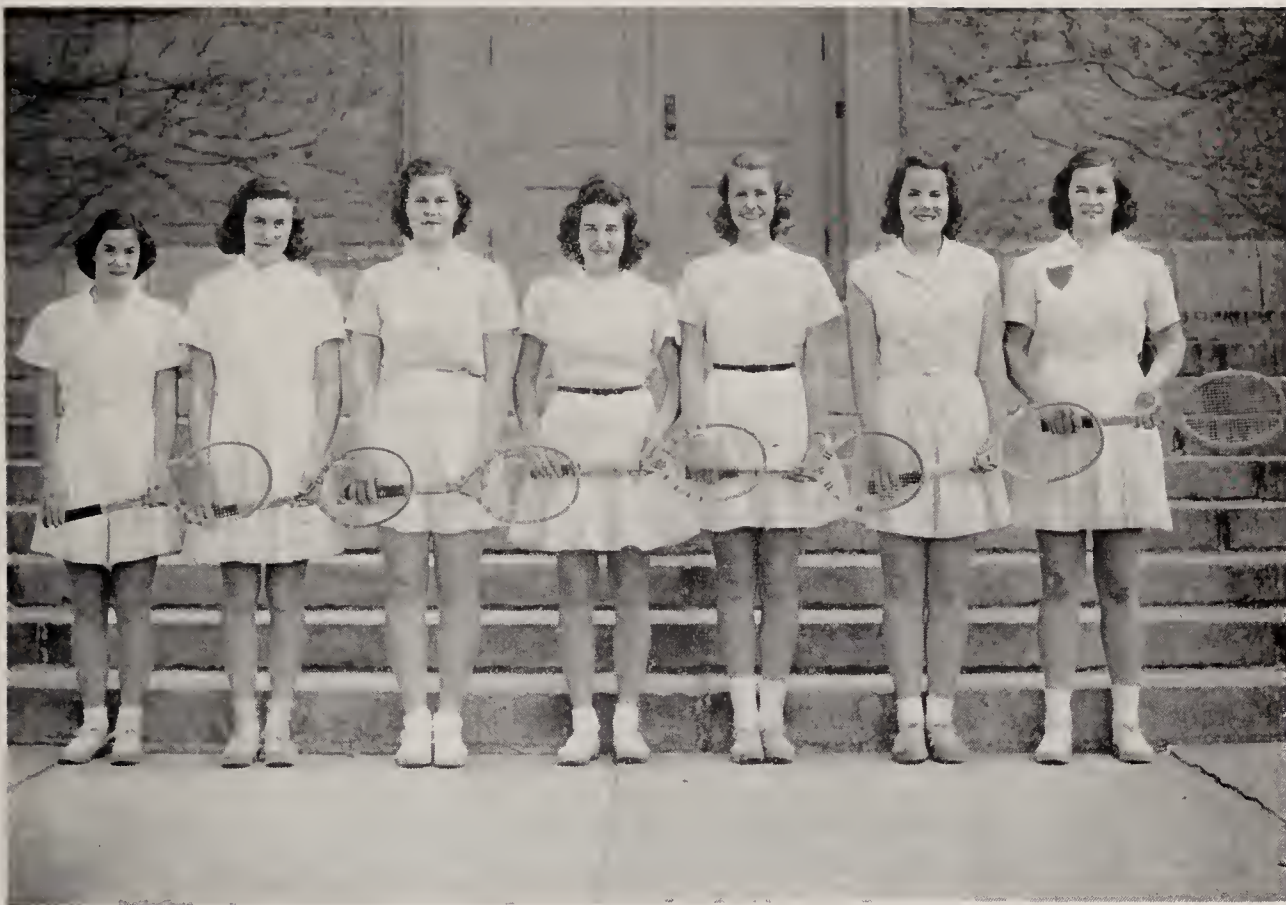

Softball

This year, the girls decided to play the popular sport Softball, rather than the regular baseball. The ball used is a twelve-inch ball, so the girls figured that they might fatten their batting averages with this new adoption. There is also another player called a short fielder, this might also help the girls to snap out of the losing streak they have been in, in the last two years.

The team, at present, consists of pitchers, Grace Phillipone, Brenda Pattison and Ellen Jackson; catcher, Anne Murray; first base, Rita Collins; second base, Alice Davis; third base, Cynthia Foote; short fielder, Shirley Palson; shortstop Janet Doub; outfielders, Mary Marchesie, Mary Murray, Joyce Maxon, Elaine Williams, Emma Duffette, Dorothy Jackson. The team is managed by Mona Ramsdell.

We hope the team will have a most successful season with its star line-up. It is hoped that they will be able to better the record the boys' team is making this season.

Girls' Tennis

The Girls' Tennis Team (of course), has had another successful season — playing six matches and winning only six of them. The first “what would happen if —” of our school should be “The girls should lose a tennis match?”

The senior members of the team have played varsity tennis through all four years of high school. We bow to you: Frannie Keyes, Prill Tapley, Jean Drake, Margie Greene! However, next year the undergrads have plenty of material to carry on with, even though the loss will be great — losing numbers 1, 3, 4, and 7. Polly Kimball, 2; Dolly Greene, 5; and Helen Carroll, 6, will have a tradition to follow next year.

Athletic Association

President	DAVID SCHNEIDER
Vice-President	LOUISE MILLICAN
Secretary	BARBARA HUGHES
Secretary to Faculty Advisor	CAROLYN BLANCHARD

The Athletic Association of 1939-40 met with the success displayed in former years, presenting a well-rounded program of sports and social events. This was the first year that the Association has not had homeroom representatives. The present executive board liked the experiment, but it is leaving it up to next year's board to decide whether to continue with this method.

Lee Clark and Paul Butterworth were appointed social and publicity chairmen respectively, at the first meeting of the board, and the fall program was also outlined.

The Fall brought forth two championship teams, hockey and football, and all members of these teams received special awards. During the Fall an A.A. dance was held as well as several rallies, and the season ended with a bang at the annual A. A. Sports Banquet, where Barbara Hughes and Stephen Holmes were given the Wheeler-Mansfield sportsmanship cups.

The winter season dished up another award assembly and the eighth annual vandeille show, along with its regular teams of girls' and boys' basketball. This year intramural basketball was organized with great success.

Spring sports progressed much as usual with soft ball, tennis, baseball and track. Letter winners received their awards at the last A. A. assembly of the year.

Red Cross

OFFICERS

President	STEPHEN HOLMES
Vice-President	JOANNE MOFFETTE
Secretary	POLLY KIMBALL
Treasurer	RITA McCORMACK

The Red Cross officers and representatives, aided by their advisor, Miss White, have worked hard to make this a successful year.

Playing cards were collected in the Fall to give to the veterans at the Bedford Hospital. At Thanksgiving, food was contributed for the needy families of Winchester. Christmas cards were collected for the veterans, and Valentines and Easter cards were sent to the Children's Hospital, and also to the Winchester Hospital. Collecting pencils for the veterans was one of the most successful projects of the year. Writing paper with stamped envelopes, and magazines were also collected.

Polly Kimball went as our delegate to the nation-wide conference in Washington, D. C.

Next year's officers are: President, Polly Kimball; Vice-President, Rita McCormack; Secretary-Treasurer, Joanne Moffette; Assistant Secretary, Robert B. Harris.

Dramatic Society

President	LEE CLARK
Vice-President	EMMONS ELLIS
Treasurer	MILDRED ROGERS
Secretary	BROCK LYNCH

The new policy, organized in 1939 was installed permanently in 1940. The plan was to segregate the whole membership into four groups. Each of these was to rehearse and produce a play, drawing upon its own allotted members for its cast and production staff. The plays produced this year, universally successful and individually clever, were:

"Squaring It with the Boss," in which the following students participated: Director, Robert Elliot; Assistants, Lee Clark, Shirley Wood. The cast was Lee Clark, Shirley Wood, Patricia Cole, David Rush, Charles Morrill, Neil Clark.

"The Mouse Trap" was directed by Miss Bailey; the cast was Wallace Howard, Edna McCormick, Barbara Hughes, Frances Keyes, Laurie Nickerson, Sally Brown, Betty Pride. Stage crew: Robert Twombly, Edwin Pearson, Hope Wilson, Samuel Reynolds.

"Grandma Pulls the Strings," Director, Leila Jane Smith; assisted by Elnora Terhune. The cast: Thomas Arnold, Doris Thornton, Jane Doty, Carol Crandall, Cynthia Teel, Alice Parker. The stage crew: Claudia Robinson, Louise Kelley, Betty Ann Wright.

"The Tantrum," was directed by Miss Bailey. The cast: Brock Lynch, Robert Elliot, Robert Conlon, Ralph Reynolds, Ruth Olsen, Claire Smalley, June Hutchins, Joyce Pitman, Virginia Straghan. Mary Wood was stage director.

Thrift Association

OFFICERS FOR 1939 - 40

President	SAMUEL CRABTREE
Vice-President	PETER HICKEY
Secretary	SALLY SHARON
Assistant Secretary	JANE ARMSTRONG
Faculty Advisor	MRS. STACY

Ever since 1924 the Winchester High School has maintained an active Thrift Association for the benefit of its student body. Every school organization has its purpose. The objective of this association is to start every graduating student out with the banking habit and an account in the bank.

This year the freshmen have done very well, averaging second only to the seniors in the number of one hundred percents. Miss Mackedon's and Mr. Graves' homerooms have kept on par with Mrs. Stacy's and Miss Parker's yearly record of a perfect score from September to June. Miss Allison's room must be commended for slipping only once. As we seniors leave, we hope that future high school students will profit from their banking as much as we have.

“The Red and Black” Staff

This year, for the first time since the present Senior Class were Freshmen, the literary talent of the school had a chance to blossom under the guiding hand of a newspaper, namely, the “Red and Black,” which aimed to improve school spirit, give the school well-reported news, and the staff valuable experience. This bi-monthly paper, which was sold in the halls before school, succeeded so well that it will be carried on next year.

With Jean Drake as editor, the staff consisted of Barbara Hughes, Jane Doty, Elbert Smith, Shirley Wood, Rita Collins, Paul Butterworth, Joseph Becker, Ruth Kingman, Margery Carruthers, Priscilla Tapley, James Weaver, and Lee Clark. The excellent columns on sports, gossip, news, swing, books, and science, contributed a lot to the school year.

Junior - Senior Class Play

Edna McCormick, the Class of 40's best actress starred in the Junior-Senior Class Play, "The Late Christopher Bean," by Sydney Howard. She played the role of Abby with a finesse that only experience can give.

Holding down the male lead was James Coon, who turned in an excellent performance as Dr. Haggett, to Jane Armstrong's Mrs. Haggett; Sylvia Robinson, that girl from California, did a good job as Ada Haggett, while Leila-Jane Smith played her sister Susie. Opposite Leila-Jane was Peter Hickey, as the country painter, Warren Creamer. That radio man, Bob Elliott, played the city-slicker, Tallant, while Brock Lynch hid behind a lot of whiskers as the art critic, Davenport. Wallace Howard wound up the cast, playing the art dealer, Rosen.

Much credit goes to Mr. Meinke for his excellent job of coaching, and this is the second year that he has coached a financial success. Of course, he had "talented children" to work with, but I am sure that most of the credit goes to him, even if he is a Harvard man.

The ticket and property committees did a fine job, and they also contributed tremendously to its success.

Science Club

President	WILLIAM PALSON
Vice-President	JAMES WEAVER
Secretary	CHARLES MORRILL
Treasurer	WILLIAM FORD

Under the able guidance of Dr. Alley, the Science Club presented a well-rounded series of programs for its members, including an assembly for the student body. The subject of the assembly was "Air Pressure and Related Subjects," with Joseph Becker talking on "Air Pressure"; Charles Morrill on "Heavier-than-Air Craft"; and William Palson on "Lighter-than-Air Craft."

The lectures at the meetings were on such diversified subjects as: war gases, static electricity, explosives, chlorine, emulsions, South American nitrates, and many others. The Club also enjoyed trips to the home of Mrs. Lewis Wadsworth, where they had a chance to study the stars through a six-inch refracting telescope. Although not an official function of the Club, a column of simple home experiments was conducted in the "Red and Black" by various members of the Club.

In closing we wish to thank Joseph Graf for his able assistance to student speakers and general aid to club members and science students.

French Club

On Wednesday, November 23, about 30 enthusiastic third-year French students met in room 22 to join the ranks of the ever-popular L'Alliance Francaise, under the capable direction of Miss Mackedon.

An election had previously been held to choose the officers for the year. The following were elected:

President	WALLACE HOWARD
Vice-President	SHIRLEY WOOD
Secretary	PRISCILLA TAPLEY
Treasurer	CAROLYN BLANCHARD

Besides a gay Christmas party with presents and refreshments, the main project for this year was the filling of 35 gay bags for the little French "evacue" children. These bags were made by the female members of the club and filled with such necessary articles as soap, tooth brushes, and tooth paste, plus some more enjoyable ones as toy cars, dolls, harmonicas, marbles, and jump ropes, by the members of all the French classes. They greatly fascinated the entire French club and in many cases were "tested" to the immense pleasure of many ardent members. The filled bags plus 70 extra empty ones, were assembled and completed by a committee from the French club and sent to the French headquarters in Boston, from whence they will be shipped to Europe.

Thus ends the fourth year of L'Alliance Francaise. We hope that classes following us will have equally enjoyable memories.

Cheerleaders

Although they did not win their fight for uniforms, the cheerleaders' spirit was right there, they rooted all the louder to support the team in victory or defeat. The football team is incomplete without the cheerleaders' inspiration to urge the students to give out with some long, lusty cheers.

This year's squad, directed by Mr. Cotton, was increased in number to about thirteen. They were worked alternately at the various games. The squad consisted of Rita Collins, Gladys Fifield, Paul Butterworth, Charles Morrill, Don Waugh, Dick Yardley, Berta Magnusson, Joanne Moffette, Dick Merrow, Neal Clark, Cliff Lindbergh, and Palmer Worthen.

Library Club

A room with which everyone in the Winchester High School is acquainted is the quiet, pleasant Library on the second floor. There, we of the Library Club have assisted in various ways to make our school library efficient as well as attractive. Whatever our particular reason was for joining this organization, whether the intention of becoming a librarian, the enjoyment of the mere presence of books, or the sociability of the group, we are grateful for Miss Owen's friendly leadership.

We regretted to see our president, Helen Ulrich, leave us before the close of school, but Virginia McPartland, this year's secretary and president-elect, capably took over the office. Dorothy Woodford, Martha Lisi, Jane Cahalane and Natalie Cox are other members, not represented in the photograph.

Perhaps one of the reasons for the success and the stability which the Library Club has achieved in such a short time, is its desire to be of service. The good times which are enjoyed throughout the year, are of secondary importance. Our number has been small, but, looking to the future, a maximum of twenty-five members has been established and we hope soon to have that many earnest workers in the Club. We are particularly anxious to welcome some of next year's Sophomore Class.

Orchestra

The Orchestra's fourth season under the direction of Frederick Delzell was concluded with an assembly program for the school.

The following people are members of the orchestra: *violins*: Jean Drake, Priscilla Tapley, Nancy Nickerson, Barbara Hughes, Jeanine Berganger, Mary Baghdoyan, Robert Costello, Emma Duffett, Pasquale Ferraina, Dolly Greene, Mary Loftus, Ann Murray, Annetta Ralston, Jean Stillman.

Cello: Betsy Drake, Elizabeth Elliott, Louise Millican.

Clarinet: William Dowden, Leonard Erickson, James Weaver.

Saxophone: Crosby Grindle, Jane Parker.

Flute: Cynthia Foote, Robert Dutting.

Drums: Elbert Smith, Edward McDevitt, Alice Parker, Miriam Welsch.

Trumpet: Joseph Talone, Ann Downer, Daniel Roop, Kermit Edmunds.

Piano: Joseph Becker, Pauline Milne.

Student Government Committee

Student Government in Winchester High School is a new, and as yet untried, project. The first plans were the work of a small group of Juniors and Seniors, who saw the need for Student Government, explored its possibilities, and then presented their ideas to the school as a whole. After the approval of the student body had been secured, a Committee on Student Government was elected to draw up a constitution. This Committee, with John Nash, president, Dan Stygles, vice-president; Roberta Ray, secretary; Mr. Graves and Mr. Cooper, faculty advisors, has completed its proposed constitution.

If accepted, the constitution will take effect with the beginning of the school year, 1940-1941. It is hoped that the Student Government will demonstrate its usefulness as a part of school life, and that its powers and duties will increase as it gains experience.

Northeastern University

College of Liberal Arts

Offers a broad program of college subjects serving as a foundation for the understanding of modern culture, social relations, and technical achievement. The purpose of this program is to give the student a liberal and cultural education and a vocational competence which fits him to enter some specified type of useful employment.

College of Business Administration

Offers a college program with broad and thorough training in the principles of business with specialization in Accounting, Journalism, Banking and Finance, Public Administration, Industrial Administration or Marketing and Advertising. Instruction is through lectures, solution of business problems, class discussions, motion pictures and talks by business men.

College of Engineering

Provides complete college programs in Engineering with professional courses in the fields of Civil, Mechanical (with Diesel, Aeronautical, and Air Conditioning options), Electrical, Chemical, Industrial Engineering, and Engineering Administration. General Engineering Courses are pursued during the freshman year; thus the student need not make a final decision as to the branch of engineering in which he wishes to specialize until the beginning of the sophomore year.

Co-operative Plan

The Co-operative Plan which is available to upperclassmen provides for a combination of practical, industrial experience with classroom instruction. Under this plan the student is able to earn a portion of his school expenses as well as to make business contacts which prove valuable in later years.
